Edmonds Rotary

October, 2022

## A note from the editor:

Wow - we can all take a breath after the amazing Oktoberfest.

It took the whole village, but what a festival that was.

Congratulations to President Debbie and her committee. Talk about pouring your heart and soul into a project. Of course, it could not have been done without volunteers.

So...congratulations to all of you for a job well done!

Here is a small sampling of the many many photos from the event. I will be putting together a photo album to share with the club soon.

# Edmonds Rotary buys tools for PAWS

After working on landscape maintenance in early August, Libby and Debbie noticed that they were short on some tools...so they did what Rotarians do, they took care of it. Good job ladies. Terry from PAWS really appreciated it.

# September speakers

Howard Behar, retired President of Starbucks, gave a very interesting talk about his long career and what it was like working for Starbucks through the years (on right - joined by brother Marv.

Guy Mansfield is a volunteer alpinist specializing in high altitude search, rescue and safety education. He told harrowing tales of bravery and tragedy on the mountains throughout his career. The club was spellbound.

# We love to celebrate our great members!

**At left: Lamin awards Brian with his 2nd PHF pin.**

**Below: Debbie pins Jacob with his second "Diamond PHF pin."**

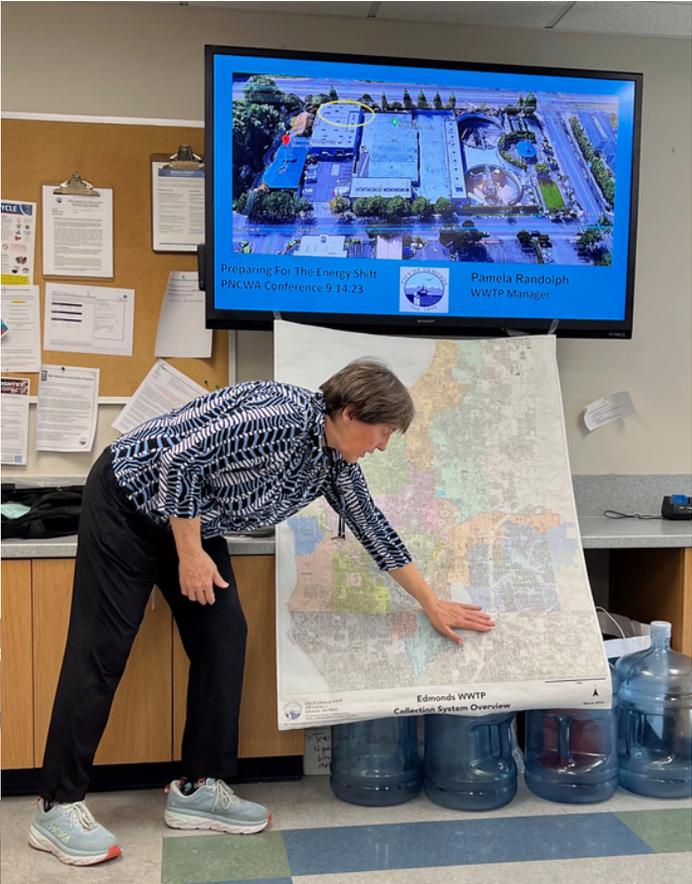

**The club is proud of our generous and caring members. Thank you Brian and Jacob.**

**Daina gave a lively and entertaining classification speech. What a fun new member she is.**

# Field Trip Time:

Amie put together another fascinating outing - this time to the Waste treatment plant in Edmonds, Because who hasn't wondered from time to time...

**Barbara Chase proudly shows off the plaque bearing the names of the Vern Chase scholarship winning students at Meadowdale High School to her family. Vern was a cherished member of Edmonds Rotary for many years and we are proud to carry on his commitment to education.**

**A special thank you to Richard Okimoto for keeping Vern's legacy alive.**
