## Rotary Dues - Couple Discount Explained

Due to some confusion about how the couple's discount is applied for the 2024-2025 Rotary year, here is the "couples discount" explained:

**Who is eligible:** A couple that are cohabitating and are both active members of the Leavenworth Rotary Club.

**Amount of Discount:** The discount is 20% off dues for both members. This year, a couple will be charged \$416 for dues, rather than the \$520 they would pay without the discount. The amount charged is 20% off the full amount of \$520, for a discount of \$104 per couple.

Hope this helps answer your questions!

## Program This Week

We will be hearing from two of our Rotary Youth Exchange members this week:

**Nevada Allen**, will be our outbound student this year.

*Hello! My name is Nevada Allen, I am 16 and I have lived in Leavenworth for the past 13 years. For my junior year, I will be this district's outbound student going to Antwerp, Belgium. I am so excited, and so grateful to the Wenatchee Rotary club and the Leavenworth Rotary club for all the help they have given me through this process! Thank you!*

**Reese Mathers** will be doing a presentation about her year abroad in Germany.

## Thank You to our Speaker Last Week!

???????Last week, **Lupe Brito** presented her classification talk. She had a unique perspective on growing up in Leavenworth, and graduating from CHS. She has worked hard for her many successes, from being chosen to study abroad in Costa Rica, to being the first in her family to receive a college degree.

## News From Co-President Kiffen

Hello Rotary family,

I was reading our August Rotary Magazine, on pg. 18 & 19, there was a fascinating article about "People of action around the globe". It really inspired me to see what other clubs are doing.

1. Belize City, renovating a school and a park as part of its Youth-focused agenda.
2. The club of Columbia, purchased about \$600 of school supplies and delivered 100 sets of notebooks, pencils, pens, erasers, sharpeners and more to students

around the city.

3. Liberia, with financial support from the Rotary Club of Loveland, Colorado helped train 200 young women to establish microenterprises to make and sell reusable sanitary pads and address the high, recurring cost of pads that makes them out of reach for many families that struggle to make ends meet, that leads thousands of girls to miss classes so often that they eventually drop out of school.

It was a very interesting and inspiring article! it made me wonder, how many of our members take the time to read this magazine and broaden our horizons of what we might endeavor to do or join another club to reach out into the world to help those less fortunate than we are.

I for one often find myself rather complacent sometimes about others that are less fortunate than myself. That's one reason I love Rotary and the Rotary magazine that helps me see past myself, to a world that needs us. Don't get me wrong, I am proud of the things we do and the work we put in to help here at home, but when I read articles like this, I find my heart and mind hungering to extend my boundaries and reach out beyond myself. I hope you take the time to read our magazine and be inspired too.

"He profits most who serves best"
