August 2 Meeting - Field Trip to Loyal Drums

President Jamie presided. Our host David Loyal gave club members a tour of his business and explained the processes in the drum making. District Governor René was surprised and pleased after realizing she had a tie to the academy for which the company was crafting a drum.

David showed the group some antique drums from the 1700's, and shared interesting information about how antique drums were made and how they are currently made.

Club members were captivated by all he had to share. They toured through other rooms, including the leather room. The meeting finished with lunch at El Viejon! Good times! David took the time to join us at lunch.

Save the date!
