

2016 COUNCIL ON LEGISLATION OF ROTARY INTERNATIONAL

PROPOSED LEGISLATION

16-01 through 16-181

10-15 April 2016 | Chicago, Illinois, USA

Re: Legislation to be considered by the 2016 Council on Legislation

Dear Rotarians:

The 2016 Council on Legislation is drawing near. In anticipation of this event, this book containing all legislation to be proposed at the Council has been prepared for your review.

The Constitution of Rotary International provides that the Council on Legislation meet every three years at a site determined by the RI Board of Directors. In 2016, the Council on Legislation is scheduled to meet from 10-15 April in Chicago, Illinois, USA.

The legislation in this book was proposed to the 2016 Council by clubs, districts, the general council or conference of RIBI, and the RI Board. Each item was received by Rotary before the 31 December 2014 deadline. The RI Board, working on the advice of the Constitution & Bylaws Committee, has found this legislation to be regular. All items that the RI Board deemed defective will be listed in a separate electronic document. These items will not be published nor transmitted to the Council. For more information on why legislation may be considered defective, please refer to Article 7 of the RI Bylaws.

All items of legislation are divided into two types: enactments and resolutions. A proposed enactment seeks to amend the RI constitutional documents. Constitutional documents include the RI Constitution, the RI Bylaws and the Standard Rotary Club Constitution. All enactments reference the 2013 *Manual of Procedure* page numbers of the constitutional document(s) they propose to amend. A proposed resolution is any item that does not seek to amend these documents but other RI policies and procedures.

At the top of each piece of legislation is a Council number (for example, 16-01). Items of legislation proposing changes on the same topic may have similar or identical titles. In order to avoid confusion, please refer to the Council number rather than the title when discussing an item of legislation.

Also at the top of the legislation is the name of the proposer(s). Some items have more than one. This occurs when multiple proposers submit identical items of legislation that are then combined. It also occurs when proposers of similar items agree to join a piece of compromise legislation recommended by the Constitution & Bylaws Committee. This recommendation is pursuant to the RI Bylaws and does not express the Committee's opinion regarding the merits of the proposal. Compromise proposals are labeled with Compromise Legislation above the Council number.

The proposers' statements of Purpose and Effect and the Financial Impact statements from the general secretary are printed below each item of legislation. The statements of Purpose and Effect are drafted by the proposers of the legislation and have not been edited for accuracy. The Financial Impact statements are drafted by the general secretary and reflect any estimated increase or decrease in revenues and/or expenses that will be incurred by implementing the proposed enactment or resolution.

As required by RI's constitutional documents, the legislation is sent to the governor of each district, past directors, and all members of the Council by 30 September 2015. Those governors, members of the Council, and past directors who usually receive Rotary documents in Chinese, French, Japanese, Korean, Portuguese or Spanish will receive legislation in the appropriate language at a later date. The legislation will also appear on Rotary's website, www.rotary.org, in all of these languages.

Council members receive all proposed legislation in the form of a binder and as a PDF. **Council members must bring the binder with them to the Council.** Governors and past directors receive the legislation in the form of a PDF. Those who require a printed copy may request one from Council Services.

Should you have questions about the Council over the coming months, you may contact Sarah Christensen in the Council Services section of Rotary (councilservices@rotary.org or 1-847-424-5267).

Sincerely,

John H. Hewko General Secretary

PURPOSE AND EFFECT

- 12 Over the years, Rotary clubs have raised significant funds from members, the
- 13 community and companies, for various service projects in the community. Under
- 14 the circumstances, transparent, timely and prudent financial management of the
- 15 club funds with discipline and best accounting practices is of the utmost necessity
- in creating credibility, trust and confidence among the donors for their continued
- 17 support and also to create an excellent public image for Rotary clubs. Making the
- 18 treasurer a permanent member of the club board will enable the president to
- 19 regularly oversee/monitor all funds with due accountability and responsibility.
- 20 Hence, the suggestion to amend the Standard Rotary Club Constitution through
- 21 this enactment.

The club officers shall also include a treasurer and may include a sergeant-at-

arms, all of whom may be members of the board as the bylaws shall provide.

11 Club officers shall regularly attend satellite club meetings.

(End of Text)

PURPOSE AND EFFECT

- 12 Recognizing the importance of club secretaries, Article 10, Section 4 of the
- 13 Standard Rotary Club Constitution designates them as club officers. However,
- while club presidents are given sufficient advance training opportunities as
- presidents-elect, club secretaries are expected to work with the club presidents to
- 16 facilitate the administration of their clubs as soon as they take office, and club
- 17 secretaries perform a wide range of tasks in and outside their clubs.

18

- 19 We therefore propose creating the office of club secretary-elect to be included
- among club officers and board members. By providing club secretaries with the
- 21 same advance preparation period and official training opportunities as
- 22 presidents-elect, club administration can be expected to run more smoothly from
- 23 the start of each year, and club activities can be expected to become more active.

10 11 **Section 4** — *Officers*. The club officers shall be a president, the immediate past president, a president-elect, a <u>president-nominee</u>, upon his or her election, and a secretary, and may include one or more vice-presidents, all of whom shall be members of the board. The club officers shall also include a treasurer and may include a sergeant-at-arms, all of whom may be members of the board as the bylaws shall provide. Club officers shall regularly attend satellite club meetings.

12 At least one club officer shall be in attendance at every satellite club meeting.

(End of Text)

PURPOSE AND EFFECT

- 13 As part of the RI Strategic Plan and the Club Leadership Plan, as well as the
- 14 related follow-up activities and changes to be implemented, it would be beneficial
- to include the president-nominee, upon his or her election, in the committee
- meetings and discussions so that he or she may be aware of the direction taken by
- 17 the club and may share his or her ideas regarding decisions that will have to be
- implemented during his or her term.

19

In addition, a satellite club should be supported by the main club until it can become a regular Rotary club. The requirement for officers of the main club to attend satellite club meetings should be stricter.

23

- To sum up, this proposed enactment will ensure that satellite clubs receive the proper support through the participation of at least one officer of the main club in
- every meeting of the satellite club.

- 14 committees. Assuming three members in each committee, the number of
- Rotarians required to fill up all positions would be 45 plus around nine on the
- board. Around 55 Rotarians would be required to run the club board and
- 17 committees. But the number of clubs having fewer than 60 members in the
- 18 Rotary world, as of 30 June 2014, is around 90 percent. So, most clubs do not
- 19 have enough members to have the old administrative structure. Five committees
- 20 can be formed easily. Also, over the last few years at the presidents-elect training
- seminar, five committee manuals are given as per the club leadership plan. Some
- clubs have committees as per the club leadership plan, but continue with Avenues
- of Service directors (which should all come under the service projects
- committee). This leads to confusion. Many clubs retain the old administrative
- 25 structure without having the required number of members to form the
- 26 committees. Clubs are therefore not effective.

27

- Around 90 percent of Rotary clubs have fewer than 60 Rotarians, and the
- majority of them even fewer than forty members. The answer is that clubs have the following committees:
- 34

31 32

- Club Administration
- 33 Membership

1 2 3 4	 Public Relations Rotary Foundation Service Projects		
5 6 7 8 9	If a club has more than 60 members, additional committees may be appointed as needed. Also, a district leadership plan is in place, but not a club leadership plan. Therefore, there is no proper meshing of the district leadership plan and the club leadership plan. By adopting a club leadership plan, clubs will mesh better with the district leadership plan and become more effective.

PURPOSE AND EFFECT

- 9 Although it is customary for most organizations to include a provision on purpose
- in their constitutional documents, the current Standard Rotary Club Constitution
- lacks such a provision. The absence of purpose implies uncertainty of direction.
- 12 However, clubs are consistently asked, by district governors during their official
- yearly visits, at district training assemblies, etc., to work at becoming effective
- 14 Rotary clubs. They are also required to submit plans for becoming an effective
- club to their district and implement these plans. As such, becoming an effective
- club has long been established as the common purpose for all clubs. Therefore,
- the four elements of an effective club membership development, support for
- 18 The Rotary Foundation, implementation of service projects, and cultivation of
- leaders should not only be encouraged by RI policy but elevated to the level of written statute, to achieve the following effects:

21 22

1) Redress a deficiency in the Standard Rotary Club Constitution;

23 24

2) Present a clear direction for club activity and orientation in the constitutional documents;

252627

28

29

3) Eliminate dispute and/or misunderstanding regarding the reason for strengthening membership or supporting The Rotary Foundation among club members; and

1 2 3	4) Establish mutual relevance between RI policy and the Standard Rotary Club Constitution by specifying that striving to become an effective Rotary club is a means of realizing the club's purpose as set forth in this article.

PURPOSE AND EFFECT

- 29 The admission fee concept does not project a modern image of Rotary. Our
- image should be built on a dynamic membership and our ability to carry out
- 31 large-scale projects at the local, regional, and international levels.

32

- We should therefore expand our pool of potential Rotarians instead of driving
- away individuals who share our ideals but cannot afford the cost of joining
- 35 Rotary, including paying an admission fee.

36

37 As a result, we propose to delete all references to admission fees.

PURPOSE AND EFFECT

- 13 It is common for members in the classification for banking and other similar
- fields to be transferred every two to three years as required by their jobs. When a
- branch manager who is a club member is transferred out, and a new branch
- 16 manager wishes to join a club, we would like to be able to exempt the new
- 17 member from admission fees as well as dues for the period for which his/her
- 18 predecessor has paid.

19

- 20 Members with a great deal of knowledge and wisdom from their jobs have
- 21 positive influence on many clubs. We believe that these members, in such cases,
- should be considered continuing members, and it is desirable for their clubs to be

To amend the second Avenue of Service

To amend the **STANDARD ROTARY CLUB CONSTITUTION** as follows (page 198 MOP)

Article 5 Five Avenues of Service

Rotary's Five Avenues of Service are the philosophical and practical framework for the work of this Rotary club.

- 1. Club Service, the first Avenue of Service, involves action a member should take within this club to help it function successfully.
- 2. Vocational Service, the second Avenue of Service, has the purpose of promoting high ethical standards in businesses and professions, recognizing the worthiness of all dignified occupations, and fostering the ideal of service in the pursuit of all vocations. The role of members includes conducting themselves and their businesses in accordance with Rotary's principles and lending one's vocational skills to club-developed projects in order to address the issues and needs of society.
- 3. Community Service, the third Avenue of Service, comprises varied efforts that members make, sometimes in conjunction with others, to improve the quality of life of those who live within this club's locality or municipality.
- 4. International Service, the fourth Avenue of Service, comprises those activities that members do to advance international understanding, goodwill, and peace by fostering acquaintance with people of other countries, their cultures, customs, accomplishments, aspirations, and problems, through reading and correspondence and through cooperation in all club activities and projects designed to help people in other lands.
- 5. Youth Service, the fifth Avenue of Service, recognizes the positive change implemented by youth and young adults through leadership development activities, involvement in community and international service projects, and exchange programs that enrich and foster world peace and cultural understanding.

1 Constitution. Rotary's Five Avenues of Service are the "philosophical and 2 practical framework for the work of" Rotary clubs. Whereas all but the second avenue of service specifically define the actions that the members should take 3 within their clubs, the second avenue, Vocational Service, does not. Rotary's Five Four Avenues of Service are the philosophical and practical framework for the work of this Rotary club.

- 1. Club Service, the first Avenue of Service, involves action a member should take within this club to help it function successfully.
- 2. Vocational Service, the second Avenue of Service, has the purpose of promoting high ethical standards in businesses and professions, recognizing the worthiness of all dignified occupations, and fostering the ideal of service in the pursuit of all vocations. (End of Text)

- 29 Adding Youth Service to the Avenues of Service compromised the basic
- 30 philosophy and classification criteria underlying the remaining four Avenues,
- 31 resulting in the following contradictions:

1 2 3 4	1)	The various subfields of an overarching field should be mutually exclusive. However, the concept of Youth Service persistently overlaps with those of the other four Avenues.
5 6 7 8 9	2)	Because Club Service, Community Service, and International Service are categorized by space (region), while Youth Service is categorized by the recipient of service (type of persons), there is a marked inconsistency in the method of classification among the five Avenues.
10 11 12 13 14	3)	In the previous articulation of the principles of Rotary (1920s and thereafter), there was a one-to-one correspondence between the four Objects of Rotary and the four Avenues of Service. The addition of Youth Service has impaired this correspondence, thus introducing a conflict into the principles of Rotary.
15 16 17 18 19	4)	If Youth Service is preserved as an Avenue of Service, Rotary will have little theoretical grounds for countering potential arguments for adding senior service, maternal and child service, polio service, and other categories of service deemed similarly important.
20 21 22		erefore, Youth Service should be removed to restore the Four Avenues of rvice. This will make it possible to:
23 24 25	1)	Correct a fallacy in the classification of service areas, thereby securing the validity of the principles of Rotary;
26 27 28	2)	Eliminate the confusion and contradiction that result when a Youth Service project also qualifies under other Avenues of Service; and
29	3)	Prevent indiscriminate attempts to expand the Avenues of Service.
30 31 32 33 34	it a vit	owever, in light of the current importance of Youth Service, we propose to add as a separate area of focus (resulting in seven areas of focus), to strengthen and alize activities in this area. (A separate proposal for a resolution has been bmitted.)

1	Some of the difficult areas contained in the current Object of Rotary are:
2 3 4 5 6	 The restriction to "business and professional persons" and the use of difficult wording gives a strong impression of aloofness and lack of humility, both of which are contrary to the good work that Rotarians do
7 8 9 10 11 12 13 14 15 16 17 18 19 20 21	 Limiting the scope of Rotary by using the words "business and professional persons" is restricting the possibility to recruit people worthy of becoming Rotarians, but who do not see themselves as business or professional The use of terms and words that, while they may be technically correct, are very old-fashioned phrases, not easily understood, and detract from an overall understanding of what Rotary is about. Examples are "ideal of service," "basis of worthy enterprise," "dignifying of each Rotarian's occupation as an opportunity to serve society," "world fellowship," and "advancement of international understanding." Simpler wording would make the Object of Rotary easier to understand (by Rotarians and non-Rotarians) without losing the essence of what Rotary is all about. The whole passage is long and does not inspire or leave a clear understanding of
22 23	what the object is of Rotary. We owe it to Rotary to make sure the world at large understands better what we are about and trying to achieve. FINANCIAL IMPACT

PURPOSE AND EFFECT

- 1 Being a "community leader" is one of Rotary's membership requirements. In
- 2 order to be consistent with the mission of RI, the words "community leaders"
- 3 should be added to the description of Rotarians in the fourth paragraph of Article
- 4 4 of the RI Constitution and the Standard Rotary Club Constitution. By adding
- 5 these words in the constitutions, membership within this classification will likely
- 6 increase.

