Today's Meeting

Judi Nardella Hershman "Safe Community Coalition"

Judi Nardella Hershman is president of the Safe Community Coalition. Founded in 1995, between the McLean, Great Falls and Falls Church school communities, SCC's vision is a community where youth learn to make responsible decisions and where they are safe, healthy and free from alcohol and drug use.

The SCC offers programs for youth, parents, and the community in collaboration with other community sectors concerned about our youth: schools, PTAs, faith organizations, businesses, public safety organizations, the medical community, and civic organizations.

Happy Birthday!

Last Week

School is back in session and that means the Rotary Cups are being polished up for their various sports. Last week **Mike "Howardcosell" Holleran** introduced us to the members of both teams eligible for the 2007 Field Hockey Rotary Cup. The teams fielded questions from the Rotarians like pros, and commented on the game and their futures. Predictions for this year.....a good game.
