Tonight's program is a brief history of cement, and ABI's history and capabilities providing cement to all of Alaska.

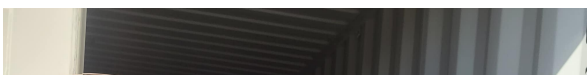

Kris Shippen moved to Alaska in 2007 and completed a bachelor's degree at UAA in Natural, Environmental, and Geological Sciences. He worked as a fisheries biologist between 2009 and 2014 on remote projects throughout Alaska. Between 2015 and 2019, he worked for an environmental consulting firm on soil, groundwater, and biological contamination cleanup projects in both metropolitan and remote parts of Alaska.

In 2019, Mr. Shippen began working at Anchorage Sand & Gravel as operations manager of their soil remediation division. Since 2019 Mr. Shippen has assumed the roles of Environmental and Safety Manager in addition to Operations Manager of both the soil remediation division, Alaska Soil Recycling, and the cement division, Alaska Basic Industries. Mr. Shippen is an avid outdoorsman and enjoys spending time with his wife and two sons experiencing the wilderness and activities that Alaska has to offer.

Kids Don't Float loaner board materials have arrived

Thank you to [Jack Timm](#) and [Philip Horton](#) for taking delivery of and storing all the materials for the next few Kids Don't Float loaner boards in the club's connex.

An ongoing shout out to Denali Refuse for letting us keep a connex stored on their lot!

Fun! Fun! Fun! Lil Su Classic Float and River Cleanup + BBQ

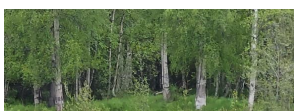

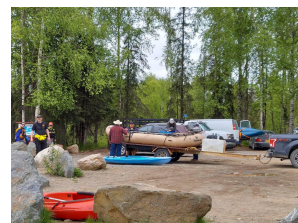

Susitna Rotarians, friends and family were out in force for the annual Lil Su Classic Float and River Cleanup followed by a BBQ at the Lil Su Rotary Park and Pavilion in Houston.

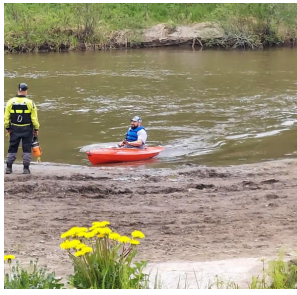

Thank you to Jack Timm for organizing the overall event. A big shout-out to MatSu Water Rescue for supporting the event and making sure all floaters were safe. Jack and Aaron also get credit for floating the river two days in advance with their chain saws and taking out the sweepers.

Once again, Denali Refuse graciously provided a flat bed truck with rails to transport the kayaks and canoes as well as a dumpster to collect the trash at the end.

So many volunteers worked on planning, buying groceries, cooking, putting up signs, opening the Josh the Otter story trail, moving people and boats, floating, picking up trash, and ensuring that everyone had a nice time. Thank you to EVERYONE for making it a big success!

Photo credits to: Deb Waisanen, Jack Timm, Kathy Timm, Christian Hartley, Sami Aarthun and anyone else that contributed photos.

June 12th: Jules Tileston, Icelandic Snippets

Jules Tileston, Icelandic Snippets

Wednesday, June 12th, 2024 6:00pm

Meet in Person at

Everett's at The Mat-Su Resort

Via Zoom at

<https://us02web.zoom.us/j/5415605940?pwd=ZFJWK1lZbnJSTHpaOGY1KzErbTlVdz09>

Join Jules Tileston on a 12-day photo safari to Iceland during late June 2023. Visit Reykjavik, Iceland's 1st National Park and highlights along the 830-mile-long Ring Road, a day of Whale Watching and visits to an ice cave and Atlantic Puffin rookeries. One of the reasons for the trip to Iceland was to see if it would be a special place to celebrate his 70th wedding anniversary last August. The places in Iceland are magical, but walking requirements were more than they both desired. So --- they opted for a family trip to the Canadian Rockies instead.

Jules is a long-time member of the Anchorage International Rotary Club and previously was a member of the Anchorage East and Anchorage Hillside clubs. Jules is married with 3 grown daughters and 2 granddaughters. Jules often refers to himself as "Mr. Peg" since more people know his wife, Peg. The family moved to Anchorage in 1972 when Jules was selected to lead the Wild River Studies in Alaska that were later incorporated into the Alaska Natural Interest Conservation Lands Act (ANILCA). Subsequently, Jules was employed by BLM and the Department of Natural Resources in multidisciplinary management roles. Upon retirement as a government bureaucrat, Jules consulted on environmental permitting for a variety of oil and gas, transportation, and mining projects in Alaska.

Jules has had a love affair with photography, starting with a high school graduation present of an Argus C3 that has progressed to his current mirrorless Canon and iPhone setups. Fortunately, he has been able to sharpen his photographic skills as part of his various jobs with the Department of the Interior throughout the lower 48 States and here in Alaska. Now it is just for "fun". Jules enjoys sharing his images through slide-talks such as the one given to Susitna Rotary Club on "Polar Bears and Wild Horses" on July 6, 2016.

June 19th: James Grogan, Museum of Alaska Transportation & Industry

James Grogan, Museum of Alaska Transportation & Industry

Wednesday, June 19th, 2024 6:00pm

Meet in Person at

[Everett's at The Mat-Su Resort](#)

James Grogan (no relation to Rob and Lanissa Grogan) will be giving an overview of Alaska's largest museum. The Museum of Alaska Transportation and Industry (MATI) was established to give a home to the transportation and industrial remnants of Alaska's series of booms and busts. It helps to tell the stories of the people and machines that opened Alaska to exploration and growth.

Spring 2024 Raffle: Matsuri Safari!
