Stop Hunger Now

Stop Hunger Now coordinates the distribution of food and other life-saving aid to crisis-burdened areas around the world. Stop Hunger Now is distinguished from other aid/relief organizations that are also supplying food and in-kind aid by its focus on engaging volunteers in a hands-on activity to produce meals that are used strategically to support development programs. In addition, at the same time, it fosters the growth of a movement to end hunger by educating those volunteers about the need and giving them an opportunity to take action. Stop Hunger Now distributes its meals through feeding programs operated by partner organizations in developing countries which promote education, encourage children to attend school, improve the health and nutrition of students, address gender inequalities, spur economic growth, combat child labor, and create a platform for tackling global issues.

Our goal of \$2,500 will enable us to package 10,000 meals that will provide 60,000 school lunches. Any excess funds will be donated to End Polio Now and will receive a 2-for-1 match from the Gates Foundation.
