Program
Kimberly had the program today and personally addressed the issue of fraud. Recently there have been several fraud situations that are wreaking havoc on the finances of people in our community. One situation involves 'washing' legitimate checks and sending them to people who cash them and then are notified that they need to reimburse the company. Another fraud is committed using scanners on ATM's and other electronic payment machines. A third example involves 'yard sale' situations where a bogus check is sent for more than the asking price, then reimbursement is sought. The next situation involves grandchildren who may be travelling, and 'bail' is requested to release them. A more recent fraud involves attacks on a computer and a black screen that provides a phone number to call to 'fix' the problem. Passwords are then stolen. Finally, death notices provide crooks with data for their use.

Concluding Activities
* Happy Bucks: Connie
* 50/50 Raffle Frank won & donated it to Hunger Heroes.
* Members recited the 4-Way Test.
* The meeting adjourned at 9:07 am.

Respectfully submitted by Bob.
