

# Milford Rotary Chat For 7/23/20 Meeting

Membership on [my.rotary.org](http://my.rotary.org) is free and helps us stay connected. Sign up today!

## 7/16/20 Meeting Minutes:

**Proposed Member:** Dominique Lee Tracy, hairstylist

**Fines:** Gary- father had cyst drained on spine, can walk again

Tad- Father not doing so well

Win Jr.- glad people are joining us on Zoom, best team starts soon

Mike- Happy Tom is here, sad Susan isn't here

John D- Son is getting married on 10/10/20, friend recommended WW2 In Color on Netflix and it was great

Greg S- Son is getting married, was postponed to 10/10/20 as well

Tom- Biked with Tad, niece was going to get married on 10/10/20 but postponed it because it would be hard to keep the numbers down.

**Announcements:** None

**Speaker description:** Dr. Tom Margias, Optometrist, joining us here because the Tour De France was cancelled this year. He told us about eye twitches, floaters, and other various eye conditions. There are different layers to the exterior of the cornea: the mucus layer, aqueous layer, and lipid layer. Everyone has cataracts, but over time they cloud and turn yellow. They can be prevented with a good diet, avoiding UV exposure, and controlling medical conditions such as diabetes with insulin. Macular degeneration reduces field of view from a blood leakage in the eye. It used to never be treatable, but recently it was discovered that a certain injection could mostly fix it.

***“Weddings are basically funerals with a cake.”***  
*-Rick Sanchez, Rick and Morty*

*Did you know:* One theory of why the number “666” is so important in The Book of Revelation was that using Hebrew alphanumerology (converting letters to their chronology) on the name “Nero” equated to 666. Nero was the emperor of Rome at the time of Jesus Christ’s life. Jewish nonbiblical literature, such as the Talmud or teachings of Kabballah, have a strong focus on patterns in numbers and alphanumerology.
