## Service Project/Funding Request

This document is regarding Service Projects to which South Brunswick Islands Rotary Club (SBI Rotary) will support and contribute during the July 1, 2017 to June 30, 2018 time period. This request process is intended to improve SBI Rotary Club's budgeting efficiency, strive for more complete partnering, and stretch project creativity/magnitude.

The intent of this request form is to have the Brunswick County community agencies, schools, charities, and organizations specifically identify partnering opportunities that support youth in academic success, career readiness and life. The partnering opportunities must consist of either 1) mutual sweat equity efforts of labor, time and talents or 2) sweat equity and financial support.

SBI Rotary intends to participate in community activities directly. SBI Rotary is willing to support in the projects under the Requestors' project management. SBI Rotary is willing to accept full responsibility and management of a Service Project that directly benefits Brunswick County youth. Consequently, Service Project accounting and receipts will be made available and shared.

If a Service Project/Funding request is for benefit of the general operation of the Requestor, SBI Rotary will consider and may approve solely at SBI Rotary's discretion.

SBI Rotary will work with other Rotary and community clubs to maximize the Service Project size and scope. Please contact SBI Rotary if the Service Project/Funding is complex or will span more than one year; SBI Rotary with the Requestor will explore sweat equity and funding possibilities.

SBI Rotary is striving for budgeting efficiency and complete partnering. SBI Rotary will accept and encourages Requestors to submit all possible requests for the year at once. SBI Rotary will evaluate and may approve multiple Service Projects/Funding.
