LAST WEEK'S PROGRAM

Jerry Pugh invited Sallijo Evers, Comprehensive School Safety Coordinator with ESD 101, to share what's being done in the schools to assure optimum safety standards. There is a lot that goes into the program, including comprehensive standards, designated safety officers, extensive training and regular emergency coordination meetings. The program also covers such things as reducing bullying and intimidation in the schools. For anyone with a child or grandchild in school, it was a reassuring message that every reasonable step is being taken to assure a safe and welcoming environment for our kids.

Someone once told me, "GO FOR BROKE!"
I'm happy to report that I succeeded.

Every morning during our coffee break, my co-workers and I listened to the culinary disasters of a newlywed colleague. We then tried to share some helpful hints and recipes. One day she asked us for step-by-step instructions on cooking sweet potatoes, one of her husband's favorites. "I've finally been able to make them sweet," she said, "but how do you make them orange?"

Just read that there's a small island off the coast of Italy with 5 million Sicilian people. That's the biggest number I've ever heard.

Sherry is walking through the zoo when she notices Bill throwing \$10 bills in the monkey cage. Curious, she walks closer and asks, "Bill, what are you doing? Why are you giving the monkeys money?"

"The sign by the gate says it was okay," he replies.
Sherry looks at him quizzically, "It did?"

"Yes, it said, 'Do not feed. \$10 fine.'"
