### 4 Way Test

Of the things we say, think or do:

1. Is it the Truth; 2. Is it Fair to all Concerned; 3. Will it build Goodwill and better Friendships & 4. Is it Beneficial to all concerned?

### District Business

1. <https://youtu.be/kBEp9GDyBNw> message from District Governor Linda Bauer.

- Linda is cruising around Canada
- District 5080 is looking for volunteers, if you can help with District business, contact Linda.
- Linda's message was about literacy.

### Club Business/Business Meeting

- September 20<sup>th</sup> is when Linda Bauer will be attending our meeting. The executive will be meeting with Linda on Monday, September 19<sup>th</sup>, the day after the Drive Fore Rotary.
- **Bill Pfeiffer** has started selling wood orders. So far, 48 cord have been sold. The date for delivery is October 1<sup>st</sup>. Save the date to help out.
- **Bill Pfeiffer** is looking for someone that has a booth in the Fall Fair to sell cords of wood. If you know of someone that will allow us to sell our firewood, let **Bill** know. Also, **Bill** wants to sell the firewood at the Farmer's Market. **Michael Wigen** knows of someone that has a booth at the Farmer's Market.
- There will be 3 cord of wood in the Drive Fore Rotary - Virtual Auction.
- The Summer social will be a Fall social. Maybe late September or October.
- It was brought to the executive that we should move back to club members being responsible for programs on a rotating basis. This engages our members to become involved more in the club.
- There is an easel that was created with all of the projects that we have done and would be a great feature at the Drive Fore Rotary. **Rick Minnicelleo** believes it is in storage and will locate it.
- There was a suggestion that a motion be made to donate to the Breakfast programs at all 3 public elementary schools in the local area since we will not be donating our time. **Robert Geddes** made a motion to donate \$500 to each program. **Casey** believes that the existing funding for the Breakfast programs comes from the Government and if we donate, it may affect the funding received. It was suggested that we table this motion until this is determined. Motion tabled. Maybe **Jason Meidl** can advise on this.
- **Howard** and **Pres. Gin Bergman** will be working on a better virtual system for the meetings.
- Financial Report: **Greg Baker** advised that we have about \$56,000 in funds.

Anniversaries: None

**Queen of Spades: Pres. Gin** drew the 3 of diamonds.

**Adjournment:** 7:55 am

**Next Week** – T.B.A.

1. She was in the bathroom, putting on her makeup under the watchful eyes of her young granddaughter, as she'd done many times before. After she applied her lipstick and started to leave, the little one said, "But Gramma, you forgot to kiss the toilet paper good-bye!" I'll probably never put lipstick on again without thinking about kissing the toilet paper good-bye.

2. My young grandson called the other day to wish me happy birthday. He asked me how old I was, and I told him, 80. My grandson was quiet for a moment, and then he asked, "Did you start at 1?"

3. After putting her grandchildren to bed, a grandmother changed into old slacks and a droopy blouse and proceeded to wash her hair. As she heard the children getting more and more rambunctious, her patience grew thin. Finally, she threw a towel around her head and stormed into their room, putting them back to bed with stern warnings. As she left the room, she heard the three-year-old say with a trembling voice, "Who was THAT?"

4. A grandmother was telling her little granddaughter what her own childhood was like. "We used to skate outside on a pond. I had a swing made from a tire; it hung from a tree in our front yard. We rode our pony. We picked wild raspberries in the woods." The little girl was wide-eyed, taking this all in. At last she said, "I sure wish I'd gotten to know you sooner!"

5. My grandson was visiting one day when he asked, "Grandma, do you know how you and God are alike?" I mentally polished my halo and I said, "No, how are we alike?" "You're both real old," he replied.

6. A little girl was diligently pounding away on her grandfather's word processor. She told him she was writing a story. "What's it about?" he asked. "I don't know," she replied. "I can't read."

7. I didn't know if my granddaughter had learned her colors yet, so I decided to test her. I would point out something and ask what color it was. She would tell me, and she was always correct. It was fun for me, so I continued. At last, she headed for the door, saying, "Grandma, I think you should try figuring out some of this stuff for yourself!"

8. When my grandson Billy and I entered our vacation cabin, we kept the lights off until we were inside to keep from attracting pesky insects. Still, a few fireflies followed us in. Noticing them before I did, Billy whispered, "It's no use, Grandpa. Now the mosquitoes are coming after us with flashlights."

9. When my grandson asked me how old I was, I teasingly replied, "I'm not sure." "Look in your underwear, Grandpa," he advised. "Mine says I'm 4 to 6."

10.. A second grader came home from school and said to her grandmother, "Grandma, guess what? We learned how to make babies today." The grandmother, more than a little surprised, tried to keep her cool. "That's interesting," she said, warily. "How do you make babies?" "It's easy," replied the girl. "You just change 'y' to 'i' and add 'es'."

11. "Give me a sentence about a public servant," instructed the teacher during a lesson. One small boy wrote: "The fireman came down the ladder pregnant." The teacher took the lad aside to correct him. "Don't you know what pregnant means?" she asked.

"Sure," said the young boy confidently. "It means carrying a child."

12. A grandfather was delivering his grandchildren to their home one day when a fire truck zoomed past. Sitting in the front seat of the fire truck was a Dalmatian dog

The children started discussing the dog's duties.

"They use him to keep crowds back," offered one child.

"No," said another, "he's just for good luck."

A third child brought the argument to a close. "They use the dogs," she said firmly, "to find the fire hydrants."

13. A 6-year-old was asked where his grandma lived. "Oh," he said, "she lives at the airport, and when we want her, we just go get her. Then, when we're done having her visit, we take her back to the airport."

14. Grandpa is the smartest man on earth! He teaches me good things, but I don't get to see him enough to get as smart as him!

15. My Grandparents are funny. When they bend over, you hear gas leaks, and they blame their dog.
