Rotary 75th Anniversary

Rotary, the world's first service organization was founded in 1905 by Chicago lawyer Paul P. Harris and three friends, to promote service and fellowship in the business community. Today Rotary International consists of 1,255,551 members of some 29,726 clubs in 163 countries who provide humanitarian service, encourage high ethical standards in all vocations and help build goodwill and peace in the world.

Diverse, energetic and successful business and community leaders, Rotarians provide expertise, resources and time to benefit the local and world communities. Representing a cross-section of occupations and professions, meetings are weekly to share experiences, learn from knowledgeable speakers and plan community projects. Membership is by invitation and is open to all businesspersons regardless of race, color, creed and sex.

This year the Rotary Club of Danbury celebrates its 75th year of service. In 1996 our second club, a Sunrise Club that meets Friday mornings, was formed. Our two clubs with combined membership of approximately 78 men and women cooperate on activities and fundraisers.

The Rotary Club of Danbury was formed in the spring of 1926 from what had been the Booster's Club, a group of Danbury and Bethel men. They met each Wednesday noon at the Hotel Green and followed a general program quite similar to that of the Rotary Club they were later to form.

A large percentage of these business and professional men were connected with the hatting industry. Albert Lavery of the Bridgeport Rotary Club conducted business with many members of the Booster's Club and presented to them the idea of forming a Rotary Club in this city.

The Boosters were willing and insisted that the club be taken into the Rotary as a unit with the exception of those who did not wish to join.

The Rotary system of classification, with only one member of a business or industry, could not permit this many connected to the hatting industry. This hurdle was overcome with the result that Rotary International and guiding lights of Danbury and Bridgeport agreed on a plan for a charter membership list.

Rotary 75th Anniversary

The charter membership was closed as of April 15, 1926. A list of the charter members, together with the business with which they were connected, their office in that business, the location of the business and the home address of the member was taken directly to Rotary headquarters in Chicago by Allan D. Colvin, of Hartford, Governor of the then Thirtieth Rotary District.

The records of the Rotary Club of Danbury include a letter from Governor Colvin to Judge Martin J. Cunningham; July 31, 1926, in which he wrote: "I beg to acknowledge your letter of July 30th, enclosing the list of directors and the Charter Membership of the Danbury Rotary Club, which has reached me just before starting for Chicago. I am taking same with me and trust that I may get prompt action at Chicago." Then followed the 25 names with the agreement of the officers of the Rotary Club of Danbury. The agreement reads as following: "We, the following of the Rotary Club of Danbury, Connecticut, do hereby certify that this list constitutes the charter membership list and agreements of the Rotary Club of Danbury, Connecticut." It was signed by Frank H. Lee, President, and George F. Green, Secretary.

These are the 25 charter members as submitted to Rotary International together with the business with which they were connected and their position in that business:

Rotary 75th Anniversary

Charter night was a gala affair with nearly 400 attending representing twenty clubs in the 30th Rotary district. Donald Adams of New Haven, a past R.I. president and Alvin Colvin, District Governor of Hartford attended.

Mr. Colvin presented the charter to the Danbury Club President, Reverend John Deyo and A.Z. Bodine of the Bridgeport Club gave the club its banner. The first slate of officers was:

President: Rev. John Deyo

Vice President: Frank H. Lee
Charles S. Peck

Secretary: George F. Green

Treasurer: Martin H. Griffing, Jr.

Directors: Charles Carter, Frank H. Lee, Charles S. Peck,
James F. Doran, George F. Green,
George Hamilton, Shelton Davenport and
Judge Martin J. Cunningham.

The Rotary Club of Danbury was interested in civic affairs from the very start. In 1927 it was active in securing property in Miry Brook as the site of an airport.

Also in its first year, the Rotary Club was host to the Governor of Connecticut at its meeting during Fair Week. After lunch the Governor and Rotarians would tour the fairgrounds and enjoy the festivities. This event continued into the mid 1980's when the Fair closed and still the Governor was invited into the 90's to attend a luncheon in October.

