January 10, 2024 Meeting | Amber Hanes-Miller | Life Flight

This week's meeting is one you will want to bring a friend or business contact to, because who doesn't want to hear about a new and successful service business in our community? Amber Hanes-Miller is the Community Outreach Coordinator for Life Flight Network and performs community engagement throughout Idaho, Washington, and Montana. She began the job in 2014 with a background spanning marketing and international PR in multiple settings and industries.

Life Flight Network's industry-leading flight crew opened a base at Bowerman Airport last April with both fixed and rotor wing aircraft. The sound of their flights are now a commonplace and reassuring sound. The new base, part of their continued effort to expand rural access to critical air medical resources, provides lifesaving care to Washington's western peninsula and our surrounding communities.

The base is staffed with highly trained pilots, flight nurses, flight paramedics and mechanics. Within the aircraft's state-of-the-art medical interior, the flight crew operate a mobile intensive care unit, with the ability to perform a multitude of highly skilled medical functions during transport.

The new base, an example of Life Flight Network's investment in the communities they serve, will infuse nearly \$2M in economic impact to the area, creating approximately 20 new jobs.

Membership Meeting Lunch Information

Lunches are catered on odd numbered months by Duffy's and even numbered months by The Jitter House. There will be a dozen sack lunches including beverages available at the new cost of \$20 on a first come first served basis. Beverages without lunch are \$1.
