- Certified Life Coach
- Amazon Bestselling Author

**Daughter of God**

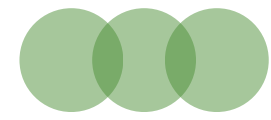

# FIG

FAITH IN GOD

FAMILY RESTORATION CORPORATION

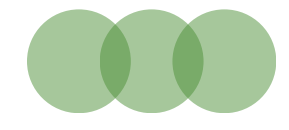

# Who We Are

FIG was conceived from the benevolence of a group of siblings who at one point in their lives experienced hardship. During the process of overcoming hardship they realized that there was a significant lack of awareness of public assistance programs, help applying to those programs and emergent resources.

It took an act of faith in God combined with consistent work to be restored and stabilized. Once they were doing well enough to help others, they decided to share their love of giving by legitimizing their giving through the creation of FIG.

# Our Mission

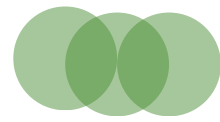

Faith In God (FIG) Family Restoration Corporation is a nonprofit, 501(c)(3) organization established in 2011 whose mission is restoring communities, one family at a time through giving.

We believe that if we restore families then the community will be restored and maintained because families are the the life force of communities.

# What We Do

## 01. Basic Needs

We provide a hand up to families experiencing hardships by helping them with the basic necessities for living including food, clothing, shelter and transportatio.

## 02. Financial Education & Planning

We help families with financial education and planning by assessing their current revenue vs expenses and showing them how set a budget, reduce expenses and apply for public assistance programs that will ease their financial burden.

## 03. Restoration Workshops

We believe that when a hardship happens , it affects the whole family. We take a holistic approach to the services we provide by addressing the wellness of each family through restoration workshops. The purpose of the workshops is to help families form a strong bond based on the principles of love, trust respect and communication.

## 04. Volunteer

We believe that when a hardship happens , it affects the whole family. We take a holistic approach to the services we provide by addressing the wellness of each family through restoration workshops. The purpose of the workshops is to help families form a strong bond based on the principles of love, trust respect and communication.

Events

## Our Impact

We serve an average of 1000 people annually. An average of 5000 goods are distributed throughout the year initially via six community events and subsequently through social service meetings with the purpose of helping each family implement a plan to get beyond survival mode.

# Impact Stories

- 01.** FIG provided basic needs and FAITH grant to help family obtain access to hardship grants after joblessness and death of the father.
- 02.** FIG provided basic needs and resources to an aunt who took in her abandoned teen nephew who has Autism despite being a single mom and already having 4 children of her own.
- 03.** FIG provided basic needs and services to a family of five who experienced a house fire and had no homeowners insurance to cover any of their losses
- 04.** FIG assisted a single mother of six children with mental health issues to apply for programs that prevented her heat and electric from being cut off and programs that would provide for their basic needs on an ongoing basis.
