**Help for East Palestine, OH**

By John R. Kellogg on Sunday, March 5, 2023

Many have inquired about what can be done to support East Palestine, Ohio residents in light of the recent train derailment and the impact on that community. The Rotary Club of East Palestine is located in the Rotary district to the north of us (District 6650), and District 6650 has set up a dedicated page on its website to accept donations in support of the relief efforts. The East Palestine Rotary Club will manage and allocate donated funds as specific needs are identified.

You can access that webpage at: <https://rotarydistrict6650.org/donate/relief-for-east-palentine/>.

## Service

### Rotary Club of Athens

The Rotary Club of Athens is seeking clubs that would like to partner in the Global Grants project for construction of an Irrigation System Infrastructure.

The project's objective is to deliver a means of collecting spring water from the mountainous slopes in the highlands to be distributed to the communities through a pipeline network system for sustainable production to improve the community's quality of life and health.

#### Outcomes:

- At the community scale, the completion of the project will directly improve food security and the nutritional condition of 75 local rural families in the communities of Bellamaria, Chaquizhca, and Guara in Ecuador, thereby reducing malnutrition.
- The development of networks and associations between families of these communities will grow, gaining better access to markets and getting fair prices for the products they cultivate.
- Women's empowerment will be promoted by increasing their chances of having an income source. Women primarily manage the productive gardens located close to their homes.
- WSII looks forward to improving access to fresh food in nearby communities and creating new jobs for those involved in the transportation and commercialization of agricultural products to nearby towns and regional markets.

The project is currently in its funding stage. The Athens Rotary Club is looking for partner clubs to make this project a success.

We want to thank District 6690 Rotary Club's constant support for our initiatives to help underserved communities in Ecuador. For questions or comments about this and other projects, please feel free to contact us at [grijalva@ohio.edu](mailto:grijalva@ohio.edu)
