

STUDY ABROAD *Host Families*

ROTARY YOUTH EXCHANGE SCHOLARSHIP

Summer Program Host

Summer programs are a family exchange between two families. Your high school student will travel to another country and live with a host family for one month, and then a student from that host family will come back with your son or daughter to be hosted in the US for one month. This allows students to experience another culture, each other's families, and countries.

School Year Program Host

A one-year program host commits to hosting a student from another country for 3-6 months. To gain a better understanding of the culture, study abroad students will live with at least two, preferably three host families during the school year. This is a great way for you and your family to share all there is to love about Western North Carolina and to learn about more about another culture.

Eligibility

To ensure students' safety, Rotary Club screens and selects all host families, and we would love to learn more about you and your family! Email or text our Youth Exchange coordinator to learn more.
