

ACTIVE SERVICE MEMBERSHIP

A member classified as **Active-Service** will be a full Rotary member and part of a Service Member Committee (in essence a service impact companion club that is still part of our club). These members will participate in the regular service and fundraising projects of our club and hold special projects and invite all members. They will hold a meeting at least once a month for planning and fellowship and it will be “Dutch-treat” for any refreshments or a meal. They are welcome to our club

lunch meetings but must pay a **Lunch Fee** of **\$20** if attended. They may attend club meetings via Zoom for no charge.

The Service Member Committee will have a chair (and maybe vice-chair) responsible for coordinating meetings and activities, and making reports to the Board. At least one opportunity for service per month should be made available (counts as second meeting). They may hold social events, conduct service projects or hold special projects in which just a few are interested (approved by the President). These members may not hold Officer positions, but may hold Director, committee chair and project lead positions.

Dues: \$240 per year, invoiced at the first of the year with the option to pay quarterly (\$60) a minimum of one calendar quarter in advance.

Initiation Fee: \$50 (waived when a transferring or former member of another Rotary club, or any former member of this club who rejoins this club, or an applicant who was a member of Rotaract within the preceding two years). If waived, an **Application Fee** of \$25 is charged.
