**Our Next Meeting Thu Oct 3, 2024**

**Guest Speaker - Kevin Stultz, Executive Director, JP Morgan Chase**

Kevin joined JP Morgan Chase five years ago to lead vulnerability management engineering and product management, bringing valuable Silicon Valley experience as JPMC transitions into a technology driven company. Prior to JPMC, Kevin spent 18 years at Symantec, culminating his career as the Data Center Product Line Leader.

With eight years of experience in product management, Kevin has successfully driven multiple product lines and launched Symantec's first Enterprise SaaS (Software as a Service) product. Kevin is well versed in both waterfall and Agile PDLC methodologies and has the transition of large engineering teams from waterfall to Agile.

Kevin also has a decade of experience as a Symantec consultant and lead technical architect, implementing security products for Fortune 500 companies and developed runbooks and training programs for consultants. Kevin began his career as a programmer, writing image analysis software and ground software for three NASA space shuttle experiments and even trained astronauts on how to perform these experiments.

**Paul Harris Society**

The Paul Harris Society was created in 1999 by Past District Governor Wayne Cusick from District 5340. Cusick realized that giving US\$1,000 annually to the Foundation was not possible for every Rotarian, but many could be encouraged to contribute at this level or above. He introduced the Paul Harris Society program to encourage and recognize these donors. I'll be sharing more information about the PHS in next month's newsletter.

An easy way to begin contributing to the PHS is through the 125 Club. Members donate \$125 - \$100 goes to the RI Foundation and \$25 to Polio Plus. Use this QR code to make your donation today!

**District 6690 Fall Assembly**

Rotary District 6690 | THE MAGIC OF ROTARY

*Do You Believe in Magic?*  
Seeing is believing when you witness the magic...