PURPOSE AND EFFECT

In 2001, the RI Board sanctioned a bold project with the intention of offering a modernized, streamlined model for a Rotary club for the 21st century - a model that would appeal to younger professionals who live and work in a more fast-paced modern environment.

The Rotary Club of Pendle View is composed primarily of ex-Rotaractors who felt that the Standard Rotary Club Constitution in 2001 was not conducive to them joining Rotary at that time due to the weekly meeting schedule. However, the New Models for Rotary Clubs pilot project afforded them the opportunity to have a more flexible club meeting frequency. In this modern world, time is one of the most valuable commodities of the working man or woman. Flexible working hours are the order of the day and a lot of prospective young Rotarians simply cannot afford the time to attend weekly meetings.

This proposed enactment extends the freedom that all New Model clubs have had for the past six years to every club and offers them all the facility to become truly relevant in today's society by allowing them the option to meet twice a month. However, those clubs which choose to maintain the status quo are at liberty to do

1 2 3	so. This enactment is in no way proscriptive, it merely allows clubs that wish to meet twice monthly the option to do so. The New Model club project has shown that enabling clubs to change their meeting frequency makes Rotary more attractive to younger members who have work and family commitments and cannot manage weekly meetings.

PURPOSE AND EFFECT

- 1 Not meeting on a legal holiday is allowed without being counted as a cancellation.
- 2 However, not meeting on another day during the week in which a legal holiday
- 3 falls is counted. It is the practice of many clubs in RIBI not to meet in weeks
- 4 when there is a public holiday, albeit their meeting would not fall on the day of
- 5 the public holiday. For example, clubs which meet on Tuesdays but do not meet
- 6 following the four United Kingdom Monday bank holidays. This enactment
- 7 would allow the cancellation of meetings during the week of legal holidays, would
- 8 regularize this existing practice, and would allow some further flexibility to clubs'
- 9 calendar planning.

☐—Section 1 (for e-Clubs) — General Provisions. Each member should attend this club's regular meetings. A member shall be counted as attending a regular meeting if the member participates in the regular meeting posted on the club's website within one week following its posting, or makes up a missed meeting in any of the following ways:

- (a) 14 Days Before or After the Meeting. If, within fourteen (14) days before or after the regular time for that meeting, the member

- (6) attends a board meeting or, if authorized by the board, a meeting of a service committee to which the member is assigned; or
- (7) participates through a club website in an interactive activity requiring an average of 30 minutes of participation.

When a member is outside the member's country of residence for more than fourteen (14) days, the time restriction shall not be imposed so that the member may attend regular meetings or satellite club meetings in another country at any time during the travel period, and each such attendance shall count as a valid make-up for any regular meeting missed during the member's time abroad.

- (b) At the Time of the Meeting. If, at the time of the meeting, the member is
 - (1) traveling with reasonable directness to or from one of the meetings specified in sub-subsection (a)(3) of this section; or
 - (2) serving as an officer or member of a committee of RI, or a trustee of The Rotary Foundation; or
 - (3) serving as the special representative of the district governor in the formation of a new club; or
 - (4) on Rotary business in the employ of RI; or

- (5) directly and actively engaged in a district sponsored or RI or Rotary Foundation sponsored service project in a remote area where making up attendance is impossible; or

Section 3 — Excused Absences. A member's absence shall be excused if

(a) the absence complies with the conditions and under circumstances approved by the board. The board may excuse a member's absence for reasons which it considers to be good and sufficient. Such excused absences shall not extend for longer than twelve months. However, if the leave is for a medical reason that extends for more than twelve months such leave may be renewed by the board for a period of time beyond the original twelve months.

(b) the aggregate of the member's years of age and years of membership in one or more clubs is 85 years or more and the member has notified the club secretary in writing of the member's desire to be excused from attendance and the board has approved.

Section 4 — *RI Officers' Absences.* A member's absence shall be excused if the member is a current officer of RI or a Rotarian partner of a current officer of RI. **Section 5** — *Attendance Records.* When a member whose absences are excused under the provision of subsection 3(a) of this article fails to attend a club meeting, the member and the member's absence shall not be included in the attendance records. Section 2 — Automatic Termination.

(c) Termination of Honorary Membership. Honorary membership shall automatically terminate at the end of the term for such membership as determined by the board. However, the board may extend an honorary membership for an additional period. The board may revoke an honorary membership at any time.

Section 4 — Termination – Non-attendance Failure to Attend and/or Participate. The board may terminate the membership of any member who fails to meet the attendance and/or participation requirements that may be set forth in the bylaws.

(a) Attendance Percentages. A member must

- (2) attend at least 30 percent of this club's regular meetings or satellite club meetings, or engage in club projects, other events and activities in each half of the year (assistant governors, as defined by the board of directors of RI, shall be excused from this requirement).

If a member fails to attend as required, the member's membership may be subject to termination unless the board consents to such non-attendance for good cause.

(b) Consecutive Absences. Unless otherwise excused by the board for good and sufficient reason or pursuant to article 9, sections 3 or 4, each member who fails to attend or make up four consecutive regular meetings shall be informed by the board that the member's non-attendance may be

1 considered a request to terminate membership in this club.  Interact club, Rotary Community Corps, or Rotary Fellowship; or
 - (3) attends a convention of RI, a council on legislation, an international assembly, a Rotary institute for past and present officers of RI, a Rotary institute for past, present, and incoming officers of RI, or any other meeting convened with the approval of the board of directors of RI or the president of RI acting on behalf of the board of directors of RI, a Rotary multizone conference, a meeting of a committee of RI, a Rotary district conference, a Rotary district training assembly, any district meeting held by direction of the board of directors of RI, any district committee meeting held by direction of the district governor, or a regularly announced intercity meeting of Rotary clubs; or

 - (6) attends a board meeting or, if authorized by the board, a meeting of a service committee to which the member is assigned; or

Section 3 — Excused Absences. A member's absence shall be excused if

- (a) the absence complies with the conditions and under circumstances approved by the board. The board may excuse a member's absence for reasons which it considers to be good and sufficient. Such excused absences shall not extend for longer than twelve months. However, if the leave is for a medical reason that extends for more than twelve months such leave may be renewed by the board for a period of time beyond the original twelve months.

- **Section 4** Termination Non attendance Failure to Attend or Participate.

 - (2) attend at least 30 percent of this club's regular meetings or satellite club meetings, or engage in club projects, other events and activities in each half of the year (assistant governors, as defined by the board of directors of RI, shall be excused from this requirement).

If a member fails to attend as required, the member's membership may be subject to termination unless the board consents to such non-attendance for good cause.

(b) Consecutive Absences. Unless otherwise excused by the board for good and sufficient reason or pursuant to article 9, sections 3 or 4, each member who fails to attend or make up four consecutive regular meetings shall be informed by the board that the member's non-attendance may be considered a request to terminate membership in this club. Thereafter, the board, by a majority vote, may terminate the member's membership.

Section 10 — *Temporary Suspension.* Notwithstanding any provision of this constitution, if in the opinion of the board

(d) that in the best interests of the club and without any vote being taken as to his or her membership, the member's membership should be temporarily suspended and the member should be excluded from attendance and participation at meetings and other activities of this club and from any office or position the member holds within the club. For the purposes of this clause, the member shall be excused from fulfilling attendance and/or participation responsibilities;

the board may, by a vote of not less than two-thirds of the board, temporarily suspend the member's membership as aforesaid for such period and on such further conditions as the board determines, albeit for a period no longer than is reasonably necessary in all the circumstances.

PURPOSE AND EFFECT

If RI is to attract significant numbers of younger members, the attendance requirements need to be amended to suit the culture of this age group. Potential younger members are seeking contact with equals to expand their vocational network as well as they are passionate about "Service Above Self" and wish to be actively involved in service projects, especially those with humanitarian focus.

This enactment seeks to revise club attendance requirements, deleting them from the Standard Rotary Club Constitution and instead providing that clubs include in their bylaws the obligations for attendance and/or participation in the club's regular meetings, projects, events and activities. This enactment would grant clubs greater autonomy over membership retention and requirements. It would give them the option of focusing on either attendance, participation or both to measure engagement with their club. This enactment helps foster greater club autonomy, membership retention and recruitment.

Additionally, RI would no longer require monthly attendance reports from clubs. However, clubs and districts may still track their own attendance and districts may still require clubs to file monthly attendance reports.

FINANCIAL IMPACT

- This enactment could potentially result in an increase in revenues for RI if there is an increase in membership or membership retention due to greater flexibility for current and future members.

PURPOSE AND EFFECT

21 In traditional Rotary clubs, members are often prevented from participating in 22 meetings because of business, traveling or health reasons. Partner clubs, other 23 Rotarians and other people interested can only participate if they are present in 24 person. On the other hand, social communication is digitized more and more, a 25 tendency which Rotary clubs cannot leave unconsidered. Allowing for this 26 development in club communication is considered strategic for winning younger 27 members, as their communication behavior has changed essentially compared to 28 former generations. Online contacts therefore become the basis of e-clubs. If, 29 therefore, traditional clubs install the necessary technical infrastructure 30 necessary for online participation, this should be counted as regular attendance. 31 Certain groups of members with attendance problems will then be better able to 32 follow club life and its main issues, be better visible for other members and be 33 lost less easily for their clubs. This would foster cohesion, readiness to serve and 34 satisfaction of members. In e-clubs, online meetings and communication form 35 an effective network. It turns out, however, that meetings in person from time to time are extremely valuable to consolidate indispensable personal relations. In 36 37 Germany, e-clubs therefore arrange physical meetings on a regular basis. These 38 should be accepted as regular meetings and counted as attendance also in e-39 clubs. Altogether, it makes sense to allow clubs to decide themselves what

proportion of their meetings will take place in person or online.

FINANCIAL IMPACT

- This enactment could potentially result in an increase in revenues for RI if there is an increase in membership or membership retention due to greater flexibility for current and future members.

PURPOSE AND EFFECT

- 13 Article 9, Section 3(b) of the Standard Rotary Club Constitution provides that
- 14 attendance can be excused when "the aggregate of the member's years of age and

- 18 85 years old, this provision can be applied to him/her, and if he/she requests an

- in Rotary activities at all. Therefore, this enactment calls for adding 20 years of

PURPOSE AND EFFECT

Quality membership growth is a major concern for Rotary. This enactment will give the clubs the flexibility to remove or modify the membership classification system from the RI Constitution, RI Bylaws and the Standard Rotary Club Constitution. The purpose of this enactment is to remove the barriers the classification system presents to attracting and retaining members and to membership transfer. If a club does nothing, the existing legislative rules and requirements will remain in effect for that club.

Membership is ultimately a club responsibility and membership initiatives are most effective at the club level. To be successful, clubs must be free to remove or modify systems that restrict or decrease the opportunity to attract and retain quality Rotarians. Each club is in the best position to determine if the classification system helps or hinders membership attraction and retention in the community it serves. Under this enactment, clubs can freely consider the classification system, which may include retaining it as it currently exists, eliminating it in its entirety, or making it stricter or more open. This enactment should increase the opportunities for some clubs to attract and retain members, including younger members of the community.

The classification system has served a worthwhile purpose. However, it can complicate and increase the challenge of attracting new members and confuse and restrict member transfer between clubs. Sensing that it restricts membership without a corresponding benefit, many clubs have ignored the classification requirements and corresponding rules imposed on membership.

Without this flexibility, some Rotary clubs may continue to lose members and change in unpleasant or unacceptable ways. This enactment allows our clubs to respond to changing circumstances at the local level in a controlled and positive way before negative changes are forced upon us.

FINANCIAL IMPACT

- 30 This enactment could potentially result in an increase in revenues for RI if there
- 31 is an increase in membership or membership retention due to greater flexibility
- 32 for current and future members.

	PURPOSE AND EFFECT
13 14 15 16 17 18 19 20 21 22	This enactment seeks to revise the requirements regarding the composition of Rotary clubs and the qualifications for club membership. It is intended to enhance Rotary's ability to retain membership and to attract the next generation. It would simplify the definition of a Rotarian and give club boards more flexibility to select members, while maintaining Rotary's core values and the high standards sought in members. In addition, it would maintain the focus on a balance in classifications among members by encouraging clubs to mirror the composition of their community relative to business, professions, and community organizations. This enactment would help to foster greater club autonomy, membership retention, and recruitment.

PURPOSE AND EFFECT

- 27 This proposed enactment updates the RI Constitution and the Standard Rotary

PURPOSE AND EFFECT

- 1 Rotary clubs need more flexibility to offer more affordable membership rates and
- 2 terms to attract younger members. The proposed enactment adds associate
- 3 membership as a type of Rotary membership, in addition to active and honorary.
- 4 Rotary needs to acknowledge that economics and meeting flexibility are relevant
- 5 to younger prospects who are relatively early in their careers.

FINANCIAL IMPACT

8

9

10

11 12

13

- This enactment could have a financial impact for RI which cannot be determined at this time:
 - RI revenues could decrease if a significant number of active members convert to associate membership
 - RI revenues could increase if there is an increase in membership or membership retention due to greater flexibility for current and future members

In addition, modifications to existing software and processes would be required including increased collection of member date of birth data. Project estimates are

16 currently not available for this expense.

PURPOSE AND EFFECT

20 This proposal corrects a drafting error.

21

22 Article 12, Section 10 was proposed by District 9800 and passed, as amended 23 from the floor, by the 2007 Council on Legislation.

24 25

The intent was to enable a board, having considered all the matters contained in the four subsections of Section 10, to temporarily suspend a member if this appeared to be in the best interests of the club.

27 28

26

29 To achieve this, there must be a nexus between the actions a board may take and 30 the matters (in the four subsections) it must firstly consider. The motion from 31 the floor at the Council on Legislation unintentionally destroyed that nexus.

