

### ACTIVE FAMILY MEMBERSHIP

A Family Membership includes a **Primary Family Member** and up to two (2) **Family Associate Members**—other immediate family members, i.e. spouse, adult children, parents, in same household. Each person will submit a Membership Application Form. The Primary Family Member and Associate Member(s) will be identified at the time they apply to join the Club. These designated Associate Members can be changed at the beginning of any quarter during the Rotary year by the Primary

Family Member notifying the Club Secretary in writing 30 days before the start of the quarter and providing the relationship of the proposed Associate. Any pre-paid dues may be transferred from a resigning Associate to a new Associate; however, each new Family Associate will pay a \$50 Initiation fee at the time of the change.

The Primary Family Member and Associate Members will be listed in the Club Directory and all will be considered active members. All of the members are encouraged to be actively involved in Club service activities. A badge will be established for each of the members

This membership option will allow a spouse (or Associate in the same household) to join as a full member but only pay half the dues and initiation. Only one meal per lunch meeting is included with the Family Membership. Any one (1) Family member may attend a club lunch meeting, but if more than one attends, a **Lunch Fee** of **\$15** will be required for each over one. Any Family member may attend club meetings via Zoom for no charge.
