Call to Order

President for the day, David MW, called the meeting to order at 12:10 p.m.

Pledge

Janice (Janees) led us in the salute to our flag.

Thoughts and Moments

Pastor Greg shared the remarkable progress that President Pam is making in her treatment. Such progress that she will return to the club next week to guide us toward the glorious Centennial celebration on May 31.

He closed with a thought: "Great leaders create future leaders."

New member induction

Laura introduced and, along with the members, welcomed Maryanne Burnell to our august group. Maryanne hails from Oceanside, California, where she once ran a string of barbershops. She had a built-in clientele, given that Camp Pendleton Marine Corps Base was just down the street. She has 16 grandchildren and is a practicing Realtor.

Thank you notes

David MW shared thank you notes from students at Lakeport Elementary School for our recent distribution of "Why" books.

Happy Bucks

Marty was happy to be part of such a hard-working club board of directors. He shared that little is known of the hard work that occurs out of sight.

I was happy to remember what's her name, Janice, who was my guest and soon-to-be new member of the club. She is not to be confused with Janice (Janees).

April was happy to introduce her guest, Brandon Watkins.

Laura was happy that the spouse of one of our members was thoughtful enough to deliver and stack a cord of firewood, given that her husband is a little gimpy after minor surgery. Service above self!

Announcements

Congressman Mike Thompson will be visiting the club next week.

President Pam returns next week.

Easter Egg hunt, chaired by Carlos and Greg, is on track.

Beth confirmed that the Centennial will be held at the Lake County Fairgrounds on May 31. Please buy tickets so that she can begin to get a count. We are shooting for 150 attendees. The band "Funky Dozen" will be playing and our local Kiwanis Club has graciously agreed to tend bar.

Denise says the Time Capsule is coming along. She is looking for items to place in the capsule that would be of interest to those who attend the capsule opening in 25 years.

Mark conducted the final reading of the club officers and board members for the coming year. The slate was approved unanimously.

Visitor Kendall Fults updated us on the satellite club that is being stood up by the Clearlake Rotary Club in Middletown. It will have its first meeting in the Greenview Room at Hidden Valley Golf Club on April 15. It has 11 members so far.

Program

Our own April and Debra educated us on the long term effects of adverse childhood experiences on our youth. They explained use and value of the "aces aware" protocol that helps educators determine the extent to which adverse experiences will impact children later in life. Those experiences can alter behavior and health and well-being into adulthood. Such experiences as not having enough to eat or clean clothes to wear or living through a divorce can be very traumatic. So can living with someone who spent time in prison or physically abused you.

Ruth scored all the quarters at our table.
