Program – July 9 – by Rick Neldon

Our speaker this week was one of our newer members, Ben Lacy, who presented his Classification Talk. Ben is a very interesting guy who has done a lot in his life. He grew up in Minnesota as an only child. Dad was an attorney, Mom was a “stay at home Mom” who is now studying for her PhD. Ben was a world traveler at an early age, visiting China in the 5th grade and in the 9th grade attended school in France. 10th grade found him back in Minnesota, but now attending his local community college while in high school. On graduation he attended the University of Minnesota at Morris where he began in pre-med. He discovered early that this was not his calling and he graduated college with a degree in Diplomatic Negotiations and International Relations. He quickly put this degree to use by working for a lobbying group on Capital Hill. However, he soon found himself working for the Boy Scouts of America as a Senior District Executive where he distinguished himself by introducing the Duke of Edinburgh program to American scouts. This program has three components, community service, education, and high adventure. Ben won an award for his work in this area. Ben is now working for Chain Bridge Bank here in McLean and is happy because this work allows him the opportunity to participate in community service. Other things to know about Ben: he is married to Klancie and lives in Falls Church; he is an Eagle Scout; he has dual citizenship in Bermuda and the United States; his favorite place is his cabin in Minnesota; and he was introduced to Rotary at age 17 when he went with his local Rotary Club to Honduras to build chicken coops. We are glad to have Ben as a member of our club.