	PURPOSE AND EFFECT
17 18 19 20 21	Both Section 4.030 of the RI Bylaws and Article 7, Section 4 of the Standard Rotary Club Constitution deal with transferring or former Rotarians. The proposed enactment is intended to merge the two and bring uniformity to the provisions.
22 23	We believe this will reduce confusion by merging the two provisions enumerating different text with a uniform provision.
	FINANCIAL IMPACT

(b) Each club shall

- (1) have a well-balanced membership in which no one business, profession or type of community service predominates. The club shall not elect a person to active membership from a classification if the club already has five or more members from that classification, unless the club has more than 50 members, in which case the club may elect a person to active membership in a classification so long as it will not result in the classification making up more than 10 percent of the club's active membership. Members who are retired shall not be included in the total number of members in a classification. The classification of a transferring or former member of a club, or a Rotary Foundation alumnus as defined by the board, shall not preclude election to active membership even if the election results in club membership temporarily exceeding the above limitations. If a member changes classification, the club may continue the member's membership under the new classification notwithstanding these limitations.
 - (2) continuously search for qualified candidates and elect them to membership.

(End of Text)

- 26 Rotary encounters difficulties to win younger members. The reasons are not only
- 27 on the side of potential candidates like the demanding condition of early
- professional careers or the taxing situation of young families. Often clubs are not

- 1 ready, proactive and accommodating enough to win younger members.
- 2 Therefore, it makes sense to explicitly list the task of continuous rejuvenation for
- 3 a balanced membership structure that is directed at keeping clubs dynamic and
- 4 innovative. Boards and members are thus bound to proactively tackle a balanced
- 5 age structure and to shape membership conditions accordingly. This enactment
- 6 would have only positive financial effects by securing higher participation, vitality
- 7 and creativity, more membership fees and higher donations.

- 8 This enactment could potentially result in an increase in revenues for RI if there
- 9 is an increase in membership or membership retention due to greater flexibility
- 10 for current and future members.

The name of the 36 challenging candidate shall be submitted pursuant to a duly adopted resolution 37 by the club at a regular meeting. The resolution must be supported by a 38 concurrence of at least a majority of the clubs in the district obtained at a district 39 conference or through a ballot-by-mail. The concurrence must be certified to the 40 general secretary by the district's governor. The resolution must be accompanied 41 by a written statement from the challenging candidate that such candidate is 42 willing to have such candidacy submitted to the clubs for endorsement. - 37 The president shall announce the name of the president-elect no later than 25

(End of Text)

- 39 This proposal would advance the timetable for electing the president with the
- 40 selection of the nominating committee for president and the identification of
- 41 presidential candidates to be completed by the end of March in each year. The

1 current schedule calls for the nominating committee for president to meet in 2 August. However, the earlier dates will permit and encourage the RI Board to 3 schedule the meeting and the interviews of the candidates in conjunction with the 4 annual RI Convention. It is anticipated that the candidates would be attending 5 the convention at their own expense anyway, and as a result, there would be no additional expense for RI. The proposed new schedule for the nominating 6 7 committee for president would give the candidates for president the same 8 opportunity for personal interviews as already afforded to the candidates for 9 governor and RI Director. FINANCIAL IMPACT 10 This enactment would result in an increase in expenses for RI. If the nominating 11 committee met at the convention location, there would be an additional room 12 rental and other expenses such as interpretation and translation equipment. 13 Depending on convention location, airfare, hotel, and incidentals would vary. 14 15 If the president-nominee is appointed to office one month earlier, there could

also be an increase for airfare and hotel expenses contingent on their travel plans.

	PURPOSE AND EFFECT
18	This proposed enactment would remove the limitation on membership on the
19	Nominating Committee for RI President imposed by the 2013 Council on

21	First, it is very poorly worded and difficult to understand. Second, because there
22	are fewer than 200 living past directors in 34 zones - very few of whom have

(End of Text)

PURPOSE AND EFFECT

- 11 This proposal seeks to increase the term of office for RI directors to three years.
- 12 The required knowledge to contribute to the RI Board is significant. In the first
- 13 year, directors are new to the process and often participate less in RI Board
- 14 discussion on critical issues due to their lack of experience. Towards the end of
- 15 their second year, directors are becoming more experienced and contribute in a
- more significant way to the discussions, but unfortunately are soon reaching the
- 17 end of their terms. However, by increasing the term of office to three years, the
- 18 RI Board will experience less turnover and increased continuity. With three year
- 19 terms, there will be a greater sense of fellowship and thus cooperation among the
- 20 RI Board members and a greater likelihood that they will discuss and debate
- 21 issues from a strategic perspective rather than a shorter term perspective.

- 22 This enactment would result in a decrease in expenses for RI of approximately
- US\$90,000. If the director's term is increased from two to three years, this
- 24 would reduce the number of directors-elect each year by three. The estimated
- reduction of expenses per director-elect is US\$30,000, which includes: US\$1,500
- 26 for director-elect orientation, US\$6,500 for the International Assembly, US
- \$20,000 for the International Convention, and US\$2,000 for pre-International
- 28 Convention meetings.

A candidate for the office of director of RI shall have served a full term as a 8 9 governor of RI prior to being proposed as such candidate (except where service 10 for less than a full term may be determined by the board to satisfy the intent of 11 this provision) with at least three years one year of time having elapsed since 12 service as a governor. Such candidate shall also have attended at least two 13 institutes and one convention in the 36-month period prior to being proposed.

(End of Text)

PURPOSE AND EFFECT

Our organization's membership must be younger. In this respect, RI must reduce to one year (from three) the period of time that a Rotarian must wait after the end of his or her term as governor before he or she can be proposed for candidate

17 as director.

22

The office of governor entails many complex responsibilities, and candidates to the office of director have acquired the necessary skills, knowledge, and experience during their term.

Reducing this period of time will indirectly lead to younger directors and younger
presidents.

However, it is important to keep the minimum attendance requirement at one convention and two institutes in the past 36 months because of the knowledge about Rotary's international scope and the personal commitment that are required for the office of director.

PURPOSE AND EFFECT

- 1 At the present time, a sitting governor can contest an election from his district for
- 2 being a member of the nominating committee for director. In the last few years,
- 3 a number of sitting governors have contested. This is unfair since a governor
- 4 wields considerable power and influence on the clubs. He/She can lure them to
- 5 vote for him with promises of awards and recognitions. In order to avoid that
- 6 situation, he should not be allowed to contest the election, while he is a governor,
- 7 even though he may be a past governor at the time he will serve as member of the
- 8 nominating committee for director.

(End of Text)

PURPOSE AND EFFECT

23 This proposed enactment aims to increase from three to five years the period of 24 time during which candidates for membership on the nominating committee for 25 director must have participated in one convention and two institutes.

26 27

28

29

30

Experience has shown that the three-year period presents drawbacks, including limiting the choice to one or two governors per district as candidates to the nominating committee. This means that the nominating committee often includes members of the same class of governors.

1 2 3 4 5	•	The last Council on Legislation has solved this issue because all these criteria can now be waived at the district conference. While some districts apply this provision without having proposed it to a vote, we are moving away from the original spirit of the <i>Manual of Procedure</i> .

• It is important that the requirements be kept, but the period of time must be extended from three to five years. This will allow for greater variety in the committee membership, and will prevent the need for a vote at the district conference. Let's not forget that, very often, the last five governors make up the nominating committee for district governor.

11 12

• We go back to the original text with greater flexibility, and therefore fairness.

PURPOSE AND EFFECT

27

28

29

30

20	Rules for candidates for elective office are included in the 2013 Manual of
21	Procedure (pages 42-43). One of the fundamental principles is to select the best
22	qualified candidate for each office. When there are more than two candidates,
23	balloting is conducted by means of the single transferable vote. To be elected, a
24	candidate must receive a majority of the votes cast, possibly after the transfer of
25	lower preference votes.
26	•

These provisions apply to nominations for all offices except those of director and alternate, who need a majority of at least 60 percent (subsection 12.020.15 of the RI Bylaws). This can be problematic if no candidate receives 60 percent of the votes, which is a strong mathematical possibility.

1 2	Since the RI Bylaws do not provide for this type of situation, only two solutions are possible:				
3 4 5 6	 either we remove the 60 percent requirement and apply the same rule as for the other offices; 				
7 8 9	 or we ask clubs to select a director-nominee in a ballot-by-mail with a simple majority. 				
10 11 12	How can we justify a 60 percent majority for a nominating committee and a 50 percent majority for a ballot-by-mail?				
13 14 15 16 17	The proposed amendment to subsection 12.020.15 aims to resolve this issue in a logical manner. According to the RI Bylaws, the selection of a director by a nominating committee is the recommended procedure, a ballot-by-mail being used only when there are challenging candidates.				
18 19 20 21	This proposal reaffirms the fact that where there are more than two candidates, the mandatory election process is the single transferable ballot, and that the majority is determined through valid ballots.				
22 23	If approved, this proposal would lead to more serene elections and peaceful relations.

(End of Text)

PURPOSE AND EFFECT

- 10 The district must select the governor-nominee not more than 36 months, but not
- 11 less than 24 months, prior to the day of taking office. The governor-nominee is
- 12 elected in the middle of the Rotary year (say January). When the governor-
- 13 nominee is elected, he has completed only four-and-a-half years as a Rotarian.
- 14 On the day of assuming office, he is required to have completed seven years of
- 15 membership in one or more Rotary clubs. This experience, in the broad canvas of
- 16 activities of Rotary and holding many responsible positions at the club and
- 17 district level, is barely sufficient and very thin. Meager experience yields to
- 18 dilated governance; hence, nine years' experience is absolutely essential as a
- 19 Rotarian at the club and district level at the time of assuming office as governor.

PURPOSE AND EFFECT

- The aspiring candidates for the post of governor are increasing day by day in this

PURPOSE AND EFFECT

- 14 The purpose of this enactment is to amend the RI Bylaws to set forth the
- 15 minimum number of charter members for a new club. Article 18.040.5. of the
- 16 Rotary Code of Policies states: "The minimum number of charter members for a
- 17 new club shall be 20 ..." This enactment seeks to reflect this provision in the RI
- 18 Bylaws and clearly indicate the charter member requirement for establishing a
- 19 new club.

- 20 This enactment would have no substantial financial impact on RI. The current
- 21 Rotary Code of Policies Article 18.040.5. states: "The minimum number of charter
- 22 members for a new club shall be 20 unless there are special and sufficient reasons
- for the Board to waive this requirement." This enactment would incorporate this
- 24 requirement into the RI Bylaws.

PURPOSE AND EFFECT

- 20 The current policies of RI favor larger districts with more clubs and members for
- 21 easier administration. Mandating that a district could lose its status by falling
- 22 below 33 clubs seems to be the wrong focus given the trend by RI. Fewer clubs
- 23 would also provide easier administration, as long as the number of Rotarians in a
- 24 district remains at the proper level. The proposed enactment by District 6190
- 25 allows for fewer clubs in a district as long as the level of Rotarians is 1,100 or
- 26 higher. This proposed change would allow more rural areas to keep districts with
- 27 fewer than 33 clubs as long as the individual membership remains at the proper
- 28 levels. The proposed enactment merely goes back to the number of clubs that
- 29 used to be required to keep a district intact so that the change has minimal
- 30 impact and meets the purpose of RI in easing administration of districts and
- 31 clubs.

1	This enactment could resu	lt in an increase in expense	es for RI which cannot be

Each district is identified with a district number assigned by the board. A district
may add a geographical name, such as a country, state, prefecture, or region, as
an identifier to the assigned district number upon approval by a majority of the
clubs in the district at the district conference or the district resolutions meeting.

(End of Text)

PURPOSE AND EFFECT

- 12 This enactment would add a district identifier which would be included as an
- 13 additional subsection of section 15.010. of the RI Bylaws. Oftentimes, it is
- 14 difficult to find the locality of other districts using only district numbers. Adding
- a geographical identifier to the district number will help promote interaction and
- better understanding among the districts. RI can continue to use only district
- 17 numbers for its internal administrative processes and should experience no
- 18 complication or confusion as a result of this amendment.

19

- 20 This should not be mandatory; it is up to the clubs in a district, which may cover
- 21 several countries or geographical areas, whether to include the identifier or not.
- 22 It can also be modified annually.

- 23 This enactment would have no substantial financial impact on RI assuming RI is
- 24 not required to include and maintain the district identifier in publications and

PURPOSE AND EFFECT

- 15 RI provides clear guidance on how district finances should be managed by district
- leaders. In recent years, however, it has been observed that district leaders are
- 17 not properly following financial procedures. Nor is there any transparency in the
- maintenance of financial information so as to ensure that it is in compliance with
- local and national financial laws. The fact is that, in District 3180, the annual
- statement and report of district finances, such as the district fund account and
- 21 the fund received by the governor from RI for the year 2011-2012, have not been
- presented for discussion in any of the district forums, and were passed even after
- the lapse of three years. Further, Rotary leaders have failed to comply with the
- rules prescribed for forming the finance committee to date. The Rotary Code of
- 25 Ethics requires governors and other district leaders to adhere to financial
- discipline as prescribed in the *Manual of Procedure* and Rotary Code of Policies
- 27 in order to promote transparency of financial management and also in providing
- 28 financial information. Further, they are expected to ensure compliance with all
- 29 local and national laws relating to financial management, and when they fail to

PURPOSE AND EFFECT

- 1 This proposed enactment seeks to modify the composition of the Audit
- 2 Committee as designed in the RI Bylaws. Approval of this enactment will result
- 3 in an increase in the number of non-director, non-Trustee members from two to
- 4 four. This will enhance the continuity of the committee from year to year by the
- 5 non-director, non-Trustee serving a single term of six years with no more than
- 6 two members appointed in any year and provide greater opportunity for
- 7 members with special expertise. In an effort to minimize any increase in
- 8 expenses of the committee due to the change in terms of reference, this proposal
- 9 also includes decreasing the number of director members from three to two and
- 10 decreasing the number of Trustee members from two to one.

- 11 This enactment could potentially result in a decrease in expenses for RI and The
- 12 Rotary Foundation. If the Audit Committee includes four non-director, non-
- 13 Trustee members instead of two non-director, non-Trustee members, there could
- potentially be savings in airfare expenses estimated at US\$24,000 if non-
- 15 directors, non-Trustees travel in economy class.