It was in 1946 that the Rotary Club of Danbury began to function as a service club. Plans were made to transport crippled children to a workshop in Bridgeport. Judge William Cable, President purchased a station wagon for this purpose and the children were also transported to Newington, New Haven and Danbury Hospital. Later several station wagons were purchased through "Van" Van Houten who did much to make these vehicles possible. They were paid for by contribu-

Rotary 75th Anniversary

tions from members, reverse birthday gifts and "fines". Approximately 75 children were involved in this project and benefited from it.

Halloween parades were another civic project. The first annual was held in 1947 with several hundred children and teenagers involved and viewed by over 20,000 persons. Afterward parties were held in various places for the different age groups.

During the Second World War a donation of money was sent to the Rotary Club in Walton-on-Thames, England at Christmas time when conditions in England were grim.

If not for the Danbury Rotarians, the educational center on White Street where the WESTCONN University buildings now stand might not have been as it is now. There was a movement to sell the property to be subdivided for houses and Rotary took an emphatic stand against it thus blocking the movement.

On another occasion, a club committee talked to officials of the New Haven Railroad on the possibility of obtaining land on Ives Street for the parking of automobiles. The present parking lot is the outcome of that action.

On several occasions, Rotarian Bob Dobbs talked of the need for a larger and better trade school. His efforts resulted in the present Henry Abbott Regional Technical School.

When the Danbury Library was being moved, many Rotarians helped pack and transport thousands of volumes from the old building to the new building one quarter mile away.

When the Nature Center needed help, Don Stone donated the paint and a dozen Rotarians were there to paint the entire building.

The club donated a mini-bus to DATAHR for use in their programs.

The club donated and furnished all the equipment needed to establish a Clinic Room in Wooster Manor building for the elderly on West Wooster Street. Joe Canale, John Creasy and

Rotary 75th Anniversary

Dr. Peter Jameson did much work on that project.

During the presidencies of Bob Hull and Ben Heyman the club pledged \$10,000 for the establishment of the Renal Dialysis Department at Danbury Hospital. This pledge paid for the purchase of two renal dialysis machines benefiting hundreds of patients and enabling many to have renal transplants. During the subsequent years Danbury Rotary has donated thousands of dollars and another dialysis unit during Dr. Peter's Jameson's term to the Danbury Hospital.

In May 1967, Ted Baruch started the Danbury Rotary Club Charitable Trust Fund during his presidency. This fund offers members of the club and others in the community a tax-exempt opportunity to provide bequests of money or property exclusively for educational, charitable, scientific or literary purposes. From a beginning of \$10,000 from Ted and others the fund is valued at over \$250,000 today. The Trust has contributed to many worthy causes and scholarships over the years. Any gift received by the club in the amount of \$25 or more is automatically invested in the Charitable Trust Fund. Membership support is by reverse birthday gifts and "Happy/Sad Dollars" and fines collected weekly at the lunch meeting as only the sergeant-at-arms Jack Kessinger could do!

During the presidency of Dr. Peter Jameson in 1970, he and Don Hamilton co-chaired the Rotary Wheels Exchange Program for physically handicapped people to travel to England and the United States. Over the years, Tom Nipper also chaired the program.

In 1970 the youth exchange program was also initiated during his term. This program offers the club a chance to promote world understanding and enrich the lives of qualified high school age people to study a culture different than their own.

There are both short-term (Holiday) and long-term (Youth) exchanges that last for a few weeks and an academic year during which the exchangee attends school in the host country and lives with a host family, most often a Rotarian family. This club has hosted and exchanged nearly 100 youths over the years. Ralph Welsh and Art Erhardt chaired this program for many years.

Rotary 75th Anniversary

In 1982 the Danbury Club sponsored the formation of the Brookfield Rotary Club, a breakfast meeting at 7:30 am Monday mornings. Al Chadwick, one of our own became the first president with 22 members.

In July 1993 the Club voted to support the restoration of the Rogers Park pond in cooperation with the City of Danbury. Member Jane Didona, a landscape architect, plans to make it the Rotary Park. The club contributed to the park beautification with a gazebo, benches, lighting, a small bridge and a path along the entire perimeter of the pond. The amount pledged was \$135,000 with the Barden Corporation pledging \$15,000 of that amount. Work finally began in July 1997 and still is a work in progress.

