

## WHAT IS ROTARY?

We are 1.4 million neighbors, friends, and community leaders who come together to create positive, lasting change in our communities and around the world.

### Our distinct point of view and approach gives us unique advantages:

- *We see differently:* Our multidisciplinary perspective helps us see challenges in unique ways.
- *We think differently:* We apply leadership and expertise to social issues and find unique solutions.
- *We act responsibly:* Our passion and perseverance create lasting change.
- *We make a difference at home and around the world:* Our members can be found in your community and across the globe.

### How do we work?

Our impact starts with our members—people who work tirelessly with their clubs to solve some of our communities' toughest challenges. Their efforts are supported by Rotary International, our member association, and The Rotary Foundation, which turns generous donations into grants that fund the work of our members and partners around the world. Rotary is led by our members—responsible leaders who help to carry forward our organization's mission and values in their elected roles.

### What causes do we support?

We have identified specific causes to target to maximize our local and global impact. At the same time, we understand that each community has its own unique needs and concerns. Through our network of resources and partners, we help clubs focus their service efforts in promoting peace, fighting disease, providing clean water, saving mothers and children, supporting education, and growing local economies.
