PEOPLE OF ACTION

Our club offers opportunities for our members — and all interested – to get involved in making a difference in the lives of others. Through meetings, social events, and service projects, our members learn about issues facing our local community and communities all over the world, and we partner with local, national, and global experts to respond.

Along with these opportunities to serve, members also regularly network resulting in lifelong friendships and business connections. We have members in the United States, India, Romania, Sweden, Uganda, Costa Rica, Russia and Italy. Our club is proud part of its global connections and its role in Rotary International.

Rotary is a global network of more than 1.2 million members who believe that great things happen when dedicated minds come together. Our club of service minded members represent a broad range of professions, experiences, and perspectives – all with a shared desire to connect with others to make positive impacts on our communities local and around the world.

MAKING A DIFFERENCE

Solving real problems takes real effort, commitment, and vision. Rotarians work to protect communities from preventable diseases, to improve the health of women and children, to support education, basic literacy and improve economic outcomes, to provide access to safe water and sanitation infrastructures, and to make our community and the world a more peaceful place.

With our partners, our club participates in and supports many service initiatives and projects including:

- *Little Free Libraries
- *'Rotary Reads the Classics' launched by our McCormick Satellite Club on YouTube!
- *International water, Sanitation and education projects in Honduras, Peru, and Uganda plus COVID-19 relief efforts in Honduras with local Rotary partners
- *Polio Plus donations matched by the Bill & Melinda Gates Foundation
- *CART — Coin for Alzheimer's Research Trust – providing research funds to the nation's top researchers to fight this disease

GET INVOLVED
