Speaker description: Karen DelVecchio is a past president of Trumbull Rotary and spoke to us today about her business, Pat Munger Construction Co. It was founded in 1968 and is an industrial/commercial full service general contractor. They specialize in some niche fields like veterinary clinics and biotech, which are booming business in CT. 2021's outlook doesn't look good because of the push away from physical office space and towards working at home.
