### Rotary Meeting Recap- May 30, 2019

Kentucky Education Commissioner Dr. Wayne Lewis discussed education in the state to include the progress that has been made as well as the necessary gains that must be achieved. He referenced free education in the state, and how it is not utilized as much as it should be.  As a state, we

have a lot to be proud of with our public education system, but we have some significant challenges ahead of us," Lewis said.

"It takes direct engagement and participation with clubs like the Rotary Club," Lewis said. "It also takes folks like the people in this room to engage in the policy-making process, because a lot of the changes that we're talking about, that are needed to create a more equitable system, they will require policy change."
