Our very own Richard Rankin is the new director of the Interlaken Wildlife Center, a 2000-acre nature and hunting preserve in Cameron, SC (forty minutes south of Columbia). The mission of IWC is to connect people to nature through outdoor recreation, education, and shooting and hunting sports. Richard will be sharing some fun stories about their four programs: an apprentice program that trains wildlife managers, a clay shooting course where Calhoun County High School practices, a quail shooting preserve, and an outdoor education program for elementary age children, which is being developed. If you love the outdoors or are just curious about the Wildlife Center, you'll appreciate learning about their activities and mission.
