Rotary Information Corner (aka, How do you eat an elephant?)

A: *(To last week's question)* How many members comprise the McLean Rotary Club Foundation board? How are they selected? There are six voting members. Between January 1 and March 31 the club board elects two new foundation board members to a three year term.

On July 1 the two new members begin their three year term. Of the existing four members already on the foundation board; two will have two years and two will have one year of their three year term remaining. This allows the foundation board to maintain continuity and balance from year to year.

To allow communication between the club and foundation boards, the club president-elect serves as a foundation board non-voting liaison.

Q: Where and when will the next District Conference take place?
(Answers in next week's bulletin)
