The Rotaract Club of Washington, DC 2nd Annual Polio Awareness Hike

On October 17 to mark World Polio Day and celebrate recent wins in the fight against polio, the Rotaract Club of Washington, D.C., hosted a hike on the beautiful River Trail at Great Falls National Park. After the hike, there was a picnic social with light refreshments for sale.

The funds were raised to help finish the fight, so we are using this opportunity to raise money for Rotary's Polio Fund, whose success means that children the world over need not fear the paralyzing and often deadly disease. Thanks to a generous matching program, our donation will be double-matched (e.g. if we give \$100, they will actually receive \$300).

Volunteering with Grate Patrol

Volunteers helped distribute food from

a Salvation Army van on October 20 and 23, that departed from 2100 New York Ave. NW at 6:30.

The van visits designated spots along a route; Grate Patrol typically lasts 1.5 hours.

Grate patrol is a longstanding, important event for our club and the Salvation Army van drivers rely on us to help serve food to disadvantaged and homeless people of Washington, DC.

October Virtual Monthly Rotaract of Washington, DC Meeting

On October 20 at 6:30 pm DC Rotaract met virtually for its monthly meeting, which included stress-free semi structured networking and speaker, Dr. Mia Mulrennan, spoke on the topic of emotional intelligence in relationship to ethics, service, leadership, and how to apply this skill and knowledge area both within and outside the work environment.
