

**Time is of the essence!**

Dear friend and caring family,

With temperatures plummeting and the Russian forces demolishing power sources, our friends in Ukraine are entering a perilous, potentially catastrophic winter.

As challenging as this sounds, we have a way to help together! We ask you to join **an urgent Rotarian effort to raise \$75,000 for generators** that will provide power and warmth to Ukrainian humanitarian facilities (e.g., shelters, hospitals, and orphanages). We are working with Generac and their subsidiary-owned PRAMAC factory in Europe. That means quick shipping in one day.

To ensure transparency, Rotary delivers its supplies directly to the end-user in Ukraine. (There are no intermediaries.) It also provides impact reports and documentation of the deliveries so that there is no question that the supplies are put to good use. You have enjoyed our videos, movies, and photographs over the past year showing the impact we are having. At Rotary Club of Global Impact, we also list our income statement, balance sheet, by-laws, constitution, and phone number with the headquarters address on every page of our website. Financials are kept up-to-date monthly. We *must* do this quickly because lives are on the line.

We are asking colleagues, companies, friends, and Rotary Clubs to donate support. The Rotary Club of Milwaukee, which has committed \$10,000, has also agreed to staff the receipt of donations. **Tax-deductible 501(c) 3 donations** should be sent to: RCM Community Fund c/o Rotary Club of Milwaukee Community Trust, 750 N Lincoln Memorial Dr, Milwaukee, WI 53202. **To donate online**, go to <http://milwaukeeerotary.com/who-we-are/rcm-community-trust> and select DONATE NOW at the top of the page.