16.040. Special Committees.

The provisions of sections 16.010.-16.030. do not apply to any nominating committee or any committee formed under sections 16.100. - 16.120. 16.110.

8 9 10

16.110. Audit and Operations Review Committee.

The board shall appoint an audit and operations review committee to be 11

12 composed of seven members, each of whom shall be independent and financially

13 literate. The members of the committee shall include three current members of 14

the board appointed annually by the board and two current trustees of The

15 Rotary Foundation appointed annually by the trustees. In addition, the

16 committee shall include two members appointed by the board who shall be

17 neither members of the board nor trustees of The Rotary Foundation, and who

18 shall serve single terms of six years with one member appointed every third year.

19 The audit committee shall review and report to the board as appropriate on RI 20

and Rotary Foundation financial reports, the external audit, the system of

21 internal control, internal audit, operational matters, and other matters connected

22 therewith. The committee shall meet up to three times per year at such times and 23 places and upon such notice as may be determined by the president, the board, or

24 the chairman of the committee, and, if deemed necessary by the president or the

25 chairman of the committee, additional times during the year at such times and

26 places and upon such notice as may be determined by the president or the

27 chairman of the committee. The chairman of the operations review committee or

28 the chairman's designee shall serve as a liaison to the committee. The committee,

29 which shall act only in an advisory capacity to the board and trustees, shall 30

function under such terms of reference not in conflict with the provisions of this

section, as may be prescribed by the board and trustees.

31 32 33

16.120. Operations Review Committee.

34 The board shall appoint an operations review committee to be composed of six 35 members, each of whom shall serve a single term not exceeding six years with one 36 member appointed every year as appropriate to maintain a committee of six

1 members. No member of the committee shall be a past president or current 2 member of the board or The Rotary Foundation trustees. Membership shall be 3 selected so that qualifications provide a balance in membership with Rotarians 4 experienced in management, leadership development, or financial management. 5 The committee shall meet at such times and places and upon such notice as may 6 be determined by the president or the board. As deemed necessary by the board 7 or the president, the operations review committee may review operational 8 matters, including but not limited to the effectiveness and efficiency of 9 operations, administrative procedures, standards of conduct, and other 10 operational matters as necessary. The committee, which shall act only in an advisory capacity to the board, shall function under such terms of reference not 11 12 in conflict with the provisions of this section, as may be prescribed by the board. 13 The operations review committee shall report directly to the full board. (End of Text) PURPOSE AND EFFECT This proposal seeks to merge together the Audit Committee and the Operations 14 15 Review Committee. The functions of the committees are similar and in today's 16 modern world it is common for audit committees to review not only financial 17 matters for an organization, but also the methods of operation for an 18 organization. This move makes sense in order to better conform our committee 19 structure with the modern business world and to avoid duplication of effort. Just 20 as important is the significant cost savings arrived at by merging the two 21 committees into one. FINANCIAL IMPACT 22 This enactment could potentially result in a decrease in expenses for RI if there is 23 a merged Audit and Operations review committee consisting of seven members. 24 The decrease in expenses would depend on the number of meetings per year and 25 duration of those meetings. **VOTE TOTALS** ____ yes ___ no RESULT ☐ Referred to Board ■ Adopted □ Tabled ☐ Adopted as Amended □ Rejected ■ Withdrawn

PURPOSE AND EFFECT

1 This proposed enactment seeks to modify the composition of the Strategic 2 Planning Committee. Approval of this enactment will result in the formalization 3 of a joint RI and Rotary Foundation committee of eight members and a reduction 4 in the term length of non-board members from six years to four years with two 5 members appointed annually instead of triennially. This proposal will ensure 6 equal representation of RI and Rotary Foundation programs and activities in the 7 strategic planning function of the organization without establishing a separate 8 Foundation planning committee. This proposal will also allow for each incoming 9 RI president and Rotary Foundation chair to have at least one appointment to 10 this committee while maintaining continuity. This proposal would also allow 11 subgroups of the committee to meet separately to plan and discuss issues specific 12 to RI or The Rotary Foundation. FINANCIAL IMPACT 13 This enactment would have no substantial financial impact on RI or The Rotary 14 Foundation. 15 16 In 2014-2015, the Strategic Planning Committee operated with eight members: 17 four members-at-large, two members from the RI Board, and two Trustee 18 liaisons. Average meeting expenses will not be impacted by this enactment 19 because the committee will continue to have eight members. 20 21 Expenses for this committee in 2014-2015 were US\$36,000. Total expenses 22 would depend on the number of meetings per year, the duration of the meetings, 23 and committee appointments. **VOTE TOTALS** ____ yes ____ no RESULT ■ Adopted ☐ Referred to Board □ Tabled ☐ Adopted as Amended ☐ Rejected □ Withdrawn NOTES

PURPOSE AND EFFECT

Traditionally, official Rotary magazines have been an important way for the RI president and the RI Board to reach all Rotary members all over the world to give information and to spread ideas in an ever-changing world. This holds true also for Rotarians all over the world to exchange ideas and information.

14 15

16

Information and ideas from RI nowadays use new, much faster channels of communication, and most of the material in the magazines is more or less out of date and of low interest when it reaches the Rotarians.

17 18 19

20

21

Lately, the RI homepage has been changed and now turns much more to the general public. Many countries follow and modernize their homepages in the same way. This will help to increase interest for Rotary in the general public as well as among Rotarians.

222324

25

26

27

28

- Hence, there has been an ongoing discussion for many years about the magazines every Rotarian has to subscribe to. The magazines are of diminishing interest, as the material is too old. Instead of Rotarians not reading the magazine, we could get more Rotarians to gain experience with and get accustomed to the RI homepage and the national Rotary homepages. Through those channels, we have all possibilities to spread important information within seconds. Younger

PURPOSE AND EFFECT

The global warming humanitarian crisis threatens to undo much of Rotary's good work. Polio eradication is being impeded by flooding, sewage contamination of water, and migration caused by climate change. Notwithstanding the urgency and importance of eradicating polio, this looming catastrophe dwarfs polio, having already created climate refugees and contributed to war, food shortages and drought. The Millennium Project deems global warming the biggest problem facing humanity.

PURPOSE AND EFFECT

This enactment would amend the RI Bylaws to provide for a dues increase of US\$1 per year beginning in 2017-2018 and continuing through 2019-2020. Per capita dues would be \$28.50 per half year in 2017-2018, \$29.00 per half year in 2018-2019, and \$29.50 per half year in 2019-2020 and thereafter. This enactment aligns membership dues at levels necessary to sustain RI's current operations and programs, and to support RI's financial sustainability for the future.

FINANCIAL IMPACT

This enactment would result in an increase in per capita dues revenue for RI. At current membership levels, RI revenues from per capita dues would increase by approximately US\$1.2 million each year beginning in 2017-2018 and continue through 2019-2020.

This enactment requests significant funding to allow for international promotion and worldwide public awareness of Rotary and its programs to ensure every man, woman and child knows the answer to the question "What is Rotary?"

Rotary is an organization of professional men and women throughout the world. Like all such organizations, Rotary must invest heavily in self-promotion.

Most multinational companies budget a bugg percentage of their income to

Most multinational companies budget a huge percentage of their income to marketing, yet last year Rotary spent only a very small proportion of its budget in this area.

We are an organization made up of business men and women, and what astute business person would not invest US\$2.00 per annum in promoting their product. We cannot continue to provide lip service to our promotion. Yes, we do spend money on our public image and marketing our product, but it's a drop in the ocean in comparison to what we need.

PURPOSE AND EFFECT

22

23 This enactment seeks to provide the RI Board discretion to increase dues when 24 needed to keep up with the cost of living index for the Chicago metropolitan area. 25 The majority of RI expenses are incurred in the United States and the majority of 26 those are incurred in Evanston with a large amount being personnel expense. 27 Projections indicate that annual single dollar dues increases will not likely cover 28 RI expenses that increase with inflation in the Chicago metropolitan area. Note, the enactment allows for dues increases but also places a limit on the amount the 29 30 RI Board can increase dues. With prudent fiscal management, it may not be 31 necessary to annually increase the dues to the extent allowed by this enactment.

- If a similar approach had been enacted at the 2010 Council on Legislation,
- 5 effective 1 July 2011, by 2013-2014 per capita dues would have been assessed at

- 7 US\$1.9 million in 2013-2014.

- 17 payment of per capita dues in those cases where both spouses belong to the same
- 18 club. The immediate effect is the possibility of significantly increasing Rotary's
- membership by encouraging spouses of Rotarians to join the club. As per capita
- dues are paid by clubs, clubs will also administer and control such payments and
- 21 record them in the semiannual report.

- 22 This enactment would result in a decrease in revenues and an increase in
- 23 expenses for RI.

Revenues would decrease if there is a decrease in paying membership. The impact would be contingent upon the number of members in clubs whose spouses belong to the same club.

Based on October 2014 data regarding club membership, there are approximately 11,000 members whose spouses are reported as members in Rotary's global database, with approximately 8,200 belonging to the same club. If 8,200 members were not required to pay dues based on the 2014-2015 dues rate of US\$54, this would result in a decrease in revenues of approximately US\$221,000.

 Membership data on spousal relationships is not consistently recorded and updated currently. If the number of spouses reported as members at the same club increased, there would be a greater impact on revenues.

Expenses would increase due to process and technology modifications required to appropriately track spousal relationships and invoice clubs appropriately.

PURPOSE AND EFFECT

It is a well-documented fact that Rotary is weak in public relations, in spite of being in the business of doing "good" in the world. The public efforts currently in vogue are not enough to improve the image of Rotary in the general public. In order to strengthen the efforts of Rotary and Rotarians, the proposed enactment will give RI an additional sum of US\$2.4 million annually, going by the current membership figures. PURPOSE AND EFFECT

- 1 This enactment would amend the RI Bylaws to provide that each club pays dues
- 2 for a minimum of 10 members. New clubs are required to have a minimum of 20
- 3 charter members; however, there are approximately 9,000 clubs worldwide that
- 4 are currently below the charter level of 20 members, and over 1,100 clubs with
- 5 less than 10 members. This enactment seeks to reestablish the requirement that
- 6 each club pays an amount equivalent to 10 members. Smaller clubs may be
- 7 motivated to grow their membership.

- 8 This enactment would result in an increase in per capita dues revenue for RI.
- 9 Based on October 2014 data regarding club membership, there are approximately
- 10 1,100 clubs with fewer than 10 members. This proposed enactment would impact
- 11 clubs with nine members or fewer. If these clubs were charged for 10 members at
- 12 US\$27 per member semiannually, this would provide an annual increase of
- approximately US\$200,000 in dues revenue for RI. However, it is possible that
- 14 clubs with nine or fewer members may merge with other clubs in their vicinity or
- 15 close by, instead of paying dues for 10 members.

Section 1 — *Mandatory Subscription.* Unless, in accordance with the bylaws of RI, this club is excused by the board of directors of RI from complying with the provisions of this article, each member shall, for the duration of membership, subscribe to the official magazine or to the magazine approved and prescribed for this club by the board of directors of RI. Two Rotarians residing at the same address have the option to subscribe jointly to the official magazine. The subscription shall be paid in six (6) month periods on such date or dates as established by the board for the duration of membership in this club and to the end of any six (6) month period during which membership may terminate. **Section 2** — *Subscription Collection.* The subscription shall be collected by this club from each member semiannually in advance and remitted to the Secretariat of RI or to the office of such regional publications as may be determined by the

board of directors of RI.

- This enactment would replace "semiannual payment" with "club invoice," thereby
- 30 reflecting the new dues payment plan that replaces the semiannual report with a
- 31 club invoice. This enactment would also allow the clubs to work with the RI
- 32 Board to change the payment dates for club per capita dues and membership
- 33 reporting. This would give the organization the flexibility to better respond to
- 34 club needs and worldwide economic trends and establish the most efficient
- 35 schedule for per capita dues payment. This enactment will also allow the RI
- 36 Board to determine the best way for clubs to report their membership
- 37 information and allow the RI Board to suspend those clubs that fail to report
- 38 membership information in a timely manner.

- 1 This enactment would have no substantial financial impact on RI if the current
- 2 frequency of club invoices remains the same. If the RI Board decreases the
- 3 frequency of the club invoices, this enactment could result in a decrease in RI
- 4 expenses. Conversely, if the RI Board increases the frequency of the club
- 5 invoices, this enactment could result in an increase in RI expenses.

	PURPOSE AND EFFECT
15 16 17 18 19 20 21	This enactment seeks to simplify the publication and distribution of proposed legislation. The current requirement of mailing ten copies of the book of legislation was enacted when electronic versions of the book of legislation were not easily accessible. However, electronic versions of the legislation book are readily available and published on rotary.org. This will reduce the possibility of postal delay. This enactment does not preclude RI from mailing copies of legislation, but rather gives RI flexibility in how it provides copies of the legislation to the Rotary world.
	FINANCIAL IMPACT
23 24 25 26	This enactment would have no net financial impact on RI because revenues from additional dues to fund the Council on Legislation will be reduced by an amount equivalent to a change in expenses.
27 28 29	This enactment could result in a decrease in expenses for RI contingent upon the format of the copy the general secretary provides. In 2012-2013, the total cost was approximately US\$28,000 (combination of printed copies and CDs). If

1 2	electronic versions replaced print versions, this would decrease printing and shipping expenses related to publication required for legislation.

	PURPOSE AND EFFECT				
7 8 9 10 11	The Council on Legislation is a long and challenging meeting and presiding over the Council on Legislation can be a demanding job. At times the need arises for an extra designated role that may assist with the proceedings of the Council. It is recommended that there be a Chair and two Vice-Chairmen, named First and Second Vice-Chairmen.				
12 13 14 15 16 17	The Second Vice-Chairman would be a member of the Constitution and Bylaws Committee, who may preside over the Council at the request of the Chair or First Vice-Chair. PURPOSE AND EFFECT

- 12 In Rotary Year 2013-2014, the Council on Legislation Review Committee met to
- 13 review the efficiency and effectiveness of the Council. All committee members
- 14 served as their district's representative at the 2013 Council on Legislation. One of
- the topics they discussed was recommending a way for items to be considered
- 16 prior to the Council on Legislation meeting.

