December 12th Meeting Recap:

WAVE 3 News anchor David Mattingly told Rotarians how to protect themselves from "Fake News" which he stated is a global problem that threatens democratic elections and destabilizes governments. David shared his unique perspective on the problem and revealed his simple test that is guaranteed to help Rotarians tell the difference between what is "fake" and what is truly "news." David ended his presentation by seeing if Rotarians could put their new knowledge to the test by spotting the "fake" headline.

About Amy Hess and her presentation:

In September 2018, Amy S. Hess was appointed as Executive Director of the FBI's Criminal, Cyber, Response and Services Branch. In this role, she oversees all FBI criminal and cyber investigations worldwide, international operations, critical incident response and victim assistance.

At the December 19th Rotary meeting, Ms. Hess will examine the resiliency of the FBI as an American institution and how they partner with their communities to build resilience before, during, and after a crisis event. Effective organizations like the FBI, must adapt to changing environments and implement strategies to mitigate risks and optimize outcomes.
