Youth Exchange

rotary youth exchange

The Youth Exchange Committee is excited to share 2 things with our Rotary Club:

1. We are hosting two great students starting in August this year and have first host families for them both. We are still looking for other host families. We intend to have students hosted in 3 different homes each across the school year. So there are ample opportunities for other families to join in for hosting Jesper, a Dutch boy or Janice, a Taiwanese girl, in the winter or spring of 24-25 school year.
2. Even if you don't want to host a student in your home you can still participate in the Youth Exchange. I will pass around a sign up sheet for your "Leavenworth Bucket List" of activities every exchange student should be sure to do while they're with us in Leavenworth. If we all think about our favorite things to do in Leavenworth and make a plan to do that thing with each of our exchange students next year, we will have the foundations of a great experience for these kiddos.

Thank you!

News From Co-President Kiffen

Hi Rotary family,

I address you as such, because that's what we are. A family of friends and co-workers that have the same heart and purpose, to help others in our community and the World. We can only do this if we get to know each other and feel good about sharing and listening to each other's thoughts and ideas. We have the opportunity to get to know our new members and include them in our committees. They will add a lot to our purpose and goals.

Last week Deb Schnellman shared International President Stephanie Urchick's title of our 24-25 Rotary motto, "The magic of rotary"

I would like to share it again for the ones that weren't able to hear it.

International Rotary President, Stephanie Urchick, at the time was a member of the Rotary Club of McMurray, Pennsylvania, USA, said she saw the magic of Rotary on display when she was helping install water filters in the Dominican Republic. Two boys were watching as dirty water entered the filter, then ran out clean at the other end. "One of the boys grabbed my sleeve and said, 'Show me the magic again,'" she said. "Obviously, the water filter wasn't magic. We worked hard to transport those filters, install them, and work with community leaders in the area to maintain them. But those boys knew that easy access to clean water would change their lives. Knowing that I played a small part in that certainly changed my life."

I believe The Magic of Rotary will change all of our lives, if we can work hard together in mutual respect, commitment, and the joy of watching our efforts that will make "The Magic of Rotary" happen right here in our club, our community and our world. The tasks aren't always easy, but they are important to others. Isn't that what we are all about?
Service above self.

Let's make the magic happen.

Co Pres. Kiffen Fishburne