- 18 Since 1995, Council representatives have considered between 196 and 631 items
- of legislation during the Council week. This makes for a mentally and physically challenging week. One of the common complaints from previous Councils has
- been that there are too many items of similar legislation. In 2013, there were 38
- items of similar legislation out of 200 items. In addition, there were 31 items of
- 23 legislation that received less than 100 votes in favor of or against it. The
- 24 committee believes there is a better way to handle these items, rather than
- spending the Council's limited time on them.

1 This proposal would allow for the possibility that the Rules of Procedure for the 2 Council could put forth a method for representatives to consider and act upon 3 legislation prior to the in-person meeting. All duly proposed legislation would 4 still be considered and acted on by the representatives. However, this item would 5 allow the meeting to focus on those items that representatives felt were most 6 important. FINANCIAL IMPACT 7 This enactment would have no net financial impact on RI because revenues from 8 additional dues to fund the Council on Legislation will be reduced by an amount 9 equivalent to a change in expenses. 10 11 The expenses for the Council on Legislation in fiscal year 2013 were US\$3 12 million. The impact on expenses would be contingent upon the requirements and 13 format of the new process for considering duly proposed legislation and the 14 number of days of the meeting. 15 16 The in-person meeting could be shorter if there are fewer items to be considered. 17 18 If the meeting were one day shorter, expense savings are estimated at US\$340,000 due to lower expenses for hotel, meals, and equipment 19

The board, by a 90 percent vote of the entire board, may determine that an emergency exists, such that an extraordinary meeting of the council on legislation is required in order to adopt legislation. The board will determine the time and place for such a meeting and specify its purpose. Such a meeting may consider and act only upon legislation proposed by the board related to the emergency for which the meeting is called. Legislation to be considered at such meetings is not subject to the submission deadlines and procedures specified elsewhere in the constitutional documents of RI, except that those procedures shall be followed to the extent that time permits. 7.037.2. Defective Legislation.

Legislation is defective if:

- (a) it is subject to two or more inconsistent meanings;
- (b) it fails to amend all affected parts of the constitutional documents;
- (c) its adoption would violate governing law;
- (d) it is in the form of a resolution, but it would require an action, or express an opinion, that is in conflict with the letter or spirit of the constitutional documents:
- (e) (d) it would amend the standard Rotary club constitution in a way that would conflict with the RI bylaws or the RI constitution or it would amend the RI bylaws in a way that would conflict with the RI constitution; or

7.050. Board Examination of Proposed Legislation.

The board (by the constitution and bylaws committee acting on its behalf) shall examine the text of all proposed legislation and shall advise the proposers of any defects in the proposed legislation and recommend, where feasible, corrective action.

7.050.3. Resolutions Not Within the Framework.

The board (by the constitution and bylaws committee acting on its behalf) shall examine the text of all proposed resolutions and the board, on the advice of the constitution and bylaws committee, shall direct the general secretary to transmit to the council such proposed resolutions as the board determines to be within the framework of the program of RI. In the event the board, on the advice of the constitution and bylaws committee, determines that a proposed resolution is not within the framework of the program of RI, the board may direct that the proposed resolution not be transmitted to the council for consideration. In the event of such action by the board, the proposer shall be so advised before the council convenes. In such instance, the proposer must secure the consent of two-thirds of the members of the council to have the proposed resolution considered by the council.

7.050.5. 7.050.4. Publication of Proposed Legislation.

The general secretary shall mail ten (10) copies of all duly proposed legislation together with the proposer's statement of purpose and effect, as reviewed and approved by the constitution and bylaws committee, to each governor, one copy

PURPOSE AND EFFECT

- 13 According to Section 28.005. of the Rotary Code of Policies, it is more efficient
- and effective to propose specific issues to the RI Board by submitting a petition
- directly, year-round, instead of proposing a resolution only once every three years
- to the Council. Furthermore, it has been noticed that the number of proposed
- 17 resolutions to the Council has declined tremendously from 2007 183 proposals,
- 18 2010 96 proposals, to 2013 49 proposals, which clearly indicates that the clubs
- 19 and districts around the world have found that proposing resolutions to the
- 20 Council has not been working well. In fact, more than 90 percent of the proposed
- 21 resolutions favorably voted upon and passed by the Council were eventually
- rejected during the RI Board's further review. All the time, effort and cost
- devoted to it have been spent in vain. Without holding meetings and voting for
- 24 resolutions but only for proposed enactments at the Council, it will certainly
- 25 reduce a considerable amount of such tangible and intangible resources and time
- for RI as well as the representatives. In turn, it will be beneficial to the logistic
- work of the RI administration for the Council as a whole.

FINANCIAL IMPACT

- 28 This enactment could have no net financial impact on RI because revenues from
- additional dues to fund the Council would be reduced by an amount equivalent to
- 30 a reduction in expenses.

31

32 The expenses for the Council on Legislation in fiscal year 2013 were US\$3 million.

- For the 2013 Council on Legislation, approximately 37 percent of proposals (132)
- of 358 proposals) received by the Secretariat were resolutions, 49 of which were
- 36 submitted to the Council.

Legislation. The board, by a 90 percent vote of the entire board, may determine that an emergency exists, such that an extraordinary meeting of the council on legislation is required in order to adopt legislation. The board will determine the time and place for such a meeting and specify its purpose. Such a meeting may consider and act only upon legislation proposed by the board related to the emergency for which the meeting is called. Legislation to be considered at such meetings is not subject to the submission deadlines and procedures specified elsewhere in the constitutional documents of RI, except that those procedures shall be followed to the extent that time permits. PURPOSE AND EFFECT

- 38 In its current form, the Council on Legislation debates and votes on both
- 39 enactments and resolutions. In 2013, 49 of the 200 items transmitted to the

Council were resolutions. While resolutions can be submitted directly to the RI Board of Directors as petitions at each of its meetings, proposers often wish to have the support of Council representatives before the RI Board considers their item. Of the 49 resolutions, 19 of those resolutions were withdrawn prior to the 2013 Council to be considered by the RI Board early. The remaining 30 items sent to the Council took a half day to debate and vote on out of four full days of the Council.

8

An annual Council on Resolutions meeting held online would allow for a more timely response to resolutions and would still permit resolutions to be considered and supported by the Council representatives. This would also increase the frequency of the consideration of new ideas, without the production of a full Council on Legislation. In addition, the in-person Council on Legislation would then be able to focus its limited time solely on enactments and position statements.

FINANCIAL IMPACT

This enactment would have no net financial impact on RI because revenues from additional dues to fund the Council on Legislation will be adjusted by an amount equivalent to any change in expenses. The expenses for the Council on Legislation in fiscal year 2013 were US\$3 million.

The impact on expenses would be dependent on a potential decrease in the length of the Council on Legislation meeting, offset by an increase in annual expenses for online meetings.

• If the meeting were one day shorter, for example, expense savings are estimated at US\$340,000 due to lower expenses in hotel, meals, and equipment for each triennial meeting.

 Expenses to conduct annual electronic meetings for the Council on Resolutions would be contingent on the requirements and format of the online meeting. Expenses would include the cost of developing and implementing a new technology solution and annual operating expenses to support the process, translation and interpretation, and committee and staff support.

PURPOSE AND EFFECT

1 2 3 4 5	In Rotary Year 2013-2014, the Council on Legislation Review Committee met to review the efficiency and effectiveness of the Council. All committee members served as their district's representative at the 2013 Council. One of the topics they discussed was recommending a way to decrease the number of representatives.		
6 7 8 9 10 11	One concern about the Council in its current format is that it is too large to produce good debate and make real change. In this proposed enactment, each district would still choose its own representative, who would then have a six-year term, and the paired districts would then alternate sending their representative to the Council.		
	FINANCIAL IMPACT		
12 13 14 15	This enactment would have no net financial impact to RI because revenues from additional dues to fund the Council on Legislation will be reduced by an amount equivalent to the reduction in expenses.		
16 17 18 19	The expenses for the Council on Legislation in fiscal year 2013 were US\$3 million, which included US\$1.8 million for 532 representatives to travel to the meeting.		
20 21 22 23	If each district paired with another district and only one representative attended the Council on Legislation, versus one representative from each of the districts, there would be 268 fewer delegates. Estimated cost savings of US\$1,150,000 could be realized as follows:		
24252627	 US\$900,000 related to airfare, hotel and meals US\$250,000 related to venue, interpretation equipment, transportation, printing, and other miscellaneous expenses

PURPOSE AND EFFECT

- 18 In Rotary year 2013-2014, the Council on Legislation Review Committee met to
- 19 review the efficiency and effectiveness of the Council. All committee members
- served as their districts' representatives at the 2013 Council. One of the topics
- 21 they discussed was recommending a way to decrease the number of
- 22 representatives.

23 24

25

26

27

28

One concern that has been brought up with the Council is that district sizes are disproportionate and, as such, a representative of a small district ends up having a larger voice at the Council than those of large districts, because they each have only one vote. Changing representation to nine representatives per zone would minimize this disparity. Zones are designed to have similar numbers of members, thus making a more even representation.

29 30 31

32

Districts would still select a representative and then the nine zone representatives and up to three alternates would be selected from that pool by a nominating committee.

33 34

Reducing the number of representatives from approximately 530 to 306 would allow for more effective debate yet still adequately represent the districts in each zone. Additionally, the 2013 Council costs about US\$3 million to convene, with attendee travel, hotel, and expenses making up the largest portion of that cost at

1 about US\$1.8 million. Decreasing the number of representatives by 40 percent 2 would significantly decrease the cost of the Council. FINANCIAL IMPACT 3 This enactment would have no net financial impact on RI because revenues from 4 additional dues to fund the Council on Legislation will be reduced by an amount 5 equivalent to the reduction in expenses. 6 7 The expenses for the Council on Legislation in fiscal year 2013 were US\$3 8 million, which included US\$1.8 million for 532 representatives to travel to the 9 meeting. 10 11 If nine voting members from each of the 34 zones attended the Council on 12 Legislation, versus one representative from each of the districts, there would be 13 226 fewer delegates. Estimated cost savings of US\$1,000,000 could be realized as follows: 14 15 16 • US\$800,000 related to airfare, hotel and meals US\$200,000 related to venue, interpretation equipment, transportation, 17 18 printing, and other miscellaneous expenses **VOTE TOTALS** ____ yes no

To request the RI Board to consider designating May as Celebrate Women Month

Proposer(s): District 6890, USA

Endorsed by: District 6890 through a ballot-by-mail, 8-29 December 2014

- 1 IT IS RESOLVED by Rotary International that the Board of Directors of Rotary
- 2 International consider designating the month of May as Celebrate Women Month
- 3 to recognize and honor women and female children worldwide and to enact
- 4 programs, projects and activities that support and celebrate efforts to further
- 5 benefit women and children in the areas of education, literacy, health care,
- 6 nutrition, enhancement of children's needs, housing, jobs and personal
- 7 protection and survival.

(End of Text)

PURPOSE AND EFFECT

- 8 In today's complex world, women and female children represent a vital element
- 9 in virtually all societies. With almost 50 percent of the world's population being
- 10 female, women are the bearers of children, as well as in many cultures, the
- 11 primary caregivers for infants, children and the elderly. And yet, at the very same
- 12 time, millions of women and children are denied access to basic education and
- 13 literacy, as well as to adequate medical care and attention. In fact, in many
- cultures women are considered property to be bought, sold and traded. As many
- as one billion females are victims of violence, inhumanity and for many, human
- 16 trafficking.

17

- Since RI, being the world's oldest and largest service organization, opened its
- membership to women in 1987, women's roles in Rotary have expanded at club, district and international levels. Today, women represent over 15 percent of the
- 21 membership of RI, as well as significant numbers of participants in Interact,
- Rotaract, Community Corps, international scholars, Rotary alumni and other programs.

- 25 It is our belief that designating the month of May as Celebrate Women Month on
- the Rotary calendar would provide an excellent opportunity to focus on
- programs, projects and activities that would address the needs of women
- worldwide. In this manner, Rotary clubs and districts could develop and execute
- 29 new and innovative ideas to meet and resolve many of the challenges facing
- 30 women throughout the world, whether in the areas of education, literacy, medical
- 31 care, personal safety, job education and training, leadership, peace and conflict
- 32 resolution or many of the thousands of other issues facing women today.

PURPOSE AND EFFECT

1 This resolution requests the RI Board to consider raising awareness of key 2 sustainable environmental issues and encouraging Rotarians to incorporate this awareness in both their humanitarian and community programs and also in their 3 4 personal lives. It also requests the RI Board to consider including Preserve 5 Planet Earth, as originally launched by Past RI President Paulo Costa, as one of 6 RI's structured programs. Currently, clubs can conduct international service 7 projects on environmental issues under Preserve Planet Earth but it is considered 8 that this subject is of much greater importance to the Rotary world and should 9 become one of RI's structured programs. 10 Definition of "Preserve Planet Earth" in the context of this Resolution: 11 12 Rotary International's structured programs are aligned with seven of the eight 13 United Nations Millennium Development Goals. Unfortunately, the eighth, 14 Environmental Sustainability, is not included, thus Rotary is seen in respect of 15 Environmental Sustainability to be a reactive organization (dealing with the 16 effects rather than tackling the issue head on) and this resolution seeks to refocus 17 our policies to be proactive. 18 19 Protection of Planet Earth is defined as: Humankind living by meeting the needs 20 of the present without compromising the ability of future generations to meet 21 their own needs, improving the quality of human life while living within the 22 carrying capacity of the earth's supporting eco-systems, and seeking to stabilize 23 the currently disruptive relationship between earth's two most complex systems 24 human culture and the living world. FINANCIAL IMPACT 25 If implemented, this resolution would result in an increase in expenses to RI 26 which cannot be determined at this time. 27 28 To include Preserve Planet Earth as an RI structured program, annual costs could 29 range between that of the Rotary Youth Leadership Awards program and the 30 Youth Exchange program, estimated between US\$100,000 and US\$400,000. 31 32 Cost would be dependent on the scope and extent of support provided by the RI 33 Board. **VOTE TOTALS** ____ yes _ no

To request the RI Board to consider developing programming in the areas of water quality enhancement, sanitation and hygiene

Proposer(s): District 6890, USA

Endorsed by: District 6890 through a ballot-by-mail, 8-29 December 2014

- 1 WHEREAS, the positive economic impact of the cost to benefit ratio of these
- 2 projects is a return of four dollars for every dollar spent

3

- 4 IT IS RESOLVED by Rotary International that the Board of Directors of Rotary
- 5 International consider proactively working to develop additional programming in
- 6 the areas of water quality enhancement, sanitation, and hygiene-related
- 7 programs, projects and activities to benefit the world's population.

