Next Meeting, Thursday, 13 June

Join us tomorrow to hear from **Brian Mayer on Environmental Sustainability**. Brian Mayer, a dedicated business banker, found himself confined to his home office when the pandemic struck. Determined to create opportunities for his boys to engage with him in that space, he embarked on a series of nature projects right at his desk, including ventures like vermicomposting. Through this journey, Brian discovered firsthand the immense benefits of connecting with nature for his family's well-being. Now, fueled by this experience, he is passionate about spreading the message of nature's transformative power and how YOU can help save the world in your own backyard.

Hailing from the scenic landscapes of Northwest Ohio, Brian Mayer is a proud alumnus of Ohio University, where he graduated in 2007. He shares his life with his loving wife, Brittany, an OSU alumnus & elementary school teacher, who fulfills the role of a dedicated stay-at-home super-mom & serves as VP of the Deer Run Elementary PTA. Together, they nurture their two adventurous boys, ages 5 & 7, instilling in them a profound love for the outdoors.

By day, Brian excels in his career as a business banker, leveraging his expertise to navigate the complexities of the financial world with finesse. Outside of his professional endeavors, Brian actively engages with his community. He serves as a Dublin Chamber ambassador, fostering connections and promoting growth within the business community. Additionally, he contributes his time and expertise to the Association Board for Franklin County Soil and Water, advocating for environmental stewardship and sustainable practices. He has even created a festival arranging private landscapers and arborists to sponsor & remove invasive species from our public parks!

Installation Dinner

Join us next **Thursday, June 20th at 6:00 pm** for this year's Installation Dinner. District Governor Elect Gary Baker will be our guest and will do the honors of swearing in next year's board and President.
