Applicants are limited to one sponsorship at a time until the applicant establishes active and successful participation. Individuals, groups, civic groups, neighborhood associations, religious institutions, schools, and businesses may have a chance to contribute to the cleanliness and enhancement of their community parks/trails/facilities and to provide some much-desired service to our community. The Parks & Recreation Department provides normal maintenance of the parks/trails/facilities, but sponsorship would provide extra care and attention, making our parks/trails/facilities more beautiful.

Sponsorship Agreement Terms

A park may be sponsored for a 1-year period of time with successive renewals indefinitely, unless there is another organization wishing to sponsor a specific park/trail/facility. If this is the case, there would be a maximum of a two-year sponsorship for those in demand. Sponsor's responsibilities will be to clean the park/trail/facility a minimum of 4 times per year. This includes picking up litter and placing the filled trash bags by the appropriate receptacles. Sponsors should inform the Parks & Recreation Department of clean updates and any special requests for park/trail/facility enhancement at least seven days in advance. Vandalism, park damage, or safety hazards must be reported to the Parks & Recreation Department. The Town of Waxhaw may periodically review the sponsorship of a town park/trail/facility to ensure proper maintenance per the sponsorship agreement. A primary contact and alternate volunteer are required for all sponsorships. School groups, including college sororities, fraternities, athletic teams, etc., must have a school advisor contact for the organization.

Maintenance Support

The Parks & Recreation Department will assist individuals and groups in selecting a park/trail/facility to sponsor by providing a list of available parks/trails/facilities. Upon request, the Town will provide trash bags, recycling information, trash collection services, etc.

Special Projects

Special projects and park/trail/facility enhancements may be undertaken with approval from the Town of Waxhaw Parks & Recreation Department. The proposal for a project needs to be submitted in written format and submitted to the address noted above. The Parks & Recreation Department will discuss the project and a written response with any guidelines will be provided.

Seasonal Projects

Seasonal projects include removing/adding mulch, pine straw, changing seasonal flower beds, weed control that is limited to hand weeding - no chemical control shall be used by Sponsor.

Recognition Signs

Sponsor a Space participants may pay for a sign at the park/trail/facility with the individual or group's name on it. The sign will remain until the sponsoring term is ended. If the participant chooses to have a sign, it typically takes 4 to 6 weeks for signs to be erected, but your sponsorship is effective when you receive a returned copy of the contract signed by the Town of Waxhaw.