(End of Text)

PURPOSE AND EFFECT

- 8 As incredible as it may seem, it is estimated that 3.4 million people die annually
- 9 from water, sanitation and hygiene-related causes, with 99 percent of these
- 10 deaths occurring in the developing world. This statistic does not include millions
- 11 more that are debilitated by diseases spread through polluted water. In addition,
- 12 over 780 million people lack access to clean water, representing one in nine
- 13 people worldwide.

14

- 15 More than one child every minute dies from water-related diseases and women
- 16 and children spend an estimated 200 million hours daily collecting water. A
- 17 staggering 2.5 billion people have no access to adequate sanitation. This dire
- 18 situation is even more difficult to accept when one realizes that for every dollar
- 19 spent on water and sanitation projects, a four-dollar economic return is 20 produced.
- 21

22

23

- Rotary's unique worldwide position with cooperation from governments, nongovernmental organizations, local, state, national and international groups makes
- 24 it the perfect vehicle to have a major impact on this issue. With over 1.2 million
- 25 volunteer members (as proven through Rotary's worldwide polio eradication
- 26 efforts), Rotary has the ability to coordinate and mobilize enhanced efforts to
- 27 meet this massive humanitarian need. Rotary can use its leadership to create a
- 28 more focused worldwide presence in this effort.

- 30 Therefore, we believe that the RI Board should develop additional programming
- 31 to coordinate projects in the area of water quality enhancement, sanitation, and
- 32 hygiene-related programs and activities to benefit the world's population. Each

1 step Rotary takes in this effort will result in a tremendous improvement in the 2 quality of life for today's and tomorrow's children. FINANCIAL IMPACT 3 If implemented, this resolution could have a financial impact on RI and The 4 Rotary Foundation which cannot be determined at this time. Cost would be 5 dependent on the scope and extent of additional support provided to develop and 6 maintain programming. Water and sanitation is one of the six areas of focus for 7 The Rotary Foundation. **VOTE TOTALS** _____ yes _____ no

WHEREAS, the position of Rotary International regarding drug and alcohol abuse was clearly stated in the 1995 and 1998 versions of the *Manual of Procedure* until it was eliminated, and

WHEREAS, the most prestigious international organizations in the world carry out major efforts to bring up solutions for addiction problems, such as the United Nations Office on Drugs and Crime, the European Monitor Centre for Drugs and Drug Addiction and the Inter-American Drug Abuse Control Commission, and

WHEREAS, in the publication *Toward a Drug-Free World*, there are references to model programs and initiatives implemented by several clubs in the world and in 1993, Rotary International published a handbook known as *Turning Point: Creative Ways to Combat Drug and Alcohol Abuse*, in which projects from all over the world were highlighted, in addition to a listing of international programs based on educational institutions and organizations working in the field of alcohol and drug abuse prevention, and

WHEREAS, it would be highly valuable that such a well-known international organization clearly state its position regarding this issue, especially considering the present situation of increasing alcohol and drug abuse in almost every country in the world

IT IS RESOLVED by Rotary International that the Board of Directors of Rotary International consider reinstating in the *Manual of Procedure* (Part 2, Chapter 7, Avenues of Service, Community Service) the Rotary International statement on drug and alcohol abuse prevention that was included in the 1995 and 1998 versions, as follows:

The RI Board has adopted the following statement on drug and alcohol abuse prevention.

32 Recognizing:

1 1) that drug and alcohol abuse is a pervasive problem affecting almost every 2 community around the world; 3 4 2) the destructive nature of such abuse, which drains the physical, intellectual 5 and economic resources of each individual affected, as well as their families, 6 communities and nations: 7 8 3) the value of community-based programs that teach positive values and help 9 instill self-esteem in young people as effective deterrents to drug and alcohol 10 abuse: 11 12 4) that awareness and preventative programs must be designed to address local 13 problems. 14 The RI Board endorses and supports the efforts of its clubs working, as 15 16 appropriate, with government agencies and non-governmental organizations to: 17 18 1) increase awareness among their membership and the broader community about local drug and alcohol abuse programs; 19 20 21 2) undertake or support drug and alcohol abuse prevention programs that focus 22 on instilling positive values and self-esteem in young people; 23 24 3) support local family-based drug and alcohol abuse treatment programs. (End of Text) PURPOSE AND EFFECT 25 The scourge of alcohol and drug abuse affects every country, especially the most 26 vulnerable segments of the young population. 27 28 In 1982, RI started a campaign against drug abuse, encouraging clubs to assess 29 the situation in their communities. This way, the organization's position 30 regarding this issue was perfectly clear. 31 32 The deletion of such statement from the *Manual of Procedure* weakened the clear 33 position previously adopted by Rotary International. 34 35 The purpose of this project is to reinstate RI's position in order to show our

WHEREAS, former Rotary exchange students have founded Rotex clubs on a private basis with the objective to support Rotary clubs and districts in these matters with their knowledge and experience in different cultures, and

(End of Text)

PURPOSE AND EFFECT

- 9 The resolution requests the RI Board to consider giving official recognition to
- 10 Rotex clubs engaged in district Youth Exchange activities. The recognition that
- 11 Rotex organizations are valuable partners of Rotary in the field of Youth
- 12 Exchange activities, will make Rotex work more attractive for promising former
- 13 exchange students and thus offer greater opportunities for their leadership
- training and a closer involvement in Rotary and Rotary objectives. To motivate
- 15 former exchange students to get involved in district youth matters will lead to
- 16 personal growth, global understanding and increased cultural learning and
- 17 thereby will qualify them for membership in Rotaract after their active time in
- 18 Rotex and later in Rotary and in this way may prove to become an important field
- 19 for membership acquisition in the next generations. The proposed resolution is
- 20 also supposed to encourage further districts to help found Rotex clubs, to train
- 21 them and to integrate them into the work of the district youth committees.

FINANCIAL IMPACT

- 22 If implemented, this resolution would result in an increase in expenses for RI
- which cannot be determined at this time. Recognition of Rotex could range from
- 24 minimal costs related to encouraging Rotex involvement with district Youth
- 25 Exchange programs, to support as an alumni association, to administration of

Endorsed by: District 2241 through an annual district conference, Timisoara,

Romania, 15-18 May 2014

WHEREAS, each country has a different age for the first year of school, from five to seven and older, which leads to students graduating from high school at different ages, from 17 to 19, meaning that at the age of 18, Interact club members from both school-based and community-based clubs have either graduated or are still students, and

WHEREAS, as a result, in Article IV, section 5 of the Standard Interact Club Constitution, there is discrimination against Interact club members in different types of clubs in terms of membership termination, which leads to inequity, frustration and Interact club administration problems

IT IS RESOLVED by Rotary International that the Board of Directors of Rotary International consider amending Article IV, section 5 of the Standard Interact Club Constitution so that membership termination in both school and community-based clubs (in connection with several schools) occurs at the time of graduation and not upon reaching the age of 18. In this way, in the final year of high school, a student can still be an Interact member and handle an officer position at the club or district level, even if he or she is already 18.

in Article IV, section 5 of the Standard Interact Club Constitution (page 21 of the Interact Handbook)

Article: IV - Membership

5. Membership shall automatically terminate (a) upon removal from the community; (b) in a both school-based clubs, in connection with a school, and community-based clubs, in connection with several schools, upon graduation or otherwise ceasing to be a student in the last four years of school preceding the university level in the area from which the membership is drawn or; (c) in a community-based club, not in connection with a school, upon graduation or upon reaching the age of eighteen; (c) (d) by termination of the club; or (d) (e) by failure to meet attendance requirements unless excused by the board of directors of this club for good and sufficient reason.

(End of Text)

PURPOSE AND EFFECT

1 2	In many countries (like Romania), students graduate high school at 18-19 years of age because they begin attending school at age seven and older.
3 4 5 6	Article IV, section 5 of the Standard Interact Club Constitution makes a distinction between the procedures of termination of membership in the two types of clubs, school-based and community-based:
7 8 9 10	 in a school-based club, reaching the age of eighteen does not bring about termination of membership
11 12 13	• in a community-based club, reaching the age of eighteen does bring about termination of membership, even if the member has not graduated
14 15	This distinction leads to discrimination against students from a community-based club:
16 17 18 19	 when compared with their counterparts in the school-based club because they are required to terminate their membership when reaching the age of eighteen, even if they have not yet graduated; and
20 21 22 23	 when compared with their club colleagues who are in the same grade but a couple of months younger, and who can remain members although they graduate at the same time.
24252627	Because Interact club members are at the pre-university level, membership termination for all students should be at the time of graduation and not upon reaching the age of 18.
	FINANCIAL IMPACT
28	If implemented, this resolution would have no substantial financial impact on RI.

To request the RI Board to consider lowering the maximum age for membership in Rotaract to 25

Proposer(s): Rotary Club of Curitiba-Imigrantes, District 4730, Brazil **Endorsed by:** District 4730 through a ballot-by-mail, 15 December 2014

1 WHEREAS, currently most young adults complete their education before the age 2 of 25, and 3 4 WHEREAS, currently most young adults enter the job market before the age of 5 25. and 6 7 WHEREAS, an 18-year-old who is pursuing his/her education has different 8 interests than a 25-year-old who has already completed his/her education and 9 entered the job market 10 11 IT IS RESOLVED by Rotary International that the Board of Directors of Rotary 12 International consider lowering the maximum age for membership in Rotaract to 13 25.

(End of Text)

PURPOSE AND EFFECT

- 14 We hope to reduce the maximum age limit for a young adult to remain in a
- 15 Rotaract club, decrease the difference in opinions and interests among
- Rotaractors, and allow those who reach the age limit to join Rotary clubs earlier,
- 17 which will contribute to membership development and renewal in Rotary clubs.

FINANCIAL IMPACT

- 18 If implemented, this resolution could have a financial impact on RI that cannot
- 19 be determined at this time, as we do not have data on the conversion rate of
- 20 former Rotaractors who join Rotary clubs.

21

- 22 There could potentially be an increase in revenues for RI if Rotaractors who
- would have joined a Rotary club at age 30 choose to join Rotary clubs at age 25.

To request the RI Board to consider promoting Rotary Cards

Proposer(s): Rotary Club of Chigasaki-Shonan, District 2780, Japan

Endorsed by: District 2780 through an annual district conference, Yokosuka,

Kanagawa, Japan, 18 October 2014

- 1 IT IS RESOLVED by Rotary International that the Board of Directors of Rotary
- 2 International consider promoting Rotary Cards, the only official credit cards to
- 3 support The Rotary Foundation, in order to expand their use and encourage an
- 4 increase in contributions to The Rotary Foundation.

(End of Text)

PURPOSE AND EFFECT

- 5 The Rotary Foundation enables Rotarians to advance world understanding,
- 6 goodwill, and peace through the improvement of health, the support of
- 7 education, and the alleviation of poverty.

8

- 9 In order to fulfill these missions, The Rotary Foundation asks Rotarians, other
- 10 affiliated organizations and individuals for contributions. The collected
- 11 contributions are used to implement polio eradication activities and other
- 12 activities around the world that are aligned with the areas of focus.

13

- 14 Through the use of Rotary Cards, a certain percentage of the charged amounts is
- 15 contributed to The Rotary Foundation and used for the various activities of RI.

16

- 17 Today, credit cards are an important method of payment for both individuals and
- organizations. Because Rotary Cards have the superior feature of supporting The
- 19 Rotary Foundation through their uses, promoting such cards would increase
- 20 contributions to The Rotary Foundation.

FINANCIAL IMPACT

- 21 If implemented, this resolution could have a financial impact on RI which cannot
- be determined at this time. Cost would be dependent on the scope and extent of
- 23 support provided by the RI Board to promote Rotary Cards.

24

- 25 Promotional expenses could include creative development, promotional events,
- paid media, advertising, mailing, printing and promotional travel.

1 RI currently has an affinity card program that generates income for RI averaging 2 approximately US\$400,000 per year. RI donates the proceeds of this program to 3 The Rotary Foundation. **VOTE TOTALS** _____ yes ____ no

To request the RI Board to consider adding the keyword "family" to the statements on opportunities for service

Proposer(s): Rotary Club of Higashichita, District 2760, Japan

Endorsed by: District 2760 through a district resolutions meeting, Nagoya,

- 1 IT IS RESOLVED by Rotary International that the Board of Directors of Rotary
- 2 International consider adding the keyword "family" to the statements on
- 3 opportunities for service.

(End of Text)

PURPOSE AND EFFECT

- 4 This proposed resolution requests the RI Board to recommend including family
- 5 support activities (such as care of family members, childbirth, and childrearing)
- 6 in club activities, in recognition of their importance.

7

- 8 Two-income households are increasingly common, and increasingly necessary, in
- 9 modern society. With both parents working late, children are too often left alone
- in dusty, uncleaned homes and socialized with video games. Family meals are 10
- 11 eaten at restaurants or come from convenience stores. In developed countries,
- 12 birth rates are declining, while in developing countries, children lack adequate learning opportunities or protection.
- 13

14

- 15 Attention to the daily lives of young people, support of their development, as well
- 16 as support of young parents in their efforts at childrearing, childcare, and
- 17 household management, are essential in maintaining families in contemporary
- 18 society.

19

- 20 Therefore, we would like to propose the addition of "family" as a keyword to the
- 21 statements on opportunities for service.

PURPOSE AND EFFECT

This proposed resolution is intended to call to the attention of Rotarians throughout the world that The Rotary Foundation will celebrate its centennial in 2016-2017. An important milestone such as this should be highlighted in order to serve as a catalyst for new members, new donors and greater participation in the programs of The Rotary Foundation. Passage of this resolution will greatly assist in the promotion of the centennial. Action by the Council is an important endorsement for a large-scale, multi-year celebration.

