4 Way Test - Of the things we say, think or do:

1. Is it the Truth; 2. Is it Fair to all Concerned; 3. Will it build Goodwill and better Friendships & 4. Is it Beneficial to all concerned?

Club Business:

1. **Dues are Due:** Cheques or e-transfer work just fine.
2. **Venue:** Our dues are paid at the CDCC for room rental for 1 more year.
3. **PETS: Matt Maddess** has agreed to become our Vice President and will attend this year's PETS in Seattle. **Scott** would (of course) like him to take on the President Elect portfolio after this learning experience in Seattle.
4. **Controller: Casey Messinger** will be away on his annual spring vacation beginning February 15th. and will return March 26th. We therefore need someone to volunteer to take over the Controller's duties for this time frame. If you are able to cover, please let **Casey** or president **Scott** know.
5. **Burns Park: Bill Pfeifer** has met with **Ferd** (representing the town) in regards to the new washrooms to be built at Burns Park. Plans are complete. **Ferd** will pass on the individual contractors prices for electrical, plumbing etc when they become available. **Bill** is thinking that this may be an opportunity for us to take on a portion of this project. Will be discussed through the normal channels.
6. **Morning Breakfast: Garry Fuhr** and others complemented **Patricia Colwell** for a job well done.

Program: by Howard Colwell - Leslie Taylor - 2024 Legion President

- **Our Mission:** is to serve veterans, including serving military and RCMP members and their families, and to promote Remembrance, and to serve our communities and our country.
- To that end, we hold many functions during the year. Proceeds go to charities benefitting our community such as: Creston Hospice Society - Creston Food Bank - Angel Flights - along with others. We also provide scholarships and bursaries to local students.
- Functions/fundraisers are such things as: weekly Friday Night meals, and Meat Draws on Saturdays. Monthly things such as Tuesday pancake breakfasts. PS: thank you for your donation of the new coffee maker - we can now provide HOT coffee. A recent "special function" was our "Almost New Years" gathering which was held on December 30th. We are happy to say that it was a sold out affair.
- Coming Soon -
 - Friday January 26th - Robbie Burns Night 5PM - \$20
 - Saturday January 27th - Meat Draw 2:30PM
 - Monday January 29th - General Meeting 7PM - Hall
 - Friday February 2nd - Burger & Bev \$15 or \$13.50
 - Saturday February 3rd - Meat Draw 2:30PM
 - Friday February 9th - Steak Night
 - Saturday February 10th - Meat Draw
 - Sunday February 11th - Pancake Breakfast
 - Sunday February 11th - *Souper Bowl* - attendees are invited to bring a soup to be judged by other attendees.
- There is a calendar as you go in the door.
- New executive is bringing the web-site up to date.
- To attend Legion functions you do not have to be a member, but a member must sign you in - bar staff can assist if you do not have a member with you.
- To join the Legion, you do not have to be military or RCMP. Cost is \$50 per year. Members get 10% off except for catered meals.

Birthdays & Anniversaries:

- January 26th. - **Dorothy Pfeifer** celebrates a birthday
- January 29th. - **Gin and Bob Bergman** celebrate an anniversary

Queen of Spades Draw: Brenda Van Der Meer unfortunately drew the 7 of spades.

Happy Bucks: Garry Fuhr collected

Adjournment: 7:45 AM

Amazing Fact

After digging to a depth of 10 feet last year outside Buffalo, New York, scientists found traces of copper cable dating back 100 years. They came to the conclusion that their ancestors already had a telephone network more than 100 years ago.

Not to be outdone by the New Yorkers, in the weeks that followed, a Los Angeles, California archaeologist dug to a depth of 20 feet somewhere just outside Oceanside. Shortly afterward, a story in the LA Times read, "California archaeologists, reporting a finding of 200 year old copper cable, have concluded that their ancestors already had an advanced high-tech communications network a hundred years earlier than the New Yorkers."

One week later, a local newspaper in Saskatoon, Saskatchewan reported, "After digging 30 feet deep in his pasture near the community of Kindersley, Saskatchewan, Ole Olson, a heck of an engineer and a self-taught archaeologist, reported that he found absolutely nothing. Ole has therefore concluded that 300 years ago, Saskatchewan had already gone wireless."

Just makes a

person proud
to be from
Saskatchewan!
