Today's Speaker

Cathy Burnell **Rotary District Grant Chair**

Alongside a career spanning 30 years in Product Design, Rotary became my niche for Philanthropy and Community Service. It is an honor to be of service to our local and international communities, especially as Rotary District Grant Chair. The amazing million-plus network of Rotarians worldwide make the world a better place through Service Above Self.

My continuing administrative role in BKiClean Environmental Services began in 2011, developing safety and procedural manuals, and providing HR and accounting coordination. Our client's satisfaction and security are the key to our success.