PURPOSE AND EFFECT

- 7 The six areas of focus represent Rotary's top priorities for service among the
- 8 challenges currently faced by humanity. That consideration of the younger
- 9 generations, on whom the future of both Rotary and the world rests, is omitted
- from these areas of focus not only poses a problem in itself, but is also
- inconsistent with Rotary's existing policies, which take an active approach to the
- issue by including Youth Service among the five Avenues of Service, etc.

13 14

Adding activities that address youth-related issues to the areas of focus can yield the following benefits:

15 16 17

1) Easier and greater financial support for Youth Service activities through global grants

18 19 20

2) Better-organized youth protection and empowerment projects, which will help foster their vitalization

21 22 23

3) Enhancement of mutual trust and partnership between Rotary and youth

2425

26

4) Recognition for Rotary as a leader in youth empowerment, which will strengthen our public image

- 27 If implemented, this resolution would result in an increase in expenses to The
- 28 Rotary Foundation which cannot be determined at this time. Annual

- 1 administrative expenses to support an additional area of focus are estimated at
- 2 US\$120,000. In addition, extensive modifications to existing software would be
- 3 required and project estimates are currently not available for this expense.

PROPOSED RESOLUTION 16-146

To request the Trustees to consider making grandchildren of Rotarians eligible for Rotary Foundation award programs

Proposer(s): Rotary Club of Alexandra, District 9790, Australia

Rotary Club of Glen Waverley, District 9810, Australia

Endorsed by: District 9790 through a ballot-by-mail, 23 November - 19

December 2014

District 9810 through a district resolutions meeting, Wheelers

Hill, Victoria, Australia, 14 November 2014

IT IS RESOLVED by Rotary International that the Board of Directors of Rotary International consider requesting the Trustees of The Rotary Foundation to consider removing the word "grandchild" as a qualification and ineligibility for Rotary Foundation award programs.

2013 Manual of Procedure, page 81

Ineligibility for Foundation Grant Awards

No award under programs supported by The Rotary Foundation will be made to a Rotarian, with the specific exemption of all volunteer services as identified by the Trustees; an employee of a club, district, or other Rotary Entity, or of RI; a spouse, a lineal descendant (child or grandchild by blood and any legally adopted child), a spouse of a lineal descendant, or an ancestor (parent or grandparent by blood) of any person in the above two categories. (TRFB 9.3) Persons ineligible under this policy remain ineligible for 36 months after a Rotarian resigns his or her club membership.

The ideal of service is best exemplified by a policy that provides, in effect, that those who contribute to the Foundation should not also benefit from Foundation programs, either directly or indirectly. The Rotary motto Service Above Self is best exemplified through charitable and educational programs based on unselfish service to deserving persons who are not Rotarians or their relatives.

IT IS FURTHER RESOLVED by Rotary International that the Board of Directors of Rotary International consider requesting the Trustees of The Rotary Foundation to consider amending Section 9.3 of The Rotary Foundation Bylaws to include grandchildren among the persons eligible for Rotary Foundation award programs as follows:

Article IX Miscellaneous

1 2 3	Section 9.3 — <i>Grant Policy.</i> The following persons are ineligible for any award or grant from the Foundation:
4 5 6	(c) a spouse, a lineal descendant (child or grandchild by blood and any legally adopted child), a spouse of a lineal descendant, or an ancestor (parent or grandparent by blood) of any person in categories (a) or (b).
	(End of Text)
	PURPOSE AND EFFECT
7 8 9 10 11 12 13 14 15	This resolution seeks to have the RI Board consider requesting the Trustees of The Rotary Foundation to allow grandchildren of Rotarians to be eligible for Rotary Foundation award programs.
	As Rotarians become older, the prospects of grandchildren reaching the age where they could apply for Rotary Foundation award programs increase. Children of Rotarians have been and still are excluded from taking part and that is the choice of the parent Rotarian. To put the same ineligibility onto another generation is rather severe and could disqualify many fine young leaders.
	FINANCIAL IMPACT
16 17	If implemented, this resolution would have no substantial financial impact on The Rotary Foundation.

To request the RI Board to consider ending the governor selection pilot in India

Proposer(s): Rotary Club of Bhubaneswar, District 3262, India **Endorsed by:** District 3262 through a district resolutions meeting, Bhubaneswar, Odisha, India, 17 November 2014

WHEREAS, RI encourages a uniform and universal system of elections so as to
 provide equal opportunities to all clubs, and

WHEREAS, RI Bylaws Article 13 provides foolproof procedures for the election of the district governor which are still followed all over the world

6

- 7 IT IS RESOLVED by Rotary International that the Board of Directors of Rotary
- 8 International consider the legal necessity to revert, for RI districts in India, to the
- 9 existing provisions in the RI Bylaws by superseding the pilot projects which are
- 10 not conducive to feelings of friendship or a reduction in frayed opinions.

(End of Text)

PURPOSE AND EFFECT

- 11 In view of increasing litigation in the election of district governors in terms of RI
- 12 Bylaws Article 13, an innovative procedure in terms of a pilot project for only the
- districts in India was introduced. While it may have some administrative gains,
- the field complications have not reduced. On the contrary, a huge amount of
- time in the Rotary year is lost to electioneering, with frayed opinions and broken
- 16 friendships. The present prescriptions seem to be more complicated than the
- 17 disease. The general opinion among the majority of Rotarians is to continue in
- terms of the provisions of RI Bylaws Article 13.

FINANCIAL IMPACT

19 If implemented, this resolution is unlikely to have a financial impact on RI.

To request the RI Board to consider revising the assistant governor selection criteria in the Rotary Code of Policies

Proposer(s): Rotary Club of Mangalore North, District 3180, India **Endorsed by:** District 3180 through a ballot-by-mail, 27 December 2014

1	IT IS RESOLVED by Rotary International that the Board of Directors of Rotary
2	International consider amending the Rotary Code of Policies (January 2015) in
3	Chapter III Districts and specifically in Article 17 as to the minimum criteria used
4	in selecting assistant governors, as follows:
5	
6	Article 17. Rotary Districts
7	
8	17.030. District Organization and Administration
9	
10	17.030.2. Assistant Governors
11	
12	Minimum criteria in selecting assistant governors include:
13	
14	a) membership, other than honorary, in good standing in a club in the
15	district for at least three <u>five</u> years
16	b) service as president of a club for a full term, or as a charter president of
17	a club having served the full term from the date of charter to 30 June,
18	provided that this period is at least six months
19	c) attended at least two district conferences and two district assemblies
20	during the three-year period following completion of term as club
21	<u>president</u>
22	 e) d) willingness and ability to accept the responsibilities of assistant
23	governor
24	d) e) demonstrated outstanding performance at the district <u>and zone</u> level
25	$\frac{e}{f}$ potential for future leadership in the district
26	
27	Governors-elect shall consider only such Rotarians in the appointment of
28	assistant governors, who shall be given charge of no more than eight clubs
29	and no less than four clubs.

(End of Text)

PURPOSE AND EFFECT

- 1 The assistant governor position plays a vital role in the overall development of
- 2 clubs. Therefore, the selection for such a post should be done judiciously by
- 3 adopting proper selection procedures. Though there are qualification criteria
- 4 prescribed in the 2013 *Manual of Procedure*, it is extremely disturbing to see that
- 5 they are not followed in spirit and principle. This proposal would add several
- 6 new eligibility criteria to those already existing, thus enhancing the credibility,
- 7 efficiency and transparency of the selection process and helping governors in
- 8 their search for experienced, effective leaders who can function properly in the
- 9 post. The eligibility criteria that are proposed in this resolution have been
- 10 articulated by RI for the selection of governors-nominee and also directors-
- 11 nominee.

- 12 If implemented, this resolution could have a financial impact on RI which cannot
- 13 be determined at this time. The proposal recommends a maximum of eight clubs
- per assistant governor. Costs would be dependent on whether this will increase
- 15 the number of assistant governors as well as the funding to district governors to
- 16 support these activities.

To request the RI Board to consider acknowledging the role and responsibilities of district secretaries

Proposer(s): Rotary Club of Chigasaki, District 2780, Japan

Endorsed by: District 2780 through an annual district conference, Yokosuka,

Kanagawa, Japan, 18 October 2014

- 1 WHEREAS, district secretaries play an important role and have major
- 2 responsibilities in assisting the governor in preparing for district meetings,
- 3 overseeing communications of various types, and maintaining meeting minutes 4

5 IT IS RESOLVED by Rotary International that the Board of Directors of Rotary

- 6 International consider acknowledging the role and responsibilities of district
- 7 secretaries by including them in the District Leadership Plan.

(End of Text)

PURPOSE AND EFFECT

- 8 The purpose of the District Leadership Plan is to energize Rotary at both the
- 9 district and the club level by making district support for clubs more timely and
- appropriate; developing well-trained district leaders; promoting participation in
- 11 The Rotary Foundation and district activities; and making it possible for district
- 12 governors to become innovative leaders.

13

- 14 District secretaries, who provide key assistance to the governors in district
- operations, have important roles and responsibilities that are different from
- those of assistant governors. Without district secretaries, the districts cannot
- implement the District Leadership Plan effectively.

18

- 19 Therefore, district secretaries' important role and responsibilities should be

- 21 Rotarians in the districts in order to promote the effective implementation of the

To request the RI Board to consider defining a quorum for ballot-by-mail votes

Proposer(s): Rotary Club of Alexandria Cosmopolitan, District 2451, Egypt **Endorsed by:** District 2451 through a ballot-by-mail, 20 December 2014

1 WHEREAS, in the Recommended Rotary Club Bylaws there is no defined 2 mention of what constitutes a "quorum" in the case of a ballot-by-mail called for 3 by RI or the governor, and 4 5 WHEREAS, important matters to be voted upon, like elections of RI officers, are left to an undefined number of club members 6 8 IT IS RESOLVED by Rotary International that the Board of Directors of Rotary International consider that, in the case of a ballot-by-mail called for by RI and/or 9 10 the governor, a quorum, at a club meeting dedicated to voting, shall consist of 50 11 percent plus one of the total number of club members and not the total number in attendance. 12

(End of Text)

PURPOSE AND EFFECT

- 13 As an undefined number of club members voting can affect major decisions, a
- 14 vote unrepresentative of a majority can affect and skew decisions desired by the
- 15 majority. The purpose of defining a minimum quorum is to ensure a majority
- 16 representation among votes. If a vote by club members is with a quorum less

PURPOSE AND EFFECT

Individual clubs energize Rotary when they are vibrant and self-motivated. Clubs are able to serve their communities, better and more, when they not only consider implementing RI-recommended programs, but also demonstrate their autonomy by proactively undertaking service projects and programs based on community needs.

Therefore, we believe that the RI Board needs to consider reminding clubs that each club is autonomous, as long as it acts in a manner consistent with the RI Constitution, RI Bylaws, Standard Rotary Club Constitution and Rotary Code of Policies, so that the clubs understand the real meaning of autonomy.

 favor in cases where it finds it difficult to integrate the visit in the conference
 program.

PURPOSE AND EFFECT

4

8

- It is a long and outstanding tradition that district conferences are attended by a representative of the RI president. In that way, the international character of Rotary is emphasized and it enables RI to stress actual points of interest or concern.
- 23 24 However, the nature of district conferences has changed considerably, not only in 25 our district or region but worldwide. Most conferences take less than the two 26 days required as a minimum, let alone three days. On the other hand, often many 27 more activities are planned in a conference with a duration of not more than one 28 day. We spend much more time on training activities, for instance, because we 29 consider that of the utmost importance. Moreover, the president's message 30 nowadays is easily available through the Internet, on the websites of RI and of 31 districts, on Facebook, etc.

11

- 12 IT IS RESOLVED by Rotary International that the Board of Directors of Rotary
- 13 International consider providing all districts with a uniform video message for
- 14 their district conferences.

(End of Text)

PURPOSE AND EFFECT

- 15 Clubs and districts often have their focus on local or district points of interest and
- are not always fully aware of the international character of Rotary. An excellent
- means to show that Rotarians have a common interest, often have to face similar
- problems and can be motivated by similar challenges would be an address by the
- 19 RI president at the district conference. Governors-elect have experienced that in
- their trainings in San Diego and elsewhere.

21

- Because it is impossible for the RI president to address all conferences in person,
- an alternative could be found in a uniform video message by the RI president
- 24 which will be available to all districts. The message should get a prominent place

- 6 each new Rotary year instead of sending the president's representative to district
- 7 conferences so as to eliminate all the undue time, formalities and expenses
- 8 devoted therein.

(End of Text)

PURPOSE AND EFFECT

- 9 In view of the fact that president's representatives are generally appointed in
- 10 consideration of different causes and reasons, it is hard for the districts to expect
- 11 them to be in a proper capacity to carry out their obligations and responsibilities
- to a great extent. Yet district conference preparatory committee members as well
- 13 as fellow Rotarians involved must devote a lot of time and expense in attending
- president's representatives with limited functions and contributions toward the
- districts' growth and development. Not even to mention the travel expenses to be
- borne by RI for 534 districts around the world. Therefore, we would propose to
- have RI distribute videos of all important messages and information concerning
- updated situations and objectives for RI and The Rotary Foundation for each new
- 19 Rotary year for presentation at the district conferences in English only and
- 20 districts can translate them into their local languages by themselves if required.
- The cost of production and mailing of the videos can be shared by the districts if

25

26

21 IT IS RESOLVED by Rotary International that the Board of Directors of Rotary 22 International consider encouraging the use of electronic and musical equipment 23 at club meetings.

(End of Text)

PURPOSE AND EFFECT

- The use of tools such as televisions, projectors and computers should be encouraged as a means of supporting the meeting and making it more dynamic. It also increases the reach and objectivity of the messages.
- Electronic equipment can be used to present the agenda of the meeting to members and participants. In the absence of such equipment, we are forced to distribute hard copies of the agenda. This way, all the people present will know the agenda, not only the club board.
- The use of such equipment will increase the association of young people who

- 1 are used to electronic devices in clubs.
- The use of instruments works in moments of relaxation in meetings and helps unify the group.
- Music encourages members to participate in activities outside of Rotary,
- 5 strengthening the relationship between them.

