- Buildings have been flattened and hospitals already under strain from COVID-19 are overwhelmed.
- Recent reports have confirmed that more than 80,000 homes have been destroyed or damaged after a 7.2 magnitude earthquake struck Haiti on August 14, 2021.
- Haiti was hit by Tropical Storm Grace, which passed over the earthquake's epicenter last week. It brought almost 10 inches of rain, which could trigger flooding and deadly mudslides.

Communities who have lost their homes to disasters like these urgently need your support. Please donate and bring hope to a family today.

Your Rotary Story Slam

Brian joined Lake Oswego Rotary in 2010. For the past ten years, he's overseen the Club's scholarship program as a member of the Youth Services committee. In addition to his scholarship work, Brian has also served as Co-Chair of SASEE, the Rotary-sponsored awards program that honors people in the community who have made significant contributions to education. At Monday's meeting Brian discussed three of our current Rotary scholars (Sofia Tosoni, Hayley Lindsay, and Sadie Fashana) and will bring us up to date on the SASEE Awards, which were presented this year on video.

Brian is a graduate of the University of Missouri and has had an entire career involved in Sales, Marketing, and Communications. In 2008 he founded Maximized Philanthropy Auctions which raises money for Non-Profit groups including charity, school, and fund raisers through Benefit Auctions. Brian and his wife, Carmen, have two sons, Jeremy and Jordan. They also have a ten-month-old grandson, Elliott Tennessee Bice. Thanks for your commitment to Lake Oswego Rotary and the causes you are passionate about!
