

# Milford Rotary Chat For 8/13/20 Meeting

There is a board meeting tonight (8/13) at 5:30PM at Frosty's office.

## 8/6/20 Meeting Minutes:

**Proposed Members:** Dominique Lee Tracy, hairstylist. Jay Marelli, financial advisor

**Visitors:** Pete Bishop (Curran's son)

**Fines:** Phil went flying and had a lot of fun. He was also happy the Mets won. Phil also told a story about how his wife Laura wanted to cut up a big branch with a chain saw, but he beat her to it. Sam was happy to be here. Football season may start for his son soon hopefully. He did a bottle drive for his daughter's color guard and raised about \$1100. Curran had a happy fine for how his church came together to help each other out after the hurricane. He, Ray Carissimi, and a few others from his church volunteered to cut up 2 big trees that fell down in a friend's yard. Frosty was happy to be here and not in quarantine. He is happy the Yankees are doing well and is looking forward to Win having to pay up on his happy fine bets. Carrie said it's very healing being here together with so many great people today. Her grand daughter was moved to a hard cast, which is difficult, her other grandson hit his head hard and got a big bruise, and her daughter-in-law fractured her foot. Tad's daughters got scholarships, and he went to New Hampshire for a wedding. Roger is unhappy with the recent Yankees victory and is cheering on the Mets for their win. He helped his neighbor cut up some trees after the storm. Gary J didn't lose power, but his daughter did. His son-in-law slipped and fell, broking his leg in 16 places.

**Announcements:** Please buy gift cards for our Restaurant Rebound through Eventbrite. We have already paid for them so we need to make our money back. They have no expiration.

**Speaker description:** Foundation Chair Tad Smith gave a Foundation update to us today. He talked about the various functions of what the foundation does, and how we interact and serve with them. Rotary International has given over \$4 billion since its inception, mostly to international projects such as the polio vaccine distribution and education. Due to the coronavirus, the funding might be pulled from the polio project and go towards that.

***“Despite the constant negative press covfefe.”***

***-President Donald Trump, May 30, 2017 tweet***

***Did you know:*** 1.3 million people die per year in India from indoor air pollution (mostly carbon monoxide poisoning). This is because the lower class often runs generators indoors or cooks inside without ventilation, not knowing the risks. The Indian government spends hundreds of millions of rupees every year on education about the dangers of indoor air pollution.
