The Samburu People

Preschool under a Thorntree

Primary School Library

Primary School Dormitory

From student to chemistry teacher

From drought to flooding

The flooding caused extensive damage to the schools' water supply lines which have been repaired

But the solar panels for the pumps have not due to financial constraints

In order to repair
the solar panels and circuitry for
the well pumps at Sereolipi and
Larata primary schools

We need \$10,000 for these repairs and we are asking for your help.
