These distinguished leaders is our District 7690 family will be with us on Zoom Thursday to share with us important information as we negotiate these difficult and challenging times. Covid-19, a.k.a. the Coronavirus, has thrust into uncharted waters. How do we stay connected? How do we remain impactful and stay true to our pledge of 'Service Above Self'? How do we keep our membership strong in light of the closures, layoffs, cut backs, and job losses our members may face? How does this virus impact the workings of our Rotary Foundation world wide? These questions and more will certainly be touched upon as we seek to adapt to social distancing, stay at home orders, and battles to provide for our families while at the same time trying to remain well and virus free. We will be welcoming leaders from the Jamestown, Archdale, and Furnitureland Clubs as they seek the same answers that High Point Rotarians hope to find through this presentation. Join us Thursday! It will be a new experience for all of us!

When things go bad, there are those who still provide a much needed service. Mobile Meals is an extraordinary service, not only providing meals but providing an opportunity for those being served to interact with others. Many are lonely and only have the person delivering the meals to talk to, These volunteers can also sense when their is something wrong. These folks deserve all the thanks we can give!! WE SALUTE YOU!

WHAT CAN WE DO TO HELP? Lot's of Organizations have needs right now. Some are financial. Some need food. Some supplies. Others volunteers. The Red Cross needs Blood Donations. Please help where you can. And don't forget about your neighbors or others who are shut in. You might be able to pick up something for them at the store when you go for yourself. And even if they don't need anything from the store, they might just be thrilled to have someone to talk to while being stuck inside their homes.

Meeting the Coronavirus Face to Face (but from at least 6' away)

First of all, I am not taking the Coronavirus lightly. Heck, I have been in the high risk 65+ age group for over two weeks now. I am being careful as I know you and your family are, but I also believe that laughter is very therapeutic. Dr. Patch Adams once spoke to our club about that and practiced humor as part of his unusual bed side manner. My former college minister wrote a book titled 'Laughter was God's Idea' that also supported the point that laughter breaks the tensions and stress of situations. It also is healing to our spirits and might just be a help in our physical healing as well. We will continue to avoid groups of people, wash our hands frequently, use hand sanitizer, practice social distancing, work from home when possible, and isolate ourselves as necessary. But we can all use some laughter in these difficult and challenging days. So I have asked a few of our members to share their favorite joke or cartoon that deals with these unprecedented times in our world. Enjoy
