Volunteer Opportunities

Rogue PowerPack Backpack Program: You will have an opportunity to volunteer with not only our club members but members from other area clubs.

ACCESS & Rogue Powerpack Program provides backpacks full of nutritious, child-friendly food to elementary school children who are receiving free breakfast or lunch at school during the week but are lacking adequate food at home over the weekend. Backpacks are filled every Friday from 9-11 to ensure they do not go hungry while away from school. There are also options to drive and deliver prepared sacks of food to different school routes. To SignUP on dates that work best for you, click this link: <https://signup.com/go/UhqfKmB>.

For any questions, please contact Danette Moss at dmoss@laclinicahhealth.org.

Signature fundraising event June 24-26 2022 Pickleball Tournament

Our first tournament was a great success! The steering committee is already planning our next tournament. If you would like to join in the fun, we are looking for you! Please contact Cheryl Dyer @ cherylddyer@yahoo.com or Debbie Graunke @ dmchargue@hotmail.com.

Board of Directors News: Board of Directors meetings are held the 3rd Tuesday of each month at 4:30 via zoom. If you have an agenda item, please contact President Larry. The meetings are open to all club members. Contact Debbie for the meeting link or [Click here](#)

New Member Applicants and Sponsor Responsibilities: The Membership Committee has revised the mentor program for new members. Instead of the committee assigning a mentor, the new member's sponsor will now be responsible for that role. Sponsor/mentor responsibilities will include assisting the new member with finding the right fit for two committee assignments, accompanying the new member to a fellowship event, and also sitting with the new member at two or more of our regular meetings in order to introduce them to fellow Rotarians. We hope that these changes will help to quickly integrate the new members into our club.

Health News: By Rita Sullivan

Research has shown that living with pets provides certain health benefits. For instance, they can lower blood pressure or lessen anxiety. They also increase opportunities for exercise, to go outside and to socialize. And as we can see from the pandemic, when people adopted pets from shelters in record numbers, they can help with loneliness and depression. Pets give unconditional love; they are intuitive and good listeners, and they meet you at the door with an enthusiastic welcome. Wouldn't life be good if we treated each other like pets treat their owners.
