Resurrected Rabbit...

A man was driving along the highway, and saw a rabbit hopping across the middle of the road. He swerved to avoid hitting the rabbit, but unfortunately the rabbit jumped in front of the car and was hit. The driver, being a sensitive man as well as an animal lover, pulled over to the side of the road, and got out to see what had become of the rabbit.

Much to his dismay, the rabbit was dead. The driver felt so awful, he began to cry. A woman driving down the highway saw the man crying on the side of the road and pulled over. She stepped out of her car and asked the man what was wrong.

"I feel terrible," he explained, "I accidently hit this rabbit and killed it."

The woman told the man not to worry. She knew what to do. She went to her car trunk, and pulled out a spray can. She walked over to the limp, dead rabbit, and sprayed the contents of the can onto the rabbit.

Miraculously the rabbit came to life, jumped up, waved itâ€™s paw at the two humans and hopped down the road. 50 meters away the rabbit stopped, turned around, waved and hopped down the road, another 50 meters, turned, waved, and hopped another 50 meters. The man was astonished. He couldnâ€™t figure out what substance could be in the womanâ€™s spray can!!

He ran over to the woman and demanded, "What is in your spray can? What did you spray on that rabbit?"

The woman turned the can around so that the man could read the label. It said: "Hair spray. Restores life to dead hair. Adds permanent wave."