To request the RI Board to consider establishing a nominating committee for zone coordinators

Proposer(s): District 1720, France

Endorsed by: District 1720 through a ballot-by-mail, 13 December 2014

- 1 WHEREAS, the nomination of regional coordinators and other appointments are
- 2 done through cooptation

3

- 4 IT IS RESOLVED by Rotary International that the Board of Directors of
- 5 Rotary International consider replacing the current procedure for the selection of
- 6 zone coordinators and other appointments by using a nominating committee
- 7 appointed by all the districts in the zone.

(End of Text)

PURPOSE AND EFFECT

- 8 While the current selection process encourages a convergence of views between
- 9 the RI director and his/her coordinators, it does so without the consensus of the
- 10 districts in the zone. The current selection procedure may lead to a lack of
- 11 transparency and possible complaints. The nomination of coordinators through
- 12 a nominating committee appointed by all the districts in the zone would bring
- 13 greater legitimacy to the process.

- 14 If implemented, this resolution would result in an increase in expenses for RI. If
- 15 the RI Board assigns a nominating committee for zone coordinators, expenses are
- estimated at US\$30,000 per meeting for a six-member committee. Additional
- 17 expenses would be incurred to support a nominating process which cannot be

5

- 6 WHEREAS, because Africa is included in a zone with other districts not in Africa,
- 7 it only gets an opportunity to nominate and elect a director to the RI Board once
- 8 in every six years

9

- 10 IT IS RESOLVED by Rotary International that the Board of Directors of Rotary
- 11 International consider reconstituting Africa into a zone of its own and thus
- 12 entitling it to nominate a director every election.

(End of Text)

PURPOSE AND EFFECT

- 13 Due to the current regulation, Africa is currently divided into Zones 20A and
- 14 20B, which contain some countries that are in Europe and in the Middle East,
- 15 which is not beneficial to Africa as the demographics are different in these
- different regions and therefore the issues of Rotary in Africa do not get the
- 17 attention they deserve.

18 19

We propose that Africa should be treated as a special case on the following grounds:

20 21 22

1. Our zone comprises nearly half the countries in Rotary and it is physically impossible for one director to represent the views of the whole zone.

232425

26

2. As currently constituted, Africa gets an opportunity to nominate an African director every six years, which amounts to underrepresenting such a large area.

27 28 29

- We therefore propose that Africa be considered a separate zone by either a relaxation of this rule or by redrawing the boundaries of Zone 20 so that the
- 31 current districts based in Europe and the Middle East merge with other zones
- 32 and our zone is left as it is, giving us our own director.

22	around the world may share their successes and stumbling blocks with each
23	other, working toward a goal of networking and doing good in the world.

(End of Text)

PURPOSE AND EFFECT

24 E-clubs are a recent adaptation to membership by RI acknowledging the global world in which we live and work. Regardless of assignment to specific 25 26 geographically-based districts, e-clubs are facing similar obstacles in 27 implementing their 'good works' and are thinking about the necessary adaptation 28 to the new management by the Internet (financial organization, insurance, grants 29 and project management, training of new members, training sessions for 30 presidents and grants management, receipt for donations, presence at the weekly 31 e-meeting, etc.). Allowing for the formation of a global e-district, RI would align

- 1 clubs with similar outlooks on training, prospecting for members, induction of
- 2 new members, and retention of members. Sharing through a district conference
- 3 with a governor who is solely focused on development and retention of e-clubs
- 4 would enhance this new way of doing Rotary.

- 5 If implemented, this resolution would result in an increase in expenses for RI
- 6 which cannot be determined at this time. Cost would be dependent on the scope
- 7 and extent of support provided by the RI Board for forming an e-district for e-
- 8 clubs. The estimated average RI cost per district is US\$40,000, primarily driven
- 9 by the district governor's training at the International Assembly, allocation and
- 10 administrative support.

- Provide more resources for The Rotary Foundation.
- Adopt a new paradigm in the organization based on sustainable models, thus
 reducing our dependency on donations.
 - Create a new way to raise funds by selling stock in our organization.
 - Hold an initial public offering, with our own legislation, so we can trade RI and Rotary Foundation stocks in the financial markets. As a return on their investment, the investors would:
 - 1) receive tax benefits proportional to how much stock they acquire; and
 - 2) connect their companies to our image and humanitarian projects.
- Assess our projects, so our stock is appreciated by the stock market.
 - Increase the value of our stock by increasing our humanitarian and community work. The value would fluctuate based on the scope and impact of our activities.

- 1 If implemented, this resolution could have a financial impact on RI which cannot

- 3 States, RI and The Rotary Foundation must operate in a manner consistent with

WHEREAS, investment opportunities exist within microfinance and community development institutions with relatively low risk (in some cases guaranteed), offering a reasonable rate of return, and, at the same time, having significant social impact - supporting sustainable global efforts to reduce poverty

IT IS RESOLVED by Rotary International that the Board of Directors of Rotary

equivalent of not less than eight percent (in US dollars) of their respective annual
unrestricted and undesignated prior year net assets directly or indirectly with
creditable microfinance and/or community development institution(s).

PURPOSE AND EFFECT

- 15 Currently, funds raised at club levels intended to support microfinance efforts

6 7 8 9	IT IS RESOLVED by Rotary International that the Board of Directors of Rotary International consider lowering reinstatement fees and surcharges to encourage Rotarians to be reactivated and to be of service to RI.
	(End of Text)
	PURPOSE AND EFFECT
10 11 12	There are a good number of terminated clubs that would want to be reinstated and even of long-terminated clubs that would want to be rechartered. The current cost of reinstatement and/or rechartering poses a barrier to some clubs.
13 14 15	Reducing these fees will not only help such clubs, but will enhance our membership drive.
	FINANCIAL IMPACT
16 17 18	If implemented, this resolution would result in a decrease in revenues for RI depending on the number of clubs reinstated each year and the fees payable.

- 7 including the *Manual of Procedure*, RI correspondence and the Rotary website,
- 8 in Hindi as well as in English, French, Japanese, Korean, Portuguese and

(End of Text)

PURPOSE AND EFFECT

FINANCIAL IMPACT

PURPOSE AND EFFECT

- 4 We assume that the word mark "Rotary" was added to the new logo to increase

FINANCIAL IMPACT

To request the RI Board to consider not recommending commercial or licensed branding materials when a free option is available

Proposer(s): District 1020, Scotland

Endorsed by: District 1020 through an annual district conference, Carluke,

Scotland, 13 December 2014

1 WHEREAS, the current Voice and Visual Identity Guidelines produced by RI 2 specify licensed fonts as the Rotary standards, with free ones as alternatives, and 3 4 WHEREAS, many clubs are not prepared to use club funds for this purpose when 5 an acceptable alternative is available at no cost, and 6 7 WHEREAS, these clubs find it unacceptable that RI should approve, let alone 8 recommend, paid material over acceptable free material 9 10 IT IS RESOLVED by Rotary International that the Board of Directors of Rotary 11 International consider adopting as policy that, when specifying branding 12 materials and visual standards for general use by clubs throughout the 13 organization, commercial or licensed materials should not be recommended 14 when there is a free and acceptable alternative available.

(End of Text)

PURPOSE AND EFFECT

As part of the current Voice and Visual Identity Guidelines produced by RI, the two recommended fonts are both commercial, with free alternatives when they "are not available or are cost prohibitive." If the free alternatives are acceptable, there can be no justification for recommending ones which require payment, regardless of how much.

20 21

This has three main effects:

22 23

Club money is used to buy unnecessary fonts for which it is agreed there is a free alternative. This cannot be acceptable.

- Material from RI, or a club which buys the fonts, will look different on a computer without those fonts. This may result in the recipient having to reformat
- a page to get it to fit or look like the original. If a club does buy the recommended font, it in turn does not know if anyone it sends material to has that font or not.

The convention committee commits to encouraging as many members of Rotary as possible to attend the convention to both spread the word of RI internationally and to balance the books for such a large function. The planning committee endeavors to establish the number of possible attendees to each convention in order to estimate the cost of registration for Rotarians. Yet with all this, there is an untapped resource out there ready to spread the word of Rotary endeavors and successes - Probus. It seems shortsighted to preclude this part of the family

To request the RI Board to consider adopting electronic voting prior to the Council on Legislation

Proposer(s): Rotary Club of Niigata, District 2560, Japan

Endorsed by: District 2560 through an annual district conference, Ojiya,

Japan, 26 October 2014

- 1 IT IS RESOLVED by Rotary International that the Board of Directors of Rotary
- 2 International consider adopting electronic voting as the voting method prior to
- 3 the Council on Legislation.

(End of Text)

PURPOSE AND EFFECT

- 4 This legislation proposes adopting an electronic voting method, so that proposed
- 5 legislation is voted on by each district through electronic voting, effective as early
- 6 as possible. The advancement of information technology has made
- 7 instantaneous, global communication possible today. For five hundred some
- 8 representatives from around the world to convene once every three years for a
- 9 five-day deliberation is both obsolete and physically demanding for the senior
- 10 leaders serving as representatives. Furthermore, district representatives are not
- 11 necessarily conversant in RI rules. Therefore, it is requested that the applicable
- 12 articles be revised for proposed legislation to be sent to districts in advance,
- discussed and voted on in such appropriate meetings as the district training
- 14 assembly or district conference, and electronic votes be forwarded to the RI
- 15 Board.

16

- 17 Voting on legislation by mail is already allowed, albeit in limited circumstances,
- 18 by RI Bylaws 8.140.5.

FINANCIAL IMPACT

- 19 If implemented, this resolution would have no net financial impact on RI because
- 20 revenues from additional dues to fund the Council on Legislation will be reduced
- 21 by an amount equivalent to the reduction in expenses.

22

23 The expenses for the Council on Legislation in fiscal year 2013 were US\$3 million.

24

25 If the in-person meeting were eliminated in favor of electronic voting:

a reduction of expenses is estimated at US\$2.6 million for airfare, hotel,
 meals, venue rental, transportation, and equipment
 an increase in expenses would be incurred for additional technology and

(End of Text)

PURPOSE AND EFFECT

- The Council on Legislation is the legislative body of RI and has the authority to amend the RI constitutional documents. The Council meets every three years (the next being in 2019) and comprises 530 members, one from each of the 530 districts of RI. RI bears the costs of transportation to and from Chicago and accommodation for these 530 members of the Council on Legislation. The costs
- are covered by the US\$1.50 levy paid by every Rotary member once a year.

2

WHEREAS, the attendance requirements prevent many potential Rotarians from joining our organization

5

- 6 IT IS RESOLVED by Rotary International that the Board of Directors of Rotary
- 7 International consider initiating a study regarding the prerequisites to open up
- 8 for a new type of membership, here called supporting membership. A supporting
- 9 member might pay a reduced fee to Rotary and be released from the attendance
- 10 requirements.

(End of Text)

PURPOSE AND EFFECT

11 This resolution proposing a supporting membership in Rotary could give positive effects like these:

13 14

An increased number of Rotarians in the world

15 16

Increased membership fees for Rotary

17 18

19

 A Rotary member today who, during a long period of time, will not be able to live up to the attendance requirements can move to a supporting membership instead of leaving Rotary

20 21 22

23

 The supporting members can be an excellent base for recruiting of active Rotary members

- 1 If implemented, this resolution is anticipated to have no substantial financial
- 2 impact on RI because a study to explore supporting membership would probably
- 3 be conducted by the Membership Development Committee and Secretariat staff.

To request the RI Board to consider recognizing Friends of Rotary

Proposer(s): Rotary Club of Bhubaneswar Metro, District 3262, India **Endorsed by:** District 3262 through a district resolutions meeting, Bhubaneswar, Odisha, India, 17 November 2014

1	WHEREAS, there are many individuals and institutions associated with Rotary

3	implementation of service projects as they do not possess the requisite
4	qualifications to be inducted into membership, and
5	
6	WHEREAS, it is felt that for more effective action in the field, a formal process of
7	recognition may be introduced in which such persons may be recognized as
8	Friends of Rotary, which may also enhance the public image of Rotary
9	
10	IT IS RESOLVED by Rotary International that the Board of Directors of Rotary
11	International consider the situation and take this opportunity to recommend that
12	clubs enhance their continued association with such other individuals/persons
13	and institutions by terming them as Friends of Rotary. This new concept will

encourage both the Rotary clubs and their associates to come closer with a greater bond of friendship and a sense of greater commitment. The RI Board may issue necessary guidelines regarding the process of establishing this

friendship bond and the privileges that can be extended to the designated Friends of Rotary.

(End of Text)

PURPOSE AND EFFECT

There are several individuals and institutions that extend help to or whose help is required by Rotary clubs in effective implementation and proper maintenance of service projects on a long-term basis, and without this support it would be difficult for Rotary clubs to make an impact on the local community. There are situations when such individuals and institutions also provide financial contributions or support. It is therefore felt that a vibrant relationship should be established and maintained by recognizing such individuals as Friends of Rotary.

- 1 If implemented, this resolution could have a financial impact on RI that cannot

To request the RI Board to consider urging new Rotarians to attend new member training

Proposer(s): District 1720, Fi	rance
---------------------------------------	-------

Endorsed by: District 1720 through a ballot-by-mail, 13 December 2014

1 WHEREAS, the training of new members in clubs has weakened considerably, 2 3 4 WHEREAS, this lack of training and Rotary knowledge often leads to the resignation of new members in the two years following their induction, and 5 6 7 WHEREAS, one can only serve when fully knowledgeable 8

9 IT IS RESOLVED by Rotary International that the Board of Directors of

10 Rotary International consider urging new Rotarians to attend the new members' 11 training when offered by the district during the year following their induction.

(End of Text)

PURPOSE AND EFFECT

- 12 New members' training in clubs is often too superficial. This results in a low
- 13 involvement of the new members due to their lack of Rotary knowledge.

14

- 15 This lack of Rotary knowledge and culture does not foster retention and leads to
- 16 too many early resignations. This failure is detrimental to Rotary's image.

17

- 18 To solve this regrettable situation, many districts organize an annual basic Rotary
- 19 training for new club members. This helps them understand Rotary's structure
- 20 and values so they can quickly become operational and help further Rotary's
- 21 mission.

- 22 If implemented, this resolution could have a financial impact on RI which cannot
- 23 be determined at this time. New member orientation resources are currently
- 24 available to clubs. Cost would be dependent on the scope and extent of additional
- 25 support provided by the RI Board to accomplish this goal.