During the presidency of John Schmuecker, the club became involved with Habitat for Humanity by helping to construct a house on Beaver and Elm Streets in the city. Many members contributed their time and effort to the project and several others went to Mexico many times to construct ten homes there over the years.

Each year the club awards over \$30,000 in scholastic scholarships to deserving students. One scholarship is for \$10,000 to a student who will attend Western Connecticut State University and maintain a high average. During Ray Kelley's term this four year scholarship was proposed and passed. The first recipient Cynthia Cherniske is now a member of Danbury Rotary. Mr. Kelley established a scholarship for a student attending Henry Abbot Technical School. Other scholarships are:

Dr. Richmond Hubbard Scholarship. \$2,500 per year

Eduard Baruch Scholarship - \$2,500 per year

Burton Cook Memorial Scholarship* - \$2,500 per year

Savings Bank of Danbury - \$2,000 per year to three individuals

*This scholarship is in memory of Burton Cook, former Dean of Post College and a member of this Club. Burt became District Governor of 798 and was made an honorary member of Danbury Rotary Club in May 1979.

Rotary 75th Anniversary

The accomplishments of Rotary of Danbury are due in part to our success in fundraising. Each year we offer exciting and unique programs combining fellowship, fun and fundraising. Over the years some major projects were:

1980's

- Several thousand dozens of red roses were sold by Tary Tarlton and members raising \$13,120 net.
- Jack Kessinger raised \$6,435.00 net selling poinsettias to members.
- Raffles of trips to Jamaica and Hawaii netted \$13,900
- Harley Davidson Raffle - \$9,400 net
- In November we hold an annual raffle of a Mercedes-Benz. The total amount netted since the start of the raffle in 1987 is over \$395,379 with Bob Vetter chairman for many years.
- March brings our daylong Radio Auction and its overwhelming community response. Since its inception in February 1976 with the help of WLAD and Pat Crafton the Auction has netted over \$244,000.
- In May the region's golf enthusiasts join us at the Ridgewood Country Club for our tournament. Since the start in October 1985, over \$143,598 has been netted.

As a totally volunteer organization, every dollar of our proceeds directly benefit the agencies we support. There are no professional fund raising organizations used and operating expenses are fully funded by membership dues and assessments.

Rotary of Danbury is also dedicated to the ideal of international service. We supported Rotary International's commitment to eradicate polio all over the world by 2005 by donating \$24,089. In Haiti, important local initiatives include livestock ownership, nutrition, and child care programs as well as the construction of a hospital. Rotarian physicians and dentists visit annually to provide healthcare and 35 families have been adopted for education and basic medical care by the club and some members.

Rotary 75th Anniversary

Rotary of Danbury serves the communities of Danbury, Bethel, New Fairfield and Sherman in many ways by:

- The Western State University scholarship program
- Influenza vaccination for senior citizens
- Reconstructing the Rogers Park Pond
- Sponsoring Interact Clubs for Bethel and Immaculate High School students who desire to become leaders in community service.
- Honoring police and firefighters.

The Charitable Trust Fund supports a host of local agencies including Dorothy Day Hospitality House, Regional Hospice, the Hanahoe Clinic, Arnie's Place, the Boy Scouts, the Girl Scouts, the Red Cross, the News-Times Campership, the YMCA, the Danbury Council of Hearing Impaired, Literacy Volunteers, Ruth Haas Library, Salvation Army, Danbury Police Department, Danbury Public Schools, Danbury Public Library, Gift of Life and other worthy causes.

- In addition, Rotary of Danbury coordinates the efforts of individual Rotarians in other programs such as mentoring Middle and High School students.
- When disaster strikes the Club has sent many thousands of dollars, food and clothing to victims of Hurricane Andrew and victims of floods in Jamaica and Honduras and earthquake victims in Turkey.

Rotary is not all work and no play. There is the annual picnic, dinner dances, sports activities, social events, theatre and musical events. And last, but not least, it is the camaraderie and fun with fellow Rotarians and their families at all these get togethers that forms the basis of this club.

This history of the Rotary Club of Danbury has been gleaned from almost 40 years of SPOKE bulletins that John has saved since becoming a member of this outstanding Club. I have done my best to be as accurate as possible in all I've written. Congratulations on 75 years and many more years of service!

- Caryl Lucchesi
