JACK'S ROTARY MOMENT

A New Weapon against Polio

We have discussed the fact there have been breakthrough cases of type 2 polio in the US, recently.

They appear to have been caused by Vaccine-derived polio that has mutated in at-risk populations around the world, where the oral polio drops have been administered.

An article in the current issue of Rotary describes how a new version of type 2 oral polio vaccine was developed and tested. It highlights the role of our partners in the fight to eradicate polio.

Please take the time to read the Polio section of our Rotary magazine.

I HOPE YOU ALL WILL DONATE TO POLO PLUS on OCT.26

HUMOUR CORNER

Six Dumb Questions Real Lawyers Asked In Court

“How many times have you committed suicide?”

“Were you alone or by yourself?”

“Was it you or your brother who was killed?”

“Without saying anything, tell the jury what you did next.”

“Was that the same nose you broke as a child?”

“Now, doctor, isn't it true that when a person dies in his sleep, he doesn't know about it until the next morning?”
