Support Staff- Justin Wallace

Mr. Wallace's presence alone has been a valuable asset to our Taylor Tiger Team. He is caring, yet firm, quick to respond to radio calls, willing to jump in and assist when and where needed, and does this all with kindness and a smile. He showed respect towards all the students, being firm when needed, kind whenever possible. He is working hard to help everybody stay safe. He has made such an impact with the kids. Thank you for being here and showing up everyday! Officer Wallace is always ready to jump in and lend a hand. He is dedicated to our students and remains respectful, giving them the tough love they need.

Licensed Staff - Kevin Nellis - Kevin Nellis has really impressed me this year. He had a "difficult" class last year (to say the least), but this year, he has truly found his niche. He smiles. He jokes with students. He has volunteered for many additional tasks and is truly showing a team spirit. He always helps out students get to where they need to be and when they are having a hard time in class. We are so lucky to have him as a specialist. It has been so refreshing to see him so happy this year. I am so happy for you, Kevin! **He is engaging the students so that learning is interesting!** Mr. Nellis has a new pep in his step this year. He has even been caught dancing alongside his students during his class lessons. Mr. Nellis has also stepped up to help staff with their techie issues and he has even volunteered to help cover a few classrooms. **Thank you for your service Mr. Nellis !!**

MEETINGS & EVENTS

On September 24th, members from the Rotary Club of Green Valley met at Project Marilyn in Las Vegas to assemble a few hundred period supply kits. According to the nonprofit, period supplies are the least donated items when it comes to helping the community. Two in five females can't afford period supplies, and for the teens and women who are homeless, home insecure or living in a shelter, there is a lack of adequate storage space. Project Marilyn assembles period kits and distributes them to other nonprofits, such as shelters, libraries and schools. Each kit contains enough tampons, maxi pads and wipes to carry a person through their monthly cycle. The program also asks local businesses to hold Project Marilyn's monthly period kits on hand. Anyone in need can visit the businesses and organizations during regular business hours and ask "for the bag Marilyn left" them. For the one in four girls forced to miss school for lack of supplies, Project Marilyn is a game changer. By: B.Billitzer
