SPONSORSHIP BENEFITS & OPPORTUNITIES

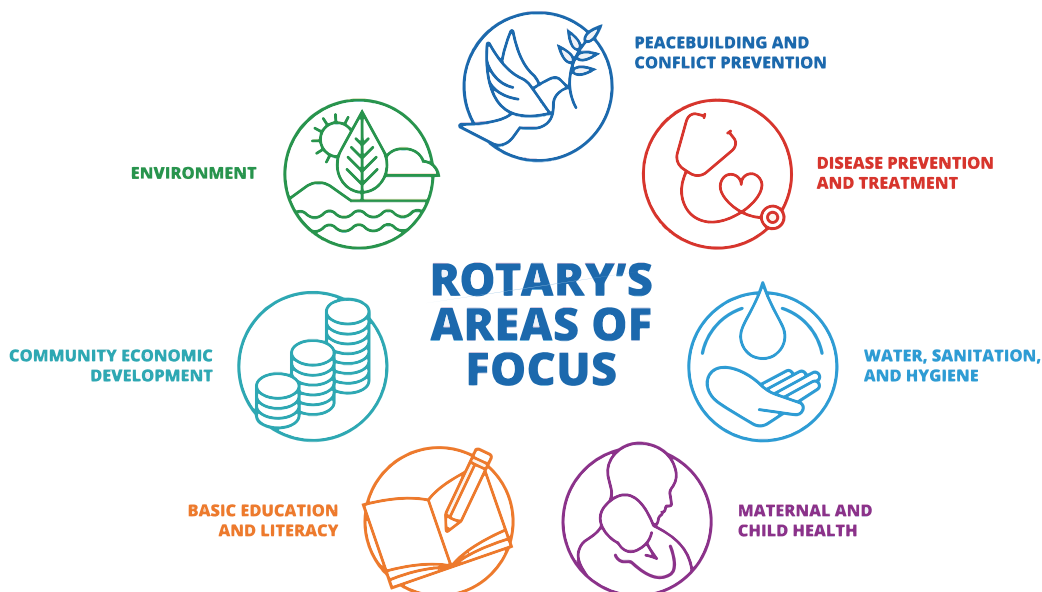

Our Rotary District extends from the Lumberton area in the west to Morehead City and Jacksonville in the east, as far north as Clinton and Kinston, and as far south as Wilmington and Ocean Isle Beach. It also includes several cause-specific clubs that meet virtually.

Our club members are your clients in over 50 clubs across 14 counties in southeastern North Carolina and 22 international countries. Our mission is to create lasting change across the globe and in the communities in which we reside.

A sponsorship of Rotary District 7730 allows your company to support our Rotarians with necessary programs and training, while promoting your business to the over 1600 Rotary members, their family and friends, as well as the communities and businesses they serve. We have an annual grant program that provides services and support to individuals and our many non-profit partners. Clubs also focus on cause-based initiatives like Empowering Our Girls, Ending Child Abuse, Mental Health, STEM programs, Water Safety, and Youth Programs at local high schools, colleges, and universities, and much more.

Our projects meet some or all the Rotary International's Seven Areas of Focus:

EVENTS & INITIATIVES WITH SPONSOR DISPLAYS

District Training Assembly

This critical training and networking event takes place once a year with its mission to increase our impact, expand our reach, enhance engagement, and increase our ability to adapt.

Polio Eradication

Eradicating Polio is Rotary's flagship global cause. Our event will raise awareness and money as we continue to battle a disease that is still active in many countries, including the US.

Foundation Banquet

Rotary members and community partners are honored for their generous donations to the Rotary Foundation and PolioPlus. Grants are awarded to clubs to continue their work in their communities. The Rotary Foundation is consistently given the pinnacle 4-Star award from *Charity Navigator* for the governance practices.

District Conference

This multi-day event brings members from all corners of the district to participate in training and networking with inspirational speakers from various businesses and non-profit organizations.

Local Needs

Our clubs' biggest impact is felt locally as they provide a tremendous number of volunteer hours, financial and in-kind donations through other non-profit organizations and directly to individuals. We can be found working in underserved communities, K-12 grade classrooms, health & safety projects, food insecurity, literacy, conflict resolution, road cleanup, economic development, and many more high impact projects.

DISTRICT INITIATIVES

Boys & Girls Homes of NC

Boys and Girls Homes of North Carolina is dedicated to providing a continuum of care to meet the physical, emotional, mental, behavioral, social, educational and spiritual needs of children, youth and families in distress or at-risk.

Mental Health & Wellness

A key initiative is Mental Health & Wellness and to that end, the district has created a task force of members and local mental health professionals to build a sustainable plan that will assist members and their communities with; erasing stigma associated with discussions of emotional well-being; raising awareness of mental health needs; and improving access to mental care services.

Through community partners we will reach a deeper and broader audience in the Cape Fear Region. Additionally, through local partners, we provide Mental Health First Aid and QPR training for our members and their families.

Rotary Youth Leadership Academy (RYLA)

An annual weekend retreat that provides intensive leadership experience where high school students develop skills as a leader while having fun and making connections.

Ukrainian Refugees

While Rotary clubs in Ukraine have been providing shelter, food, water, and other basic necessities of life for those who remain in Ukraine, local District 7730 clubs have been working tirelessly to relocate refugees and to help them start new lives in the U.S.

Cheery Music Project

The Cheery Education Centre music project was created to provide musical instruments, instruction via skype, and improved wifi capabilities. The project is being expanded to provide additional education support and clean water access.
