Meeting Recap - August 12, 2021

The August 12 Rotary Club of Louisville meeting featured Geoff Marietta, PhD, Founder of Harlan County Beer. Dr. Marietta's presentation was entitled 'The Triple Bottom Line of Investing in Eastern Kentucky and Rural America.' His passion was clearly evident as he expressed his personal investment commitment to eastern Kentucky, and what a real difference that it is making for citizens who live there.

His presentation included statistics of demographics, what different generations look for when applying for a job, what millennials really

care about, and the fact that rural America is a great investment. In addition, he described the investment opportunities in Harlan County that are available to take advantage of existing trends. Geoff also attributed Gill Holland, who he considers his mentor, for his added experience, wisdom and knowledge that has been very beneficial toward their success.

Thank You, Habitat for Humanity Volunteers!

It was a great turnout at the build project on Saturday, August 14! A special Thank You to the 18 Rotarians and family members who came out to help paint and install most of the siding on the new house being built for a young mother and her family. It was great to have the sons of Jeremy Vokurka (Max) and Craig Mooney (Nick) to join the group. Many shared comments of how much they enjoyed being there ... the weather was agreeable and much work was accomplished, so it was a great day!

The homeowner was present, and she was clearly excited and most grateful for all that was done to help get her closer to a move-in date. For those of you who would like to join us for a future workday, there will be another

opportunity in September or October (date tba) to work on the inside of the house. We hope that you will join us then.

A River Runs Through It

By Gail Story

As the doors of opportunity opened during 2020-21, Districts 6710, 6060, 6460, and 6510 came together to begin a journey down the Ohio River. The result is a multi-District service opportunity led by us in District 6710. The journey will begin on September 27, 2021 as we Serve to Change Lives.

The American Queen Steamboat Company and Rotary have partnered to begin community service outreach and develop a lasting relationship in our service effort within the 7th Area of Focus the Environment. Under the leadership of District 6710 Community Service Chair Bernie Strenecky, we will be working to save the river and planting friendship trees along the way for environmental effects and community beautification.
