District 7980

July 3, 2019

P.O. Box 788, Danbury, CT 06813

From the Editor's Desk:

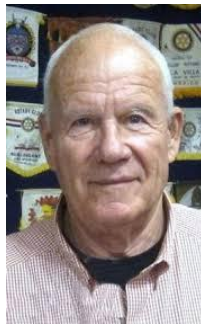

Sometimes we forget what the 4th of July is all about. Well, it's about the beginning of our country's independence from Britain, and that's no small thing. Danbury was central to the effort, and the British even tried to burn it down, galvanizing the population to become a staunch ally of the Revolution and become a supply depot for the Revolutionary Army. Danbury has always been there, when things had to be done. Danbury Rotary, too.

Yours in Rotary Service, Ralph

Tary's Rotary Minute:

I just looked through three months of old Spokes, and it was reported that three members were congratulated on the birth of children, two boys and one girl. Wow. It has been a long time since most of our members had children. Forty for me. We should do something about that. I know that Delia and Kristen have been doing their part, though.

Yours in Rotary Service, Tary

No Meeting Today Allowing Your Preparation for the 4th of July:

The Fireworks in the Heavens were Theorized a Few Years Ago:

In some worlds there is no Sun and Moon, in others they are larger than our world, and in others more numerous...in some parts there are more worlds, in others, fewer; some are increasing, some at their height, some decreasing; in some parts they are arising, in others failing. They are destroyed by collision with one another... There are some worlds devoid of living creatures or plants or any moisture.---*The Greek Philosopher Democritus, 460-370 B.C.*

Next Luncheon: Next week at Ethan Allen
