Program

Tim presented A R “Al” Chesson of A R Chesson Construction. Al had a slide show that presented many of the completed projects that his company has done and identified others that are currently under construction. The company focus is on commercial buildings and not residential structures. With 44 employees, his company bids on projects that are typically funded by local governments and community groups. The company then subcontracts the work with the company supervising each job. Among the many completed structures are educational facilities, fire stations, court houses, libraries, and the Duck Research Center. Locally, they built the current Perquimans County H.S. gymnasium. The company focuses on building projects in Southeastern Virginia and Eastern North Carolina.

* Happy Bucks: Brenda, Connie

* 50/50 Raffle: Sandy donated it to the Foundation

* Members recited the 4-Way Test.

* The meeting adjourned at 7:52 am.

Respectfully submitted by Bob.
