Come to JumpStart 2023 and be the <u>first</u> to see the District Introduction of *IGNITE*, an elegant approach for DACdb users!

 IGNITE by Member Minder Pro, LLC provides ease of use for DACdb users by not only helping manage their organizations, but by making member engagement more accessible.

Members can
- pay their invoices,
- make donations,
- log service hours,
- add service projects to their calendars,
- send service selfies,
- connect with each other by scanning QR codes to save contact information, and
- so much more from this simple and clean app.

Leaders can communicate one on one or broadcast messages to an entire group.

Member engagement has never been so easy!

Now the fun part!!
Get ready for the District 7730 Grand Launch of JumpStart 2023 by downloading the mobile app before you arrive.   You'll need your DACdb login credentials to get started but do it once and your phone biometric function takes over from there.
