**Weekly Raffle**

**WHAT:** If you are looking for a terrific way to meet everyone in the Club, this is it. The weekly raffle involves selling tickets to members before each meeting. At the end of the meeting, that week’s speaker picks a winning ticket. Of the money collected from raffle ticket sales, one third (the “small pot”) is given to the person who purchased the winning ticket. One third goes into the “big pot,” and one third goes into general Club Revenues. After collecting the small pot, the purchaser of the winning ticket pulls a card from a deck, hoping to pull the Ace of Spades. If he/she does, then he or she wins the big pot. If the Ace of Spades doesn’t come up, the card drawn is immediately destroyed, such that week by week, the deck of cards becomes smaller by one card. The club “seeds” a new big pot with $100 after the previous big pot has been won. All new members of the Club are asked to sell tickets at least twice, providing a ready source of volunteers. As the Chair of this function, your job will be to sign up new members and find others to staff this fun weekly event. Volunteers need to arrive at noon each week.

**WHERE:** Ticket sales take place at the same table as registration.

**WHEN:** Volunteers arrive at noon (30 minutes before lunch).

**WHAT:** The Hospitality Committee greets visiting Rotarians and guests as they arrive at the Club’s meetings and makes every effort to be friendly, welcoming, and helpful. If you enjoy meeting new people and explaining how our club lunches work, this could be the job for you. Visiting Rotarians are given a make-up card. Guests are asked (on the form they fill out) if they are interested in learning more about Rotary; those who are interested are referred to the Membership Development Committee. Participants in this committee need to be able to arrive at the weekly lunches on the appointed days 30 minutes prior to the start of the meeting and express their enthusiasm in welcoming our guests and visitors.

**WHERE:** At a table outside the room where the Club meets for lunch.

Community Engagement Committee

WHAT: Community Engagement Committee
This committee has two main goals: 1) To increase retention, by fostering bonds with and between our new members while building relationships with the community; 2) To increase engagement between the DC Rotary Club and the community, while building additional connections between members and gaining awareness of our club with the community.

Cohort Projects
Statistics show that it’s important that new members feel connected and engaged within the first 18 months of membership remain members for many years. Each calendar year of new Rotarian cohort will establish and implement a volunteer activity. The cohort will propose the activity, with a plan to implement including a budget, which will be approved by Committee Leadership and the Club Board prior to arranging the activity. The committee will work with the group and propose other Rotarians that may have additional expertise, as needed. The goal is for the cohort to plan the activity from start to finish.

Monthly Community Engagement Activities
Rotarians create/ schedule/budget one volunteer activity a month, around specific themes that relate to Rotary Designated Months and the Six Areas of Focus. The goal is to foster more interaction with a wider variety of community organizations. Further, as we strive to share our story and the work we do with prospective members through media outreach, these activities, especially aligned with RI’s monthly initiatives, provide rich content. Just as importantly, members of this committee will be encouraged to participate in current DC Rotary projects, for instance the Dictionary Project (especially in September – the RI designated month for basic education and literacy). Focus will be to collaborate more with the organizations we fund through community grants and new organizations that may become good partners. This would also be an opportunity to allow non-Rotarians (such as potential members – “Friends of Rotary”) to get to know Rotarians and our Club. If Committee leadership finds that once a month is not doable with the current membership, Committee leadership may revise to every other month or quarterly.
